

## EDMONTON NEWS

## THURSDAY'S DAILY.

**DISLOCATED ANKLE.**  
Donald Kennedy, an employee of the city telephone department, who resides at 47 Glenora street, has his leg badly dislocated at the ankle on Wednesday as a result of falling from a telephone pole near the new Exhibition grounds. Kennedy climbed the pole with some wire, a portion of which happened to touch the trolley wire, giving Kennedy a bad shock, which caused his fall. He was taken to the City Hospital this morning, where he is going favorably.

## LOCATE ASPHALT DEPOSIT.

S. A. Bentley and D. Patterson have arrived in Edmonton from the north and report having located a deposit of asphalt which extends over an area of six miles. It lies inland from the Athabasca river and the assever's reports show that the sample is better than anything found in the province so far. There is also a strong percentage of crude petroleum in them. From the location given it will not be very difficult to tap the claim, and everything is in favor of having a home supply of asphalt in the near future.

## FINE CROPS IN PADDLE RIVER.

Dr. J. H. Caldwell, Dominion veterinary surgeon for the Edmonton district, who has just returned from a trip through the Paddle river country, stated to the Bulletin that the crops in that district were in excellent condition. Barley cutting has started over a week ago and at present many farmers are cutting their spring wheat. A sheaf of Alaskan wheat, a new variety not commonly grown in this district, brought in by Dr. Caldwell from the farm of A. L. Garret, was almost five feet ten inches high.

The field from which it was taken will average about forty bushels to the acre. Yellow corn has also been grown successfully in the Paddle River country and a considerable quantity has been planted this season. Several fine specimens of oats, wheat and barley from Melville, north of the Paddle river, were also brought in by Dr. Caldwell. The oats were almost six feet high and the barley and wheat was headed out in perfect style.

## INVADERS PRIVATE HOUSE.

Mrs. John Fothergill, 1522 Namayo Ave., had quite an experience Tuesday night which she would not care to have repeated.

Mrs. Fothergill, whose husband is foreman of the bridge and building department of the Canadian Northern Railway, was sitting in the parlor of her home alone about ten o'clock in the evening when two men in a buggy drove furiously up to the house, stopped the horse and entered the front door unannounced.

The men, who were in a badly intoxicated condition, immediately began to throw the furniture around. Mrs. Fothergill ventured to remonstrate, and one of the men made a rush at her. She escaped by the back door and entered the house of a neighbor. The police were immediately notified and Chief Lacey, who happened to be at the station at the time, accompanied by a couple of officers, hurried to the scene. When the officers arrived they found one of the men making an attempt to enter the house by the back door. He was in too far an advanced stage of intoxication to give further information. He was hustled off to the police station. His companion had seemingly driven off with the horse and buggy.

When the police entered the different rooms of the house they found everything in a topsy-turvy condition. All the furniture had been moved around, chairs had been upset, and even towels in the bath room were found scattered on the floor. As far as the police could ascertain, however, nothing of value had been taken.

## STRATHCONA CROPS.

The crop expert of the Winnipeg Free Press has the following on the crops in the Strathcona district: "I have spent today in the Strathcona district and found crops and conditions similar to the Edmonton district. Although the rainfall this season has not been equal to that of former years, yet the soil has a wonderful power of retaining whatever moisture it receives, and the crops are all in splendid condition. The Board of Trade kindly provided a team, and in a drive of between thirty-five and forty miles with R. H. Dobson, I was enabled to inspect a large part of the district, more particularly towards the south and east. The fall wheat, which here, too, is rapidly taking the place of the spring wheat, will average higher than the latter this year, but both crops are good. Most of the fields I saw will average nearly five bushels to the acre. I saw one field where the grain stood five and thirty bushels. I was in one where a half bushel high, and on counting the kernels in a number of heads found them each to go from fifty-five to fifty-five. Practically the same average of the Edmonton district will apply here. Fall wheat from twenty-five to thirty bushels, spring wheat, barley, thirty-five. I saw no flax. The oats form about sixty per cent. of the crop. The wild hay crop is light, but the cultivated hay is fairly good, though somewhat short. They will find this a very profitable crop this year. This district is admirably adapted to the raising of cattle. The cattle are in splendid condition."

