## TO CONFER WITH SCHOOL TRUSTEES

City Council and Board of  
School Trustees Will Hold  
Conference Over Question  
of General Increase in Sal-  
aries.

The principal business transacted  
meeting was the passing for payment  
of accounts contracted during the  
past month, totalling \$7,669.89, and  
the decision arrived at by the alder-  
men to meet the Board of School  
Trustees for a discussion of the ques-  
tion of a proposed increase in the sal-  
aries of the teaching staff of the  
local schools.

In connection with the last named  
subject the appended communication  
was received from Mr. S. Gough, sec-  
retary of the School Board:

Gentlemen.—The Board of Public  
School Trustees of this city has directed  
me to communicate with your hon-  
orable body, regarding the salaries  
of the teaching staff of this city.

It has come to the notice of the  
members of the Board of School  
Trustees that the wages of the City  
workmen have been increased by the  
Municipal Council, while these  
wages were not subject to any cut  
on the rate paid during the year  
1915.

Under these circumstances the  
members of the Trustee Board would  
like to restore the school salaries to  
the former figures, and respectfully  
request that the Municipal Council  
may be pleased to grant an addition-  
al sum to the general school esti-  
mate, to enable them to place the sal-  
aries at the rate they were during  
the year 1915. It is estimated that  
the sum of \$340 additional to the  
general school estimates will be suf-  
ficient for this purpose during the  
remainder of this year.

I have the honor to be, gentlemen,  
Your obedient servant,  
S. GOUGH,  
Secretary.

It was the general feeling of the  
meeting—that if the salaries of the  
teachers were advanced it would  
mean an increase in the salaries of  
civil officials all round, and on mo-  
tion of Ald. Coburn, seconded by  
Ald. Sharp, the communication was  
received and filed and the City Clerk  
instructed to arrange for a meeting  
with the School Board for a discus-  
sion of the question.

The Street Foreman reported an  
expenditure in wages during the past  
week of \$70.20 on streets and the  
Water Works Manager reported an  
expenditure of \$34.61.

Accounts for the month of August  
totalling \$7,669.89 were approved  
for payment, the largest items of ex-  
penditure being as follows:

Public Works	\$625.46
Water Works	\$688.91
City Offices	\$422.25
Police Department	\$444.05
Fire Department	\$346.10
Schools	\$3,140.80
Cemetery	\$102.50
Street Lighting	\$21.00
City Council	\$125.00
Hospital	\$169.75
City Pound	\$80.00

Charities	\$127.35
Interest	\$283.12
Insurance	\$281.37

On motion of Ald. Morton the  
Hired Vehicles Bylaw was reconsid-  
ered and finally adopted.

Ald. Morton was granted permis-  
sion to introduce an amendment to  
the Bylaw.

1917, said amendment being neces-  
sary owing to the coming into force  
of prohibition on October 1st next.  
The bylaw was given the first and  
second readings and will be consid-  
ered in committee at the next meet-  
ing of the Council.

## M. RIBOT CANNOT REFORM CABINET

Paris, Sept. 10.—Premier Ribot  
this evening gave up the task of en-  
deavouring to reform his ministry on  
account of the refusal of the Social-  
ist party to collaborate with him.  
A settlement of the ministerial crisis  
by the formation of a new ministry  
under M. Ribot had been expected  
to-night. M. Ribot, with this idea,  
got to work early this morning and,  
by noon, had conferences with the  
minister of marine, M. Painleve, and  
the minister of munitions, M. Thomas  
all of whom, it was asserted, seemed  
likely to retain their old portfolios.  
M. Ribot had conferences with other  
persons this evening without results.

## STILL POUNDING AUSTRIAN POSITIONS

Since the Beginning of Present Of-  
fensive Italian Forces Have Cap-  
tured 145 Guns From Austrians.

Rome, Sept. 10.—Gen. Cadorna  
continues to press the Austrian forces  
northeast of Gorizia, according to  
a report issued today by the War  
Office here. Yesterday there was a  
great artillery bombardment in the  
south on the Carso front.

