

MANY LIBERALS ARE NOMINATED

(Continued from Page One)

Gordon, Geo. Wals, J. S. McCullum, Alex. Shandro, P. Bolan, S. A. Richardson, D. McCullum, B. Tetrau, N. Rottar, O. H. Bush, E. Dunn, J. E. Cunningham, A. W. Coxford.

Then followed short speeches and the committee on resolutions reported giving draft of resolutions endorsing Mr. Holden's career as member and his candidacy in the forthcoming elections.

Want Ruthenian Teachers. Peter Svarich, on behalf of the Ruthenian teachers, presented a petition asking that Premier Rutherford, as the head of the Department of Education, allow Ruthenian teachers to teach in the Ruthenian schools.

Methodist Nominations. At the Liberal convention, held at Vermilion, the Methodist minister, at Vermilion, was nominated by the Conservatives of this district at the connection today.

Verminion Nominations. At the Liberal convention, held at Vermilion, the Methodist minister, at Vermilion, was nominated by the Conservatives of this district at the connection today.

BORDEN IS STILL SEEKING CAUSES

(Continued from Page One)

"We contended," said Mr. Borden, "that by committing the country to so enormous an expenditure there should be exploration, investigation, surveys, in short, a thorough and accurate estimate of the resources of that huge district and of its requirements in transportation."

"What is the position today? For twelve months ending Jan. 31st, 1909, the revenue of this country was \$43,113,832. For twelve months ending Jan. 31st, 1908, it amounted to \$82,692,348. You will observe there is an increase in revenue of nearly forty million dollars in ten years. Yet with this enormous surplus of revenue, the government during the session of 1902, but departed from purely for the sake of a campaign cry."

"The party system of government, an Opposition has its opportunities and its duties. We believe that these have not been neglected in the past, and they will be put aside in the future. During the past four years the Opposition has imposed its policies upon the government of this country into debt to the tune of \$48,721,413."

"What does that mean? It means that the party system of government has been so far forgotten that conditions are becoming alarming. Any thought of economy has long since been thrown to the winds. They have murdered economy, who swore loyalty to it, but still they are hardened and unrepentant."

"Duties of the Opposition. Dealing with the duties of the Opposition Mr. Borden said:— "The party system of government, an Opposition has its opportunities and its duties. We believe that these have not been neglected in the past, and they will be put aside in the future. During the past four years the Opposition has imposed its policies upon the government of this country into debt to the tune of \$48,721,413."

TO HUMBLE SERVA. The Miniature Kingdom's Attitude Requires Salutory Methods on Part of Russia.

Vienna, March 3.—Servia, as a result of Wednesday's ministerial council, refuses absolutely to withdraw her claims for territorial compensation and her other demands all of which Austria-Hungary refuses categorically to entertain. This creates a critical situation which cannot continue long. It was announced in a circular note sent by the Ballplatz to all the Powers informing them that the attitude of Servia was such that the dual monarchy might have to take measures to bring the small state to reason.

The advent to power of the Nova Kovich ministry was heralded throughout Servia as a government of National defence, the members of which were chosen from parties, hitherto through the program of Servia's National awakening.

This convinced Baron Van Aehrenthal the Austro-Hungarian foreign minister, that the Austrian cabinet was called, which is unanimously of the opinion that in such a case the national ministry must be prepared for the worst.

Receiving knowledge of this the powers took steps to intervene. This was reported but tonight the exact contrary is stated. This has not aroused any particular excitement as the Austro-Hungarian government has long been prepared for such a contingency.

It is generally believed that the Vanguard is in general better than on any other British battleship launched at Barrow.

Barrow, Eng., March 2.—The battleship Vanguard, the seventh vessel of the Dreadnought class, was successfully launched here at noon today. Mrs. Regina McKenna, wife of the First Lord of the Admiralty, performed the christening ceremony.

Although the contract calls for the completion of the vessel in a year, it is generally believed that the Vanguard will be ready for sea before the end of 1909, more work having been done on this vessel before launching than on any other battleship.

The keel of the Vanguard was laid down on April 1 of last year. The contractors, a private firm, are to supply also the guns and armor and machinery for the vessel. The Vanguard is the heaviest and most modern of any built in this country. Her length will be 16,000 feet, her beam 54 feet, her displacement 15,000 tons, and her speed 25,000 miles per hour. Her cost will be upwards of \$9,000,000.

Los Angeles, Mar. 3.—The "Lucky" Baldwin estate is worth \$30,000,000 according to a statement by his manager, A. H. Unruh. His largest estate ever probated in Southern California.

Knowing that there would be an attempt to break any will that might make Baldwin his executor, Bradner has drawn a document to discuss the contents of the will. He has also had the highest legal opinion provided for an equitable division of all property. From one who has seen Baldwin more than would be expected from a court division and provides for all legal heirs.

St. Catharines, Ont., March 3.—Fourteen coal cars and two cars laden with molasses, marmalade and other products, were destroyed at Merriton, owing to a peculiar accident. The cars, forming part of a freight train, were proceeding down a heavy grade when the driver attempted to stop the train. The engine was unhooked from the train and proceeded to the freight yard for repairs. The engine was returning to the grade when the brakes on the freight gave way, with the result that the whole train crashed into the engine in the collision. Conductor Westover and brakeman Henry Crowe were seriously injured. Two hundred tons of coal were scattered about the tracks.

New York, Mar. 3.—Fifty naval and shipping men were sent today to experiments of wireless Hook to demonstrate how a submarine signal bell can assist vessels to make port safely in foggy weather, or to avoid collisions.

London, March 3.—It was shown conclusively in London today that in accordance with the advice of the powers Servia has withdrawn her demand for territorial compensation at the hands of Austria-Hungary. The news, to the contrary, published in Vienna, is therefore erroneous. The question of the autonomy of Bosnia was not raised in the representations made by the powers at Belgrade. It is believed that this decision on the part of Servia forebodes an early and peaceful settlement of her difficulty with Austria-Hungary.

St. Thomas, Ont., March 3.—The Englishman named Plumbridge, who terrorized the farmers in the western portion of this county by his frequent acts of killing their cattle, such as poking a chisel down the throats of the animals, causing them to die internally, and depriving them of their eating and drinking organs, and ultimately causing them to die, was adjudged insane by Magistrate Hunt. Plumbridge will probably be deported.

Chicago, Ill., March 4.—William Walker, one of the band of cavalrymen that followed J. Wilkes Booth, assassin of President Lincoln, in that historic pursuit 44 years ago, and who shot at Boston Corbett when the latter was firing at him, was buried in military honors yesterday in Mount Olive cemetery. He died Monday in a county hospital. He recalled the evil capture of Booth and the vengeance meted out to him. Walker is survived by a widow and son.

NEW TERROR OF THE SEA. British Battleship Vanguard Launched at Barrow.

Barrow, Eng., March 2.—The battleship Vanguard, the seventh vessel of the Dreadnought class, was successfully launched here at noon today. Mrs. Regina McKenna, wife of the First Lord of the Admiralty, performed the christening ceremony.