## Dysentery is a dangerous disease but can be cured.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all dealers.

The garden crops are good. The grain is ripening fast; I noticed many fields that were now ready to be cut. From what I saw the cutting could hardly be called general, only a few fields of oats and fall wheat being cut, but next week should be a busy time. At present quite a heavy rain is falling.

**ENTRIES TRIPLE OTHER YEARS.**  
The total number of entries received for the forthcoming Edmonton exhibition is 1,812. This is an increase of 400 over the number received last year and conclusively shows that Edmonton's fair this year will be far ahead of those held in former years.

## REFUSED TO FULFIL CONTRACT.

Thos. Ashley and C. Tinkley were each fined five dollars, and costs at the R.N.W.M.P. barracks Thursday morning for refusing to fulfil a signed contract. Both the men had signed up to do grade work on the C. N. R. for McMillan Bros., but refused to do the work required of them.

## INTERLUDE WAS FINED.

Jos. O'Brien, who invaded the house of Mrs. John Fothergill, Niagara avenue, last Tuesday night, came up for trial at the police court Thursday. The evidence showed that O'Brien and his companion, who were still at large, committed damage to furniture in the house to the extent of about \$30. O'Brien was fined \$5 and costs and ordered to pay \$30 damages.

## VISIT PACKING PLANT.

J. Y. Griffin & Co. Ltd., have issued the following invitation to visitors next week to the fair: "We presume you, as well as your many friends and acquaintances will come to Edmonton next week to attend the fair and we urge you to come out some afternoon and see our new plant. Our plant is only ten minutes' ride on the street car from the exhibition grounds. You can easily come from town here on the street car in the forenoon and get back to the grounds in ample time for anything you wish to do there. Bring the women folk and children. We will have competent guides to show you through and we believe you will say that your time was well spent."

## PRESS CONVENTION.

The annual meeting of the Press Association of Alberta will be held this year in Lethbridge early in October. The date has not yet been fixed, but is being arranged at a time when the Raymond Sugar Factory is in operation. Arrangements are being made for an excursion to Cardston and the Waterton Lakes or Spokane, Washington. Premier Scott, of Saskatchewan, has been invited to be present at the convention. M. E. Nichols, of the Winnipeg "Telegraph," has already accepted, and also Allan Haynes, of the "Edmonton Journal." Space, printer and publisher, will have a representative present.

## MANY EXCURSIONISTS EAST.

Departures by C.P.R. in the past few days have been: Mrs. N. Squair, Mrs. I. G. Laing, Montreal, to sail for Europe by the Ionian, Saturday, August 27th; Mrs. E. Lewis, Montreal, E.C.; Nicholson, Balf.; C. L. Berry, Windsor, Ontario; Wm. Lloyd and E. Edwards, Quebec, to sail by the Empress of Britain, August 28th.

Departures by C.N.R. have been: Mrs. Brice, Moray, Sioux City, Iowa; Mrs. Brice, Oliver, Glasgow, Scotland; Mr. L. Jackson, Toronto; R. Collins, A. McKinn, Mrs. Wm. McGuire and Miss Gibson, Winnipeg; A. E. Howard, Saskatoon; W. Wilson and W. A. Wells, Toronto; Harvey P. Gibson, Omaha, Neb.; Mrs. M. Hoey, N. Sydney, N.S.; Miss M. B. Stork, Montreal; W. J. Shortess, Toronto; John H. Hughes, Minneapolis, Min.; Henry W. Swift, Chicago.

## LIEUT. GOV. BULYEA TO OPEN.

The Edmonton Exhibition will be officially opened by Lieut. Governor Bulyea, Tuesday, August 23rd. After having a lunch with the directors of the exhibition, the Lieutenant Governor will proceed to the grounds and deliver a speech. The fair will be in full swing from which he will in a few words declare the fair officially opened.

The first Edmonton Fair will be in attendance and music will be rendered by mixed bands during the ceremony.

The directors of the Edmonton exhibition have sent a message to Gen. Baden-Powell who is at present in Lethbridge, B.C., and present at the opening of the fair. No reply has as yet been received from Gen. Baden-Powell. Word has been received by Manager Harrison that the Chicago Vandevean Company will put on two high-class attractions not booked previously. A general information bulletin will be sent by the Exhibition Association. In this bulletin information regarding routes to the fair grounds, rates, and a list of the different boarding houses in the city will be given. A short outline of the events for each day of the fair will also be printed. Three thousand copies of this bulletin will be distributed throughout the city during fair week.

