Mails—Summer Arrangements.

The Mails for the Neighbouring Provinces, &c., will until further notice, be made up and forwarded as follows:

For Nova Scotia, via Pictou, every Monday and Tuesday, at 12 o'clock, noon.

For New Brunswick, Canada, and the United States, viâ Shediac, every Tuesday and Friday morning, at a quarter past 8 o'clock.

For Newfoundland, every Monday, at 12 o'clock, noon.

For England, Bermuda, and the West Indies, every alternate Monday, at 12 o'clock, noon, viz:

Monday, April 29; May 13, 27; June 10, 24; July 8, 22; August 5, 19; September 2, 16, 30; October 14, 28; November 11, 25.

HOUSE OF ASSEMBLY.

[Continued from our last.]

The House in Committee on the petitions above referred to, was made the order of the day for Tuesday next.

Several of the hon. members absent at the call of the House, appeared at the bar and made their excuses, which were received.

Hon. Mr COLES said as the order of the day had been deferred until Tuesday next, and as there was some information which the House might desire to possess, namely, the number of writs issued for the recovery of the arrears of rent, since the first of May last, he would move that a Committee be appointed to procure this information, with power to send for persons, papers and records.

The motion was agreed to, and the following Committee appointed, viz, Messrs Coles, Thornton, and Sinclair.

Hon. Mr LONGWORTH said the Report of the Commissioners for Revising and Reprinting the laws was on the table, and he rose to move that it be referred to a Committee of the whole House. It was necessary to refer it to Committee for several reasons. The Act under which the Commissioners were appointed would require to be amended to extend the time for them to deposit the laws already printed in certain public offices. The Committee considered it advisable also that the Act should be amended to authorize them to enter into a contract for the printing of the laws according to the style of the Revised Statutes of New Brunswick, or of the Statutes of Canada, instead of that of the printed laws of this Island as provided in the Act. The report also mentioned several Acts which required consolidation, such as the Education Act, which was divided into four or five different Statutes.

The motion was agreed to, and the House resolved itself into Committee on the said Report, Mr Sinclair in the Chair. Some desultory debate then took place on the manner in which the Commissioners had advertised for tenders for the reprinting of the laws, Hons. Messrs. Coles, Hensley and Whelan advocating that new tenders should be called for, if an alteration was made in the Act to the effect that they should be printed in the style of the New Brunswick Revised Statutes or Canadian laws.

Hon. Mr LONGWORTH said it was stated in the advertisement that specifications would be open at the office of Mr Edward Palmer, and those who applied were shown a copy of the printed volume of the laws of this Island, and of the Revised Statutes of New Brunswick and Nova Scotia; and tenders had been received for the printing according to the style of the latter, but the Commissioners had no power to accept any but such as were according to the specification of the Island laws, therefore they had referred the whole matter to the House.

Hon. Mr COLES thought there was no occasion to print the Private Acts with the general Statutes of the Island; it would be better to print them in a small volume by themselves, as he believed was commonly done in the neighboring Provinces. This method would be a considerable saving of expense, as a few copies of the private Acts would be sufficient.

Hon. Mr LONGWORTH remarked that the Commissioners had thought of what had been suggested by the hon. Leader of the Opposition, but they had no power to carry it out. However, if the Charlottetown incorporation Act, the Bank Act, and the Church incorporation Acts had to be printed with the general laws, the other Acts of this nature would scarcely make a volume worth printing by itself.

Hon. Mr HENSLEY said that in Nova Scotia and New Brunswick the local Acts were printed along with the private Acts in a separate volume. If the copies were adapted of printing all Acts of this nature in a volume by themselves, it would effect a considerable saving, as he did not see that it was necessary to furnish these laws to the Magistrates in the country.

Mr DAVIES entertained the same opinion. He hoped the expense of reprinting the laws would be reduced as much as possible. Two or three hundred copies of the private Acts would be sufficient.

Hon. Mr COLES said another consideration was that those private Acts did not require to be removed so often as the general Statutes, and might remain, if in a separate volume, though the other laws had to be republished.

