

Belfast.

J. H. Mullin, was home last week.

Mrs. Reynard is visiting at Mr. Lough's.

Mrs. Pritchard of Manchester is the guest of Mrs. McCrostie.

Miss Maggie McCrostie is visiting friends in Manchester.

Wm. Harper, Geo. Irwin, and Wm. Hutchison left for Manitoba last week.

Robert Mullin's bay colt, Bertie, won two prizes at the races at Ripley on the 24th.

Kingsbridge.

Fall wheat is about one-half a crop around here.

J. McGee has refused \$1,250 for his stallion "Donald Dinnie."

Robert McGorry, who has been visiting his brother at Port Huron, has returned.

Edward Kintail sold his farm containing 10 acres to Thomas O'Connor for \$1,950.

We are pained to learn that John Long has been suffering from a severe cold for some time back.

A team belonging to Michael Bowler, ran away, causing great damage to the wagon, and severely injuring his son, who happened to be in the wagon at the time.

Donmiller.

Twenty-fourth. — The picnic held by the Donmiller brass band on the 24th, was a decided success. The day was a beautiful one and just suited for the occasion. A very large number was present from all parts. Mr. R. McCullough furnished excellent music for those who desired to use their fantastic feet. Towards evening the people dispersed, expressing themselves as being highly pleased with the day's sport. Upwards of \$71 was raised that day, a net profit of \$55.

GRAND TEMPERANCE PICNIC. — A grand picnic is likely to be held in the near future of the different lodges in the vicinity, such as Goderich, Saltford, Leeburn, Benmiller, Clinton, London, Auburn, Blyth, and probably others. It is expected to be one of the largest gatherings held in this place for some time. The public are cordially invited to attend. A meeting of delegates from the various lodges will be held in the Temperance hall, Benmiller, on Saturday, June 2d, at three p.m., for the purpose of making necessary arrangements for the picnic. Further particulars will be given later, stating the time it will be held, &c., after meeting of delegates.

Carlow.

I noticed by your last week's SIGNAL that the Toronto World makes a serious charge against some one of the residents of this village. It says that it "should not be very difficult to find the person in this village who is a resident of a thousand dollars in genuine money. Granting that there has been no mistake in finding the post mark on the circulars, and that they were actually posted in Carlow, I think the World draws a very faulty conclusion. It talks about the matter as if a man must be a resident of a village before he can drop a letter in its post office, as if nobody ever passed through our village, as if the people of Carlow held Carlow for the Carlowites. Now if the editor of the World could spare the time to pay us a visit on a holiday, he would find that I think, find him very favorably treated, and after seeing the numbers of travellers who pass through it every day, he would be convinced that a letter might be dropped into the post office by some one else than a resident; and if he should stay long enough to learn what manner of men the residents of Carlow are, he would go away convinced that there is not a man in the place who would resort to such a base plan to make a hundred dollars. No, sir, there is more honor about the residents of Carlow. One thing is certain that there is no one here called W. A. Garland, the name of the man who, it seems, issued the circulars. Now my opinion is that the next time the editor of the World ventures a remark upon the residents of any village, he had better acquaint himself a little better with the circumstances. — CARLOW.

A party was given by Mr. and Mrs. Wm. Young of Colborne, on the 24th of May to about forty of their younger friends and acquaintances, in the house of Wm. J. now Dr. Young, who has just finished a most successful course in medicine, in Queen's College, Kingston, and who purposes going to Edinburgh to take his examinations there, and then spending the rest of his time in visiting the hospitals of various places. He will be away in all about five months. The day was exceedingly fine and this, with all the pleasing entertainments provided for the guests, seemed to put everybody in the best of humor from the host and hostess down to the youngest. The afternoon was spent in croquet and quiet playing. At six tea was served, and to pass any evening on this would be needless for anyone who has ever enjoyed Mrs. Young's hospitality. Suffice it to say that it was fully up to her usual style of doing things. The evening was spent in all the various amusements of the parlour until a late hour, when all departed to their homes, feeling certain that it would be a 24th long remembered by them, not only from the circumstances under which they met, but also by the pleasant time spent.

Farmers & Gardeners

SEE HERE!

THE NEW FERTILIZER.

Cotton Seed Compound

is Cheaper, and as good or better, than most of the Commercial Fertilizers of the present day.

This Fertilizer is a real manure, and merely a stimulant, the value of which is proved by its increasing use wherever introduced.

A hundred thousand tons were shipped last year to England for fertilizing purposes, alone.

Gardeners take notice that superior results are secured with it in nature and ripen earlier than with ordinary manures.

SCROFULA

and all scrofulous diseases, Sores, Erysipelas, Eczema, Ringworm, Tumors, Carbuncles, Boils, and Eruptions of the Skin, are the direct result of an impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition.

Ayer's Sarsaparilla has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of material impurities, and proves to itself a complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores.

"Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me. Yours respectfully, Mrs. ANN O'BRIEN."

148 Sullivan St., New York, June 21, 1882.

All persons interested are invited to call on Mrs. O'Brian; also upon the Rev. Z. F. Woods of 28 East 54th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only in the cure of this lady, but in his own case and many others within his knowledge.

The well-known order on the Boston Herald, Dr. W. Ball, of Rochester, N.H., writes, June 7, 1882:

"Having suffered severely for some years with Eczema, and having failed to find relief from other remedies, I have made use, during the past three months, of AYER'S SARSAPARILLA, which has effected a complete cure. I consider it a valuable remedy for all blood diseases."

Ayer's Sarsaparilla

stimulates and regulates the action of the digestive and assimilative organs, renews and strengthens the vital forces, and speedily cures Rheumatism, Neuralgia, Rheumatic Gout, Catarrh, General Debility, and all diseases arising from an impoverished or corrupted condition of the blood, and a weakened vitality.

It is incomparably the clearest blood medicine, on account of its concentrated strength, and great power over disease.