## MESSENGERS STRIKE.

C.P.R. Boys at Calgary Demand Higher Rate of Wages.  
Calgary, August 17.—A number of the messenger boys employed at the C.P.R. telegraph office went on strike last morning complaining that they had not been paid on the 15th, the regular C.P.R. pay day, and demanding four cents a message in place of two cents which they have been receiving. The company will pay them but it will not give them four cents a message. The lads now make from \$1.00 to \$2.00 a day and would just double their wages if they were to receive four cents. The company does not expect to experience much difficulty in filling the vacancies, as this is vacation time and plenty of boys would be glad to make a dollar a day.

## BONNYCASTLE RESIGNS.

Winnipeg, Aug. 17.—A. L. Bonnycastle, who was declared elected for Russell in the provincial election after the recount, made the statement last night that he had resigned his seat. Bonnycastle's opponent was first declared elected by thirteen, but the recount gave the seat to Bonnycastle, owing to a number of ballots having extraneous pencil marks. The Liberals claimed these ballots were spoiled while in the possession of the returning officer after the election, they being admittedly poorly guarded, but this was denied. Mentioning his resignation, Bonnycastle expressly denied any knowledge or that he was connected with any irregularities occurring, but in view of the fact that there might be some doubt he decided to resign.

## PRESIDENT FOR NEW PRESBYTERIAN COLLEGE

Rev. Ned D. Keith, B.A., B.D., will take up his residence in Red Deer next month—Budget of News From the Midway Town of C. & E.

Red Deer, Aug. 18.—Rev. Ned D. Keith, B.A., B.D., of Prescott, Ont., formerly secretary of McGill University Y.M.C.A., has been appointed president of the new Presbyterian Ladies' College, to be established at Red Deer. He will take up his residence here next month.

Mayor McKee arrived home on Thursday after supervising the town's case in Ottawa before the Deputy Minister of Railways re the C.N.R. line from Stewart to the Brazeau country. The route was approved to nine miles east of the town, which was as far as the C.N.R. had surveys. They will try and get a more northerly route from that point than the one asked, in order to avoid covering the same territory from Red Deer to Rocky Mountain House, as the Alberta Central.

## By-Jaws Passed.

The by-law for \$9,000, to buy 44 acres from the townsite company for a park in the south of the town, at \$100 per acre, and for improvements there, was carried over to the next meeting. There was considerable opposition, even though the council promised to reconsider its first action, refusing to submit a \$10,000 bid for the purchase of the Exhibition Association's 22 acres.

E. Michener, M.P.P., who assisted in representing the town's case in Ottawa in railway matters, and Mr. G. W. Smith, have gone to Vancouver as Board of Trade representatives to the Inter-Provincial Trade Conference, and to Victoria as delegates to the Methodist General Conference.

Provincial President James Bower, and Director E. Carswell, U.F.A., have gone to Vancouver to the Inter-Provincial Trade Conference.

Mr. J. N. Irvine has sold his 480 acres, nine miles southeast, to Mr. E. Day, of Medicine Hat, at \$21 an acre.

The Gaetz Manufacturing Co. are adding another store to their new factory.

There has been quite a sale of lots in the new Englewood subdivision, adjoining the town on the north.

## Big Fight From Cow.

Mr. C. A. Julian Sharran's champion Jersey cow, Rosalind of Old Basing, gave 15,537 lbs. of butter in a seven day official test last month, as compared with 12,552 lbs. in a similar test last year, which qualified her for the American Jersey Club register. She is now undergoing another twelve months' official test.

A. H. Trimble & Sons won the three herd prize for Ayrshires at the Brandon fair.

Reg. Alford was elected without opposition to the council to fill the unexpired term of Councillor H. B. Hill, resigned.

Three prospectors, who called on Chief Engineer MacGregor, of the Alberta Central, this week reported coal in the Brazeau country the equal, if not the superior, of any in Alberta.

Haying and harvesting are in full swing, the latter being earlier than usual, owing to the drier weather.

## Much Rain in District.

Red Deer got more rain in the week ending Tuesday than in any other week this year.

The Red Deer people are all greatly pleased with the generous entertainment by the city of Red Deer, which was given to the party by the Laurier party. The arch was a triumph, and was altogether the finest party had met with, Mr. Graham said.

