New Encyclopaedia.

THE 1911 NELSON ENCYCLOPAEDIA is based on the Harmsworth's Encyclopaedia and the Nelson "Loose-Leaf." The amount of reading matter has been slightly increased. The best has been retained from both the older books, hundreds of new articles have been written and everything has been revised and brought up to date. It will be issued in twenty-five fortnightly shilling volumes in the handy size and neat cloth bindings familiar to all purchasers of the Nelson Popular Libraries. The paper is of excellent quality. Illustrations and diagrams elucidate the text where necessary and numerous full-page pictures add to the interest and value of the work. The Encyclopaedia itself will occupy twenty-three volumes and an English Dictionary and an Atlas as vols. 24 and 25, making the whole set a complete Reference Library for the home.

Vols. 1, 2 and 3 now in stock. Price 25c. per vol.

"Standard" Bread

made from Standard Flour is a meal in itself!

White Bread is not.

ELLIS & Co. Limited.

203 Water-st.,

Just received the first consignment of the

Celebrated STANDARD FLOUR.

What is STANDARD BREAD? STANDARD BREAD is the old farm-house loaf, made by milling good, sound, sweet, dry wheat, and taking out of the Flour the coarser bran.

STANDARD BREAD is not a patent food, or a patent bread. It is just good sound BREAD, and it is called "STANDARD" by everyone, because it agrees with a standard fixed by eight eminent medical men in a Manifesto, published first by the "Daily Mail" on January 26th, 1911, and since widely republished by the newspapers of the world.

Since the doctors first published their Manifesto, STANDARD BREAD has been welcomed everywhere. For years it has been supplied to the King and Queen at Windsor Castle, and at Buckingham Palace. It is eaten by rich and poor, by young and old, by healthy people and sick people.

STANDARD BREAD has been used for years at many of the great hospitals for Consumption.

STANDARD BREAD made from STANDARD FLOUR has been completely summed up by a Harley Street Surgeon in this statement:—

"The short stature, the pale face, the weak chests, and the general degeneracy of the present generation, are greatly due to WHITE bread diet."

STANDARD BREAD made from STANDARD FLOUR is all right.

Doctors and learned scientists have declared with no uncertain voice for the plain unadorned product of the WHEAT BERRY.

The trouble started when a man commenced to "Paint the Lily" to improve on nature.

STANDARD FLOUR contains 80 per cent. of the WHOLE WHEAT, including the germ and semolina.

With "Paisley Flour" you really can!

Perhaps you once tried to make cakes and pastries at home and were not successful. Some ways are difficult, especially for beginners, but the "Paisley Flour" way is so easy you can hardly go wrong. Paisley Flour is mixed dry one part with eight parts of ordinary flour. This done you are sure of light and well raised cakes and scones, and pastry free from doughiness.

Begin to-day with one of the recipes in the "Paisley Flour" tins and you will find that "you really can."

Sold in 22c., 14c. and 5c. tins. The 22c. tin contains 14 ozs. and will raise 7 lbs. of ordinary flour.

ROBIN HOOD FLOUR

WE CALL

Robin Hood Flour

"The Flour that is Different"

We must stand ready to prove it and also prove that the difference is so marked, so worth while, that you will feel this is the flour you ought to use.

That is exactly where we do stand.

We ask you to take no risk. Buy a bag of ROBIN HOOD and give it two fair trials. If it does not prove perfectly satisfactory, so satisfactory that you, too, say, "It is really the flour that is different," you may take it to your grocer and he will give you back your money.

Will you make the trial on your next flour order?