Since the beginning of the battle  
the Italian forces have captured 145  
guns.

An official report issued here last  
night said:

"Northeast of Gorizia, in the  
Monte San Gabriele region, the ar-  
tillery battle is continuing without  
cessation.

"On the remainder of the front  
there were the usual patrol actions  
and artillery fire."

Udine, Sept. 9, via Rome and Lon-  
don, Sept. 10.—The fight against  
the heights northeast of Gorizia con-  
tinues night and day during good  
and bad weather. The continuous  
contest seems to the observer to be  
animated by superhuman force, the  
Italians and the Austrians almost  
constantly engaging in hand-to-hand  
encounters. A strange situation is  
brought about by the two armies,  
practically equal in strength, num-  
bers and determination, struggling  
for supremacy in a circumscribed  
area where it is impossible for either  
side to employ more men or artill-  
ery. Losses in the ranks are in-  
stantly filled and thus the contend-  
ing forces remain so balanced that  
victory apparently is almost impos-  
sible for either side. The fierceness  
of the struggle is proved by the fact  
that in 12 hours the Italians attack-  
ed the enemy five times.

## REPORTS CITY FREE OF DISEASE

The members of the City Council,  
sitting last night as Board of Health  
decided to send Health Officer Dry-  
sdale to a meeting of Health officers  
of the Province to be held in Van-  
couver on Wednesday and Thursday  
of this week.

The meeting was also in receipt  
of a communication from the Health  
Officer informing the Board the city  
was free from any quarantinable dis-  
eases during the greater part of  
August and so far in September.

## ISLAND TRIBUNAL LOCATIONS NAMED

Victoria, Sept. 10.—Judge P. S.  
Lampman of the County Court, exer-  
cising the authority given him by  
the Military Service Act, has decid-  
ed upon the location of the twelve  
exemption tribunals that are to be  
established in and around Victoria.

Each tribunal is to have two mem-  
bers. One member will be appointed  
by Judge Lampman and the other by  
the local representatives of the board  
of selection. Dr. J. H. King and Mr.  
R. F. Green, M.P., who will be enti-  
tled to act as soon as their nomination  
has been approved by joint resolu-  
tion of the Senate and House of  
Commons.

While the membership of the tri-  
bunals in Vancouver district has  
been announced by Judge McInnes,  
this has not yet been done in Victo-  
ria. Judge Lampman expects to have  
completed his selection by early this  
week.

There will be five tribunals for  
the filling of claims for conscription  
exemption in central Victoria, and  
there will be one tribunal for each  
of the following localities: Oak Bay,  
Royal Oak, Sidney, Salt Spring Is-  
land, Pender Island, Mayne, and ad-  
jacent islands, Esquimalt and Port  
Renfrew.

Judge Barker of Nanaimo, will ap-  
point a member to each of the tri-  
bunals to be allotted to that part  
of the Island lying north of Judge  
Lampman's jurisdiction, which ex-  
tends as far as Sidney.

Chief Justice Macdonald will soon  
establish for British Columbia a suf-  
ficient number of appeal tribunals  
and will assign to each such tribu-  
nal one judge of any court of this  
province. He will distribute the ap-  
peals to the various appeal tribunals.

It will cost \$10,000 each for every  
American soldier placed on the front  
in the present war.

## RUSSIAN TROOPS ON OFFENSIVE

"Death Battalion" Composed  
of Women Soldiers Defeat-  
ed Huns and Forced Them  
Back in a Southerly Direc-  
tion.

Petrograd, Sept. 10.—The Russian  
troops yesterday took the offensive  
against the German forces in the  
region of Segevald, 32 miles north-  
east of Riga. In certain sectors, the  
statement says, the Russian "Death  
Battalion," composed of women sol-  
diers defeated the Teutons and forced  
them back in a southerly direc-  
tion.

The battle is proceeding between  
advanced German detachments and  
Russian rear-guards, who are hold-  
ing the Burtneks line on the Pskoff  
road.

Sixteen German aeroplanes yester-  
day dropped 40 bombs without  
result in an attack on the Russian  
torpedo boats in the Gulf of Riga.