## MOB SEEKS NEGRO'S LIFE.

Spiritless Army by Officers Under Lawless Crowd's Eyes.

Hinton, W.Va., Aug. 17.—Directly under the nose of a lawless mob of a thousand infuriated men, bent on having the life of the negro, believed to be the man who assaulted and murdered Mrs. Lottie Arles, of Quincent, Sunday night, and nearly shot her husband, county officers last night escaped from a Pullman car in which they had guarded their prisoner for four hours and took to the woods with their prisoner. As soon as the mob learned that the negro had been carried away, when almost within their grasp, their anger broke out afresh. They scattered in groups and began searching the woods for the negro and the officers. Militia accompanied by Governor Glasscock is on the way from Charleston.

## CROPS ARE ALL SAFE.

No Damage From Frost is Anticipated Throughout West.

Winnipeg, Aug. 18.—Harry Acheson, grain agent of the Canadian Pacific railway here, has received telegraphic reports from more than 200 points on the system in response to inquiries as to possible damage to wheat from freezing. In none of these reports is there mention of more than three degrees of frost. Wheat has suffered no damage. Temperatures throughout the west are higher today and no damage is anticipated at later dates.

## CHILD SEES MOTHER SHOT.

New York, Aug. 18.—Armed citizens and possees are skirting the swampy near North Bergen, N.J., today searching for Bertrand Pond, who is wanted for killing Mrs. Mary Tomczak in the presence of her six-year-old son. The shooting took place last night and the police charge that Pond killed the woman because she rejected his attentions.

## GAYNOR BOOSTED FOR GOVERNORSHIP OF N.Y.

Democrats in Some States Are Also Talking of the Wounded Mayor as a Presidential Candidate at the Next Election.

New York, Aug. 18.—The New York Globe prints the following from its staff correspondent in Washington: "The Washington view of the shooting of Mayor Gaynor is that if he survives he is likely to be the next governor of New York, and the Democratic nominee for president in 1912."

"It may well happen that when Jay G. Gallagher fired an assassin's shot at Mayor Gaynor he was doing the very thing that was calculated to make certain the rise of the mayor politically. At any rate, that is one of the possibilities of the situation."

"The information here is that there is not much question of the nomination of Mayor Gaynor for governor of New York. It is felt that if he would not be going to impair his vigor. It is known that some of the shrewdest Republicans in New York have been calculating all along on Gaynor as the Democratic nominee. More than that, there are some astute New York Republican politicians who have talked about the matter here lately and they have said frankly that if Gaynor was named he probably would be elected."

"This was before Mayor Gaynor was wounded. That the circumstances of the assault upon him and the fortitude with which he has borne up have helped to increase his popularity in New York and nationally is clear."

Already Minnesota Democrats have spoken out in favor of Gaynor as the valuable man for the Democratic presidential campaign for the next Democratic presidential election.

"As the situation stands among the Democrats the great body of them are looking for a Moses to lead them. If Mayor Gaynor should happen to be the next governor of New York and should make a success of it he would be almost certain to be the next Democratic national convention."

A Rival for Harmon.  
"It is true that Gov. James Harmon is much in the limelight at the present time. He is being nominated by the Democrats for president. That is, he will be a strong factor if he carries Ohio this fall, and does not slip up on some one of the numerous political banana-peels that his enemies are throwing in his path. But the trouble with Uncle Jud is that the wing of the party is less suspicious of him."

"It has a deep, dark notion that he is allied with the so-called reactionaries. This Democratic party is lukewarm toward his nomination, to say the least. William J. Bryan is well known to be hostile to the nomination of Harmon. On the other hand, the Bryan forces would support Gaynor and so would a good many of the conservative element of the party."

"The situation in almost any way one will it appears, as most politicians here see it, that if Gaynor gets well he'll be hard to catch politically."

## "ARE OUT ON STRIKE"

All Shipyards in Germany Are Now Standing Idle.

Berlin, August 17.—As a result of the fight between the German shipbuilders and their employees, all the shipyards of Germany except the government yards are now idle so far as construction is concerned. Naval construction assigned by the government to private yards is at a standstill and ship-owners are in many cases sending their ships to England for the necessary repairs.