Hon Mr LONGWORTH moved two or three resolutions, one of which was as follows:—

"Resolved, That the Act of the 20 Vic. cap. 10, intituled "*An Act to provide for the revising and reprinting of the laws of this Island,*" be amended so as to authorize the Commissioners appointed thereunder, to deposit the laws therein referred to, being the laws printed by the Government Printer in the year 1851, and the Acts passed by the Legislature since that period down to the present Session, inclusive, in certain public Offices in this Island, within a certain limited time after the close of the present Session; also to enable the said Commissioners to enter into a contract for the printing of the laws of this Island, according to the style of the Revised Statutes of New Brunswick or Nova Scotia, or of the Statutes at large, of Canada, instead of that of the printed volumes of the laws of this Island; the said Commissioners being empowered to omit from the volumes of the General Statutes, all local and private Acts, (including Acts of incorporation) and to cause two hundred copies of such private and local Acts to be printed separately; and also to enable the said Commissioners to contract for the binding of the new volumes in a more suitable style than that specified in the Act as it now stands; and also, that the said Commissioners be authorized and directed to call for new tenders for the publishing and binding of said laws."

The resolutions were agreed to, after which the Committee rose and the Chairman reported progress.

House adjourned for one hour.

D. LAIRD, Reporter.

AFTERNOON SITTING.

Hon. Mr HAVILAND, by command of His Excellency presented to the House the following message:—

The Lieut. Governor transmits for the information of the House of Assembly, copies of the following Despatches:—

Jan. 23, 1861.—On subject of an Act for better apprehension of certain offenders.

Feb. 23.—Transmitting an order in Council, specially confirming an Act of the local Legislature.

Feb. 23.—Transmitting an order in Council, leaving 35 Acts of the Legislature to their operation.

Feb. 23.—Transmitting an order in Council disallowing an Act of the Legislature for the better apprehension of certain offenders.

Circular—Feb. 5.—Enclosing a copy of a letter from Lord Elcho on subject of National Rifle Association.

Circular—Jan. 31.—Announcing peace with China.

Hon. Mr HAVILAND begged leave to present a letter of the Post Master General, with enclosures having reference to the Post Office department, which were received and read.

The Post Master General stated that during the last year six new Offices were established, and one closed, making at present, in all, 92 Post Offices in the Island.

The receipts for the year from some of these were small. The Office at Skinner's Pond, Lot 1, is maintained at an expense to the Colony of £10 10s4., less amount of postage collected £1 5s. 11d. The Postmasters at Georgetown and Port Hill were entitled to a small grant in addition to their salaries. The Postmaster General of Nova Scotia recommended that the compulsory prepayment of postage by stamp be adopted in Canada, Nova Scotia, New Brunswick and P. E. Island. The Postmaster General here recommended the system in so far as it related to the other Provinces, but thought the adoption of Correspondence posted in, and addressed to places within this Island, would at present cause much inconvenience and dissatisfaction. He recommended that a petition be sent to the Imperial Government for the remodelling of small postage to Great Britain, as the British and Colonial Post Offices, by which a penny stamp at the ends and sixpence only be paid at any Office for any other Office within the Island, and prepaid by stamps, of the following rates:—

For anything less than one pound	£0 0 6
More than one pound and less than two	0 0 9
Two, and not exceeding three pounds	0 1 0

The weight of a parcel not to exceed 3 pounds, nor the size one foot in length or six inches in thickness, not to contain any letters or enclosure or bottle substance. As the contract for conveying the Mails in summer between Charlottetown and the neighboring Provinces would expire in 1862, or 64, he would recommend that the Government advertise for tenders, that parties, if their tenders were accepted, might have time to purchase or build a suitable steamer to place on the route, at the expiration of the present contract. The Postmaster General thought great advantage would be derived by having one steamer to ply between Shediac and Charlottetown twice a-week, calling at Summerside on her way up and down the Straits; and another small steamer to ply between Charlottetown and Pictou three times in each week.

The letter and enclosures were referred to the Special Committee appointed to report on matter connected with Post Offices.

Hon. Mr HENSLEY presented a Bill to consolidate and amend the laws relating to the conveyance of real Estate by married women, during their coverture, which was read a first time and ordered to be read a second time to-morrow.

ELECTIVE LEGISLATIVE COUNCIL BILL.

