The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure—is and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poisons, marks on Dr. Shoop's labels—and none in the medicine, else it must be by law be on the label. And it's not only safe, but it is said to be by those that know it best, a really remarkable cough remedy. Take your chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by Thos. J. Durick.

Halifax, Feb. 27.—Mr. J. J. Stewart, the editor of the Halifax Herald and president of the Halifax Herald Publishing Co. died at Halifax at an early hour this morning as a result of burns received when a lamp overturned in his room a few days ago.

FORMER AUDITOR—GENERAL DEAD.

Mr. James S. Beek, Auditor-General of New Brunswick from 1867 to 1906, died at Fredericton, Thursday night, of old age, after an illness of several months. Deceased was born in 1814, was ex-alderman and ex-mayor of Fredericton, and a prominent church of England worker. He was thrice married. Two daughters by first marriage are dead. One child, Miss Kate Beek, survives.

CHILD LABOR.

The February number of the "Woman's Home Companion" contains a comprehensive description of Senator Beveridge's national bill to abolish child labor. The Senator tells how he worked in a logging camp at fourteen years of age, beginning before daybreak and ending after dark and the lessons he learned there served as the foundation for his present fight against the horror of child labor. After describing the evil, he adds:

"The worst of it is that pretty soon these children come to age. They feel that they have been robbed in some way—not robbed in money or property, but robbed of life, of health, robbed of intellect, robbed of spirit. And in their undeveloped brains, in their cramped and deformed souls the fires of an unextinguishable wrath begin to burn. They know that a system of industry and a state of society has worse than murdered them. There is your material for anarchy. We hear a good many speeches about the danger of anarchists coming to this country from Europe. The truth is that child labor is creating some two hundred thousand grown-up anarchists of native American blood in this country every year."

Wedderly—"What's wrong, old man? You look as if you had been disappointed in love."

Singleton—"You said it."

Wedderly—"Oh, well, don't let a little thing like that worry you. It might be worse."

Singleton—"I don't see how it could. The girl I am engaged to insists on facing the pylon with me."

SONS OF TEMPERANCE.

Rosefield Division, No. 280, McLaughlin Road, Port Co., has been reorganized by Grand Scribe Hamilton; and temperance people of Coatsville, Kent Co., have determined to reorganize Riverside Division, No. 417. A new Division has been organized at Corn Hill, Kings Co., and that at Hawkshaw, York Co., has been reconstituted.

The early spring number of the Designer has a useful and interesting array of household matter and fiction. The first fifty pages are mainly devoted to the display and description of gowns designed for spring and summer wear, and to the illustration of the accessories that go with them. The end of the book is reserved for articles relating to household affairs, are full of special interest this month.

The Fiction is made a feature in the March number. A continued story by Miles Bradford, author of "Carlotto and I," is begun, entitled "Economy Farm." Also, Edith Parker Johnson, now a resident of Korea, has contributed an interesting article called "An American Garden in Korea." Besides these, there is a story by Edwin L. Sabin and a particularly graceful little poem of Minna Irving's.

Are you one of the up-to-date farmers who contemplate improving their farms by erecting wire fences this season? If you are, we suggest a thorough investigation of the merits of the "Ideal" fence. Compare it with others. Ask those who have put up "Ideal" fences on their farms what they think of it. Read our "Free Booklet" on wire fence, and then we believe you will be convinced that "Ideal" is the fence for your farm.

"IDEAL" WOVEN FENCE

is built to last. It will pay for itself many times over in the years of service it will give. You know "Ideal" fence is heavy and strong—built from No. 6 hard steel wire throughout—thoroughly and heavily galvanized. Remember, it costs no more to make your post holes, set your posts, stretch your fence and staple it when the heavy "Ideal" fence is used than for a light flimsy article. It is worth remembering that "Ideal" is stronger than it is necessary for it to be under ordinary conditions. We have made it strong enough to meet any emergency that it could be called upon to meet. Unruly animals cannot break through. It cannot be raised up from the bottom or pressed down at the top. Extremes of heat or cold do not affect "Ideal" in the slightest. It is a fence perfectly adapted to all climates—it can be easily erected and will retain its appearance on any surface, level or hilly. Last, but of the utmost importance, is the wonderful locking device found at every wire crossing on the "Ideal." It is simplicity itself, but it absolutely locks every lateral wire to every stay in a grip that never slips. It is the most uniformly perfect and positive locking device found on any fence to-day. But, of course, you will send for our "Free Booklet" and learn more about the "Ideal." It will pay you well to do so. Simply address: THE MORRIS-BARWELL FENCE CO. LIMITED, WALKERVILLE, ONTARIO.

Let Me Sell You a
Chatham Incubator
—On Time—

Do you know there is big money in raising poultry? Do you know there is more money in running a good incubator than in almost anything else you can do for the amount of time and trouble it takes? Do you know my incubator will pay you a bigger profit than any other thing you can have on your place?

Well, all these things are true, and I can prove it. Thousands of people all over Canada have proved it every year for the last five years.

I want to quote you a price on my Chatham Incubator. —**ON TIME.** I want to send you my Chatham book. This incubator book is free—I'll send it to you for just a postal card. It tells you a lot you ought to know about the poultry business—it tells you how to make money out of chickens—it tells you how my Chatham Incubator will make you more money than you can make with hens—far more, and with less trouble.

This book tells you how my incubators are made—why they are the best ever invented—and why I sell them **ON TIME** and on a 5-Year Guarantee.

My company has been in business in Canada for over 50 years. We are one of the largest wood-working factories in the country. We also operate a large factory at Detroit, Mich. We have the incubator and brooder business down to a science.

Chatham Incubators and Brooders will make you money, for a Chatham Incubator will hatch a live, healthy chicken out of every fertile egg put into it, in 21 days.

Will you write for my book today? Do it now while you think of it. Just say on a postal card "Please send me your Incubator Book"—that's all. Address me personally.