The men demand an increase of ten per cent. all round and a fifty-five per cent. increase for the men employed in the allied trades are now being organized. At Hamburg, 3,631 metal workers have gone on strike.

## TWO MINERS KILLED.

Rock Carried in and Carried Them Down Stairs.

Phoenix, B.C., Aug. 18.—Mike Bauer and D. H. Hain were running a machine at Snowshoe mine, when, without warning, a large quantity of rock came down from above and both bodies were recovered in a frightfully mangled condition. Both were experienced miners. Bauer has a brother in Milwaukee, Hain was a Finlander and leaves a wife.

## CHILD SEES MOTHER SHOT.

New York, Aug. 18.—Armed citizens and possees are skirting the swampy near North Bergen, N.J., today searching for Bertrand Pond, who is wanted for killing Mrs. Mary Tomczak in the presence of her six-year-old son. The shooting took place last night and the police charge that Pond killed the woman because she rejected his attentions.

## THE UNITED FARMERS CONVEINE IN VANCOUVER

Why? Should anybody any where spend more time learning shorthand than is necessary? At the 1910 International Speed Contest, Gregg shorthand won first, second and third places—all the honors. The Gregg is easy to learn, remarkably legible and rapid.

**GRAND TRUNK BUSINESS COLLEGE EDMONTON**  
Stands for Better Shorthand Education. It makes a Specialty of Shorthand—Gregg Shorthand. It should get particulars about this splendid course for the fall term.

J. C. McTavish, Principal.

inspection, otherwise there was no one to decide the shipper and the agents as to the grading of a parliam shipment. Finally a resolution was adopted asking the provincial government of British Columbia and Alberta to enact a uniform law licensing and bonding all commission merchants handling any kind of farm produce. The provisions to be all on line down as the "Mannable Grain act" for the licensing and bonding of grain commission merchants."

The question of grading and standardization of hay will be discussed tomorrow. Secretary Fream said the often cause sudden attacks of diarrhoea was not properly enforced and applied to the east rather than the west. He thought that the convention should establish the standard of quality and submit them to the government. The hay should be inspected and under such a system he believed that hay would figure as largely as grain in the activity of many Alberta farmers. The question will be dealt with tomorrow.

Deny Rumors.  
Liverpool, Aug. 19.—The officers of the Allan line deny the American rumors that the C. P. R. has taken control.

Death Caused by Ice Cream.  
Portsmouth, Ohio, Aug. 18.—Seven persons are dying, and a score of others are seriously ill as the result of taking poisoned ice cream at a church function at Glen, Kentucky, last night.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It can be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by all dealers.

Alberta Complaints.  
Even from Alberta came the same complaints with regard to shipments of hay to Vancouver. Before a resolution on the subject was passed Mr. Crer, president of the Manitoba Grain Growers' association, a resolution was added that the permanent standing committee be requested to secure the co-operation of the grain growers of Manitoba and Saskatchewan, and any other association in the four western provinces on any points which will assist them in working out the question of bonding and licensing of commission agents."

Mr. Crer formally supported the suggestion that the rules that apply to those who sell grain on commission should be extended to dealers in hay, fruit and other farm products that was subject to inspection. Mr. Assiniboia of the British Columbia Farmers' Institute agreed and said that the farmers of British Columbia suffered considerable from agents who ordered shipments, for which they have paid the farmer a cent. It was in fruits, said Mr. Lawrence, of Kamloops.

It was in fruits, said Mr. Lawrence, of Kamloops.

Even from Alberta came the same complaints with regard to shipments of hay to Vancouver. Before a resolution on the subject was passed Mr. Crer, president of the Manitoba Grain Growers' association, a resolution was added that the permanent standing committee be requested to secure the co-operation of the grain growers of Manitoba and Saskatchewan, and any other association in the four western provinces on any points which will assist them in working out the question of bonding and licensing of commission agents."

Mr. Crer formally supported the suggestion that the rules that apply to those who sell grain on commission should be extended to dealers in hay, fruit and other farm products that was subject to inspection. Mr. Assiniboia of the British Columbia Farmers' Institute agreed and said that the farmers of British Columbia suffered considerable from agents who ordered shipments, for which they have paid the farmer a cent. It was in fruits, said Mr. Lawrence, of Kamloops.

Even from Alberta came the same complaints with regard to shipments of