London, Sept. 10.—A dispatch to  
the Exchange Telegraph from Petro-  
grad, tells of the commencement of  
a partial evacuation of Petrograd.

"People," says the correspondent,  
are hastily leaving the city on out-  
going trains which are filled to their  
utmost capacity and there are tre-  
mendous queues of people at all  
stations.

"The government is taking meas-  
ures to empty the city."

Miss J. Doran will give lessons in  
step dancing at 145 Nicol street,  
Thursday evenings. Terms on appli-  
cation. 63-3t

His Honor Judge William Wallace  
McInnes has resigned his seat  
on the bench to accept the nomina-  
tion of the Liberals of Comox-Alberni  
in the coming federal election. The  
resignation was officially announced  
yesterday morning by His Honor  
Judge Grant at the opening of the  
fall term of the County Court, Van-  
couver.

The Ladies' Aid of St. Andrew's  
Church will hold their annual Baza-  
ar on November 10th. Handker-  
chiefs, aprons, fancy work, candy,  
and home cooking will be on sale,  
and afternoon tea served. Particu-  
lars will appear later. 1t

## CANADIAN SOLDIERS FAVOR CONSCRIPTION

Winnipeg, Man. Sept. 10.—Mayor  
Davidson received the following cable  
from Gen. Steele this evening.

"Canadian soldiers overseas are to  
a man in favor of conscription. Bor-  
den must be backed up. It would be  
ruin to Canada to retire at this  
stage. The proper way to back Gen.  
Currie is to keep his corps reinforced.  
Canada to keep her place as a  
nation with the Empire, must stand  
by the gallant men or be eternally  
disgraced. The result of the Win-  
nipeg convention was apparently  
misunderstood. Empty compliments  
count for little."

announcement should and doubtless  
will pack this popular play-house  
to the doors.

## BAKER WON THE CHAMPIONSHIP EVENT

Dr. Baker of Vancouver won the  
championship shoot held by the Nan-  
aimo Gun Club on Sunday, twenty-  
five shooters taking part in the event.  
Owing to a drizzling rain and a dark  
atmosphere the shooters were con-  
siderably handicapped and as a re-  
sult there were no phenomenal scores.  
Caddom's straight 25 and Eastham's  
straight 15 being the best of the day.

The championship event was at 50  
birds, Dr. Baker winning break being  
45, second place being taken by Jos.  
Tassin of Ladysmith with 44. Messrs  
R. Hoggan, W. Hoggan, Vanderoy  
and Patterson all broke 43.

The high aggregate for the day was  
taken by W. Hoggan with a break of  
110 out of 124. J. Eastham second  
with 106 and C. Martin Jr. was third  
with 103.

In the first 15 singles event of the  
day W. Graham and J. Eastham tied  
with 14 for high. W. Hoggan and F.  
Tattler broke 13. In the second  
15 singles J. Eastham made a  
straight, W. Graham breaking 14 and  
Davis, Vanderoy, W. Hoggan and C.  
Martin, Jr. breaking 13. In the 20  
bird event, W. Hoggan and Carter  
tied with 19 for high. R. Hoggan, J.  
Eastham and C. Martin, Jr. breaking  
18.

The twelve doubles was most in-  
teresting, W. Hoggan carrying off  
the honors with 22. C. Martin, Jr.  
second with 20 and J. Eastham third  
with 18.

It may be interesting to note that  
no less than 22 clay birds were  
thrown during the progress of the  
shoot.

For the Hercules trophy the han-  
dicap shoots for high have been run-  
ning through the season, a very keen  
contest has taken place. W. Hoggan  
succeeded in maintaining his  
lead, and finally won the gold fob,  
which was put up as first prize. The  
silver fob was won by F. Evans who  
took second place, and the bronze  
fob by J. Thompson who was third.

In the "A" class W. Hoggan was  
again victorious, winning the trophy  
for the season while J. Thompson  
was high runner "B" class.

After Lapse of Four Years Local  
Agricultural Society Will Resume  
Annual Exhibitions Today.

