Sixth Annual Report of the Miramichi Hospital.

Chairman's Report -

In submitting their report for the year ending April 30th, 1922, the Trustee Board have much pleasure in stating that Miramichi Hospital has completed another very successful year.

A review of the activities of the Hospital during the past twelve months reveals steady and consistent progress in all departments. The number of Patients treated, as stated in the Superintendent's report, is 500, showing an increase of 62 over the preceding year and an increase of 321 over the number recorded in 1917, the first year of the Hospital's existence.

The Treasurer has submitted a statement which shows the Hospital to be in a splendid financial position. Notwithstanding the fact that the number of patients shows an increase over the preceding year, the receipts from patients show a decrease of \$1469.67. Th has been offset to some extent by decreased expenditure, but the Hospital has been enriched during the year by a magnificent endow ment which has been left to us as one more gift from the late honore Founder, Mr. Ernest Hutchison, the interest on which is to be applie towards the cost of maintenance of the institution. We have a! received notification of a very generous Bequest to the Hospital b the late Mrs. E.B. Eddy, the interests on which, she has directed, also to be used towards maintenance expenses. It is with a ver deep sense of gratitude that the Board in this manner acknowledge these gifts, which shall remain as a memorial through the years

It was the expressed aim and wish of the late Mr. Hutchiso that the doors of the Hospital should be open to all persons desiring treatment regardless of their ability to meet the cost, and while th Board have always endeavored to carry out the Meas of the Founder these generous endowments will make it possible to maintain this policy to a greater extent than ever.

We desire once more to voice our appreciation of the work which has been accomplished by the Hospital Aid and the wonderful a sistance which they have rendered in the maintenance of the Hos pital. Some idea of what they have done will be realized when w state that the Newcastle Aid have spent \$1580.43, and the Auxiliarie \$733.26 in Hospital equipment and supplies during their past fisca year. They have also donated a prize of \$50.00 to be given to the Nurse graduating from Miramichi Hospital who takes the Provincia Examinations, or in the event of more than one Nurse competing the prize is to be divided: \$30.00 to the Nurse making the highes mark, and \$20.00 to the next highest. For this splendid co-operation and assistance we tender our very hearty appreciation.

Acting in conjunction with the Hospital Aid, who have made goodly contribution towards its cost, the Board have had placed up on the side wall of the vestibule of the Hospital a bronze tablet memory of the late Mr. Hutchison. The Tablet bears the following

IN GRATEFUL MEMORY OF ERNEST HUTCHISON OF DOUGLASTOWN

WHO GAVE AND EQUIPPED THIS HOSPITAL AND PERSONALLY SUPERVISED ITS BUILDING.

The Superintendent's report will show that the training school has been actively carried on during the year and that three Nurses have graduated: Miss Groat, Miss Cliff, and Miss Rogers. Arrangements are now pending whereby it is hoped to afford greater facilities to the Student Nurses and improve the school. To all those who have assisted in the past by giving instruction or otherwise we ex-

We regret that financial and industrial conditions in the County have prevented us from making any substantial progress with the Nurses' Home project. The need for such a building is generally admitted and grows more urgent every day. The Poard consulted an Architect who has submitted tentative plans but we have hesitated about committing ourselves to any definite action until there is some prospect of the necessary funds. We have on hand, as stated in the Treasurer's Report, \$4087.27, and we are hoping during the summer to begin a County-wide drive should conditions justify it. In the successful furtherance of this project, we earnestly ask the sympathetic support and co-operation of all.

The Board desires to express its appreciation to all who have contributed to the good results attained during the year's work. To Miss Keyes, to whose unsparing efforts much of the success is due, we take this opportunity of recording our appreciation. To the Nursing Staff for loyal service rendered during the year, and to the Medical Staff for their co-operation, the Board expresses thanks.

We regret that our Treasurer, Mr. E.A. McCurdy, has been indisposed for the past few weeks and we hope that he will be restored Donations received as per 1921 Statement\$3835 01 to good health ere long. The duties of Treasurer involve a vast amount of work and the thanks of the Board are due both him and Mr. Clark, the Secretary, for the efficient manner in which they serve the Hospital.

In concluding this Report, the Board asks the same support and stance which has been so generously given in the past for the ear which is ahead of us.

> ON BEHALF OF THE BOARD (Sgd) G.P. BURCHILL,

Treasurer's Report

Newcastle, N. B., May 10th, 1922 To The Chairman and Trustees of the Miramichi Hospital, Newcastle, N. B.