Hon. Mr HAVILAND moved the 4th order of the day, that the Bill to render the Legislative Council elective, be read a second time. In doing so, he said—This question, Mr Speaker, has been before this House on former occasions. I introduced the measure when a member in the Opposition, when the late Government was in power; also when the present Government came into power, the Bill was introduced and went through Committee, and was printed for general information. In 1859, it would have been useless to have endeavored to carry it beyond the jurisdiction of the lower branch of the Legislature; and the year following the Legislative Council was in a state of turmoil and confusion till late in the Session, when the celebrated coup d'etat occurred, when that body was metamorphosed to a great extent, and made more reasonable than it had hitherto been in reference to measures which originated in this end of the House. It would then have been too late to have attempted to have carried it through this end of the building, for then Her Majesty's Opposition—as they are pleased to call themselves—would have said "you have willing tools at your command now, to go through with the measure." It is necessary, however, to have a Legislative Council so constructed that it can carry measures necessary for the interests of the country. Under the system on which the second Chamber is now constituted it is morally impossible to carry out Responsible Government in its integrity. We are not now attempting to carry this scheme through because it sounds well in theory: we have experienced the evils which have resulted from nominated Chambers. When we came into power there was a majority in that Council opposed to the principles of the present Government. The Government of the day under the present system are sure to fill up vacancies in that Chamber with their own friends.

Hon. Mr COLES.—We did not.

Ayer's Cherry Pectoral.

CRAMP & PAIN KILLER.

THE WORLD IS ASTONISHED AT THE wonderful cures performed by the CRAMP and PAIN KILLER prepared by CURTIS and PERKINS. Its equal has never been known for removing pain in all cases; for the cure of Spinal Complaints, Cramp in the Limbs and Stomach, Rheumatism in all its forms, Bilious Colic, Chills and Fever, Burns, Sore Throat, and Gravel, it is decidedly the best remedy in the world. Evidence of the most wonderful cures ever performed by any medicine, are on circulars in the hands of Agents.

Ayer's Cathartic Pills.

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflamation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA in CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between your child and the relief that will be given to it. Acting contrary to the wishes of others, in a matter of this kind, is not to be thought of for a moment, when the life and health of your child depends upon it. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

JUDSON'S

Mountain Herb Pills.

Always we protect you with a certain remedy, Judson, friend of a class of the things upon which that class relied. Mother. You will find a fulfillment of all he has said for people in our Province and Dominion.

The Discoverer and Manufacturer of "Judson's Mountain Herb Pills," has spent the greater part of his life in medical travelling, having visited every country in the civilized world. He spent over nine years in the Island of Jamaica, and the Island of Trinidad, and it was there that he made the "Mountain Herb Pills" were discovered. A very interesting account of that discovery will be given in the pamphlet to our Almanacs and Pamphlets.

It is an established fact, that all diseases arise from

IMPURE BLOOD!

The blood is the life and when any foreign or unhealthy matter gets mixed with it, it is at once disturbance in every organ of the body. Every nerve feels the poison, and all the vital organs quickly become affected. Judson's Mountain Herb Pills will expel the foul matter from the blood, and thereby create a sufficiency of bile. The action of the heart is quickened, and so the circulation is healed. The lungs become filled with the pure oxygen of the air, and the whole system is made a new thing. Judson's Mountain Herb Pills are the "Elixir of Life—the Fluid of Youth." As Ponce de Leon looked in vain for the fountain, in a place where it was not to be found, so many people look in a few minutes the whole course of their system becomes disturbed, and they are left to suffer from impure blood, when a few doses of Judson's Mountain Herb Pills would have set all right. All the poisons being eliminated, and every obstruction is removed, the hues of life soon flow on in their accustomed course, and health is restored.

These pills not only purify the blood, but regenerate all the secretions of the body; they are, therefore, unrivalled as a

CURE FOR NERVOUS DISEASES.

Liver Complaint, Sick Headache, &c. This Anti-Bilious Medicine expels from the blood the bilious acids of the human, and renders all the fluids and secretions pure and healthy, clearing and reanimating the vital organs.

Pleasant indeed, is it to us, that we are able to place within your reach, in the Mountain Herb Pills, a remedy for Pains, that will pass directly to the internal parts, through the blood, and fluids of the body, and cause the sufferer to brighten with the flush of beauty and health.

Judson's Pills are the Best Remedy in existence for the following Complaints:

Bowel Complaints,	Female Weakness,
Coughs,	Fever and Ague,
Colds,	Fever Complaints,
Chest Diseases,	Diseases of Females,
Colic,	Pills,
Constipation,	Influenza,
Dysentery,	Inflammation,
Diarrhœa,	Rheumatism,
Dropsy,	Asthma,

GREAT FEMALE MEDICINE!