Entries closed last night for the  
Annual Exhibition of the Nanaimo  
Agricultural and Horticultural So-  
ciety which will be held today Wed-  
nesday and Thursday, and which  
will be officially opened tomorrow af-  
ternoon at 2 o'clock, by the Hon.  
William Sloan, Minister of Mines.

Entries of live stock, farm and  
dairy produce and particularly of  
preserved foodstuffs have come in  
well during the past few days and it  
is anticipated that when all have  
been placed in their respective po-  
sitions, the hall will contain an ex-  
hibition of which this province may well  
be proud.

Special attention appears to have  
been paid to the work of the ladies  
this year, and some really beautiful  
specimens of their handiwork will be  
on exhibition, while an exhibit of il-  
luminated lettering contributed by  
Mr. Swanson, of East Wellington,  
should arouse interest in an almost  
forgotten art.

Motorists will find much to inter-  
est them. Tom Weeks has secured  
and will have on exhibition, some-  
thing very special in the way of the  
newest types of cars, including the  
very latest 8-cylinder Cadillac, a  
new type of the Dodge car and also  
of that popular little model, the  
Chevrolet.

The Sampson Motor Company will  
also show some of the latest models  
in McLaughlin and the indispensable  
Ford cars, while the show of acces-  
sories for motorists will be as com-  
plete as can be looked for.

There will be a meeting of the  
Western Fuel Company Picnic Com-  
mittee in the ballroom at 7:30  
o'clock Wednesday evening.

## TO TRANSPORT AMERICAN SOLDIERS WITH SAFETY

Washington, Sept. 9.—A joint  
board of army and navy officers  
headed by Captain William R. Shoe-  
maker, of the navy, has been ap-  
pointed to work out a system to be  
employed in getting American troop  
suffaot taot taot taot taot taot  
transports across the Atlantic in sa-  
fety. Necessarily its conclusions and  
recommendation will be regarded as  
confidential. Submarines have made  
an entirely new system of convoy  
regulations necessary. Presumably  
the board will incorporate into the  
new regulations all that has been  
learned by the British and French  
navies in three years of naval war-  
fare as to the best way of protecting  
troopships.

## COAL SHORTAGE SERIOUS

Berlin, Sept. 9.—Theatres will cur-  
tail performances this winter to con-  
serve coal, as the mines' shortage is  
growing to be a greater concern than  
food.

## TEUTON ADVANCE BROUGHT TO HALT

Russians are Offering Strong  
Opposition to German For-  
ces on the Riga Front, and  
Teutons Are on the Defen-  
sive in Roumania.

The Russian government is again  
facing a crisis but apparently with  
his usual "blood and iron" method  
Premier Kerensky has taken vigor-  
ous steps to combat it and to punish  
severely those opposition elements  
who brought it about.

Indications that Kerensky and his  
followers have a good chance quick-  
ly to bring about order is contained  
in a proclamation issued by soldiers  
and workmen's council urging that  
all army and navy organizations  
obey the Provisional government,  
and refuse to adhere to the conspir-  
acy, and asserting that Korniloff  
will be punished for his treachery.

On the northern Russian front the  
Russians are now offering strong  
opposition to the Germans who are  
endeavoring to press their advan-  
tage further eastward from the Ri-  
ga-Dvina line. Thirty-two miles  
northeast of Riga near Segovoid,  
the "death battalion" has even de-  
feated the Germans and forced them  
to retreat to the south while along  
the Burtneks line to the Pskoff rail-  
road the Russian rear-guards are  
giving strong battle to advanced  
Teuton contingents.

In the Russian theatre also the  
Russian and Rumanians again have  
assumed the offensive, delivering re-  
peated attacks with large effectives  
against the Teutonic allied positions  
in the Trotus and Oituz Valleys.

Around Monte San Gabriele Gen-  
eral Cadorna continues to hammer  
away at the Austrian positions. No  
claims to further progress on this  
sector are made by the Italian of-  
ficial communication, but it is an-  
nounced that attempts by the Aus-  
trians in counter attacks have been
