Would you Accept Skim Milk? When you Ask for CREAM.

NO! You know that all the goodness has been taken out of skim milk!

But do you know that exactly the same thing is happening today with the so-called Molasses, blends and table syrups with which the Canadian market is flooded?

Do you know they are taking 9 pounds of good sugar out of the gallon of cane syrup and selling you the refuse as Molasses! Or mixing it with common glucose for table syrups?

And now it costs no more than molasses!

Plantations, Limited are supplying Canada with the real, old time, whole-sugar Barbados—the pure concentrate of the finest, ripest sugar cane—every barrel branded "Windmill".

Now you know the facts, help in the good cause by demanding the genuine

Windmill Barbados Super-Fancy

Tell your dealer you MUST have "Windmill" Barbados. He sells it in bulk—any quantity! Never in sealed cans or containers. You cannot imprison live Barbados. It would explode!

in solid leather. We have them with single and double soles.

We have a full line of Rubbers in stock. Infants' White Rubbers as well

A New Line of Ladies Red Room Slippers

MacMillan's Cash Shoe Store.

Prince Boom Ends. Bank Review Finds

The National City Bank finds in its monthly survey of business, to be issued that events in September strengthened the general conviction that "the boom period in prices is over and the country is settling down" to conditions more normal than those which prevailed in the last half of 1919 and the early months of 1920. The assertion is made however that business as a whole is moving along in a reasonably satisfactory manner, and any thing like a prolonged period of depression is not looked for.

"There is good buying power in the country yet," the October letter says. "but the keen edge is off; the feeling is that from now on there will be enough of everything to go around and that most things will be cheaper rather than dearer—all of which is good reasoning. War conditions do not last always." The bank finds reason to believe that price reductions have gone about as far as they will in the near future in the industries that have been most disturbed.

"October industries must expect to contribute their share," says the review, "in the general readjustment, and the more readily they do so the better all around. These price reductions have not been reflected in retail prices everywhere, but that, too, is a development on the way and which the enterprising, public spirited merchant will want to hasten."

"There is always difficulty in managing a downward movement. Once confidence in prices is unsettled suspicion is alert. Buyers are wary at any price. It is a mistake however, to think that prices—at least the average of prices—may slump back to anything like pre-war figures. They have almost done so in some lines, but these prices will probably recover a part of the lost ground. There are too many factors in the situation to permit of complete readjustment at once. It will be a time process. The business community does not like the idea of doing business on a declining market, but that is the prospect for some years to come, and business must plan for it."

Strike In Dublin Makes Trouble

Dublin, Oct. 7.—A grave situation is threatened at the port of Dublin. The unofficial strike of firemen and seamen employed by different shipping concerns has resulted in the complete cessation of cattle and goods traffic between Dublin and England. Members of the Irish Transport Union employed by principal firms have received a week's notice, which expires on Saturday. Unless, therefore, the dispute ends by Monday, all sections of ship and quay workers will be involved. There is great congestion of foodstuffs and merchandise and the port may have to be closed.

At first the trouble, which is purely a wage dispute, was confined to the British and Irish Steam Packet Company, but has now extended to others and to-day practically are the Glasgow steamers. Only one boat on the regular cross channel services left the Liffey last night. Two thousand cattle, ten thousand sheep and vast quantities of food and merchandise lie at the north and south walls and the shipping companies have warned exporters to send no further consignments for the present. Ten thousand men were idle on Monday, and nobody can prophesy where the dispute will end.

Catch of Sea-Fish During August Takes a Tumble

(Canadian Press Despatch)

Ottawa, Oct. 5.—The catch of sea-fish of all kinds for the month of August on both the Atlantic and Pacific coasts amounted to 1,006,884 cwts. as compared with 1,145,290 cwts. for the same period last year. The total of the August catch was \$3,647,137 against \$4,506,143 last year.

The smaller catch this year is due to a large drop in the aggregate landings of cod, haddock, hake and pollock on the Atlantic coast. The catch of these fish in August amounted to 260,000 cwts. against 498,754 cwts. in August, 1919. A shortage of bait and a less active demand with lower prices contributed and resulted in the curtailment of fishing operations.

Compared with the same month last year the herring catch was greater by 24,000 cwts., and there was a slight increase in the mackerel catch. While the catch of sardines in the Bay of Fundy district was not more than half of August last year, the quantity packed in Canada during the month of August was fourteen thousand cases against 8,000 cases. The lobster catch in Northumberland Strait amounted to 12,560 cwts. as against 7,450 in August, 1919. The taking of lobster commenced on Aug. 15th. From the beginning of the packing season in March to the end of August there have been packed 149,044 cases against 150,033 during the corresponding period in 1919.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

The Hidden Parts

Fit-Reform tailors are like the engineers of a great office building. They know that the beauty and permanence of the parts you see, depend on the strength and faultless workmanship of the hidden parts.

In the case of Fit-Reform Suits and Overcoats their graceful lines, their elegant appearance, their permanent shapeliness, depend on the intricate, painstaking hand work of the hidden parts.

It is this faultless hand tailoring which makes Fit-Reform garments look so well and wear so long. Let us show you some of the new styles.