Females who value health, should never be without these Pills. They purify the blood, remove obstructions of all kinds, change the color of all pimples and blotches, and bring the rich color of health to the pale cheek.

☞ The Plants and Herbs of which these Pills are made, were discovered in a very remote part of the world, by the Discoverer, a tribe of Aborigines in Mexico. Get the Almanac of our Agent, and you will read with delight the very interesting account it contains of the "Silver Mexicos" of the Aztecs.

Observe.—*The Mountain Herb Pills* are put up in a Beautiful Vegetable Parchment Covered Box, and sold at 25 cents per box. *All genuine, have the signature of B. L. JUDSON & CO.,* on each box.

B. L. JUDSON & Co.
SOLE PROPRIETORS,
No. 50 Leonard Street,
NEW YORK.

☞ FOR SALE BY ALL MEDICINE DEALERS.

Sold by WM. R. WATSON, Wholesale Agent for the Island.

Also by—T. DesBrisay, & Co., M. W. Skinner, Charlottetown, and by one agent in every Settlement of Wholesale by M. S. Burr, & Co., Boston.

Nov. 7. 1860

HEALTH FOR A SHILLING!

HOLLOWAY'S PILLS.

HEADACHES, BILE, LOSS OF APPETITE AND LOWNESS OF SPIRITS.

These Pills require no interruption of business or pleasure; they act mildly on the bowels, strengthen the stomach, and promote a healthy action of the liver, whereby they purify the blood, cleanse the skin, brace the nerves and invigorate the whole system. Their effect is truly wonderful change in debilitated Constitution, as they create a healthy appetite, correct indigestion, remove bile, giddiness, headache, and palpitation of the heart.

WEAKNESS AND DEBILITY.

In cases of debility, languor, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is to the highest degree tonning, renovating, and restorative. They drive from the system the morbid cause of disease; re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor. They increase the appetite, while they restore perfect digestion to all ordinary food, and release the invalid from restraint to diet.

A WORD TO FEMALES.

There are two periods, especially in Women's life, which require safe passage, judgment and attention. Irregularity is apt at those critical times to take place, and to lay the foundation of future disease. These Pills, safe in action, and effective in result, should be taken at certain periods, and the result will be marvellous both to the young and middle aged. They prevent nervousness, hysterics, dropsy, and a host of similar serious disorders, expelling all impurities from the system, therefore none should ever be without them.

COUGHS, COLDS, AND ASTHMA.

No medicine will cure colds so quickly as these Pills, which of long duration or settled in the chest, or even though it be so as to cause the first stage of asthma, they may be relied on as a certain and never failing cure, particularly if the Ointment be well rubbed into the chest and throat night and morning. If this catch the eye of any asthmatical person so that he or she are able to lie down in bed, let him well use these two preparations for only a week and the result will be marvellous.

BLOOD TO THE HEAD.—DISEASES OF THE HEART.

Most persons die suddenly from illness of the heart that the universal supposition is, in such complaints, the bowels should always be kept well open, as also where there is a tendency of blood to the head. These celebrated Pills purify the blood in an extraordinary manner, and should be taken in copious doses when such symptoms occur, taking care not to overload the stomach, by this means all danger is quickly averted.

CHILDREN'S COMPLAINTS.

It is not generally known, but such is the fact, that children require medicine oftener than their parents. Two-thirds of the children die before they attain the age of eight years. Let mothers then be wise and give to their children, or adopt these invaluable Pills once or twice every week, in such quantity as may suit gently upon the system, take for the space of four hours. For infants a Pill may be crushed and given in a powder in a little water. The grave is filling that are constantly flocking about in the stead of children; the parents of many complaints, to ill they be deprived and the lives of those souls saved and preserved to their parents.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Female Irregularities
Asthma	Fevers of all kinds
Bilious Complaints	Gout
Blotches on the Skin	Head-ache
Bowel complaints	Indigestion
Colics	Inflammation
Constipation of the Bowels	Jaundice
Consumption	Liver complaints
Debility	Lumbago
Dropsy	Piles
Dysentery	Retention of urine
Erysipelas	Scrofula or King's Evil

Sore Throats
Stone and Gravel
Tic-Doloureux, or Face-ache
Tumors
Ulcers
Venereal Affections
Worms of all kinds
Weakness from any cause
&c. &c. &c.

N.B.—Directions for the guidance of patients in every disorder are affixed to each Box.

There is a considerable saving by taking the high sized Pots.
Sept. 20, 1860.

JERRY DAVIS'

Pain Killer

VEGETABLE

Family Medicine!

We call the attention of the public to this well tried and valuable

Family Medicine!

It has been Family Medicine of Canada for more than Thirty Years, and during that time has established a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS,

of settlements, however, they have been entitled sufferers from the very cause of an unhealthy cause, after all the deceptive powers of the day had utterly failed; and to many thousands they have permanently proved that without enjoyment of health, without which life itself is but a painful blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than supernatural to those who were unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and restoring them with renewed care and vigor, that they were indebted for their power.

Unlike the host of pretentious quackeries which teem of vegetable ingredients, the LIFE MEDICINES are purely and entirely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic nor any other poisons, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily effectious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened feces, which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhœa with its imminent dangers. This first is well known to all regular anatomists who examine the human bowels after death; and hence the prejudice of those well-informed men against the quack medicines of the day. The second effect of the VEGETABLE LIFE MEDICINES is to clear the blood and the whole system of acrimony, which, though a volcanic remedy in Jamaica heats, is dangerous in a cold, chilly clime, from the dreadful consequences that frequently follow the inflammation that those humors so generally cause wherever.

Price, 25 cents per Box; or 5 Boxes for $1.

THESE MEDICINES HAVE NOW BEEN before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS,

of settlements, however, they have been entitled sufferers from the very cause of an unhealthy cause, after all the deceptive powers of the day had utterly failed; and to many thousands they have permanently proved that without enjoyment of health, without which life itself is but a painful blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than supernatural to those who were unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and restoring them with renewed care and vigor, that they were indebted for their power.

Unlike the host of pretentious quackeries which teem of vegetable ingredients, the LIFE MEDICINES are purely and entirely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic nor any other poisons, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily effectious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened feces, which collect in the convolutions of the small intestines. Other medicines only partially Cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhœa with its imminent dangers. This first is well known to all regular anatomists who examine the human bowels after death; and hence the prejudice of those well-informed men against the quack medicines of the day. The second effect of the VEGETABLE LIFE MEDICINES is to clear the blood and the whole system of acrimony, which, though a volcanic remedy in Jamaica heats, is dangerous in a cold, chilly clime, from the dreadful consequences that frequently follow the inflammation that those humors so generally cause wherever.

Price, 25 cents per Box; or 5 Boxes for $1.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.

Sold by WILLIAM R. WATSON, Charlottetown, Genera Agent for Prince Edward Island. Also, by—

J. Cundall, West Islands	J. Hayden, Vernon River

P. Lanigan, Irish Town	do.

Oct. 27, 1860.

Ayer's Sarsaparilla.

AYER'S CATHARTIC PILLS.

ARE YOU SICK, FEEBLE, AND COMplaining? Are you out of order, with your system deranged, and your feelings unpleasantable? Then symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should the warning not be timely use of the right remedy, Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease, and all gentle yet searching influence to the body, and eradicate its internal functions. These, if not relieved, react upon themselves and the surrounding organs, producing general prostration, suffering, and disease. While in this condition, experience by the derangements, take Ayer's Pills, and see how directly they restore the natural tone of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common manner, is also true in many of the dangerous and fatal diseases to which we are liable. Prepared by Dr. J. C. AYER & CO., Lowell, Mass., and sold by

ALGOMEN DALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Bilious Fevers.

From Dr. L. C. Gunn of Chicago.

Your Pills have held a long seat in my practice, and I hold them in esteem as one of the best cathartics I have ever found. Their alterative effect upon the liver renders them very valuable remedy, where great prostration would forbid the use of more drastic. Their unsurpassing power over fevers of the bilious character, and their general efficacy in purifying the blood, commend them to my friends.

Rheumatism, Gout, Dropsy, and Scrofula.

From Dr. A. Hamilton of New York.

I have made use of your Sarsaparilla in my practice, and find it to be a most powerful remedy in the cure of chronic rheumatism, gout, dropsy, and scrofula. Many of my patients have been entirely cured by it of these distressing complaints, and I am daily in the habit of prescribing it.

Sold by Druggists everywhere.

AGENTS—T. DESBRISAY, Charlottetown, P.E. Island.
January 26, 1861.
