

**"LABOR'S WAR,"**  
SAYS PRESIDENT GOMPERS

Washington, Jan. 1.—In a New Year's greeting to all organized labor Samuel Gompers, president of the American Federation of Labor, calls upon representatives and organizers to make plain to their fellows the issues involved in the war and the obligation that devolves upon all citizens. He also emphasizes the importance of seeing to it that the spirit and methods of democracy are maintained at home while the country is fighting to establish them in international relations.

"War means victory for our cause or danger to the very existence of our nation," said the address. "With our nation at stake, individuals can not interpose opposition to the war—a war declared by the will of the nation's representatives. Under the exigencies of war opposition to the war declared by constituted authority becomes treason.

"While this is true there is even more than ordinary need for the maintenance of the rights of men and women and for careful scrutiny and the fullest discussion of policies and methods before their adoption. The time for labor to interpose its needs and contentions is while policies are in the making.

"The fighting and the concrete issues of the war are so far removed from the people of our country that not all of our citizens have a full understanding of the issues involved. An understanding of the principles involved, an understanding of the automatic force which the central powers desire to substitute for the real principles of freedom, makes clear to all citizens of this republic the effect of our possible defeat upon their own lives and activities.

"In addition to the fundamental principles at issue, labor has an additional interest in the war. This war is in the last analysis a people's war—labor's war. The final outcome will be determined in the factories, the mills, the shops, the mines, the farms, the industries and the transportation agencies of the various countries. That group of countries which can most successfully organize its agencies of production and transportation, and which can furnish the most adequate and effective agencies with which to conduct the war, will win.

"The workers have a part in this war coequal with the soldiers and sailors on the ships and in the trenches.

"Continuous production is an indispensable prerequisite to production of necessary war supplies. The government, as well as the workers themselves, is vitally interested in maintaining such conditions that there shall be no occasion for interruption in production.

"The chief responsible agents of the government have shown a desire to be fair and an understanding of the human elements involved in this problem. The organized labor movement has also shown an equally broad understanding and grasp of the situation."

Mr. Gompers quotes at length from the declaration adopted by labor's representatives meeting here March 12 and from the resolutions of the Buffalo convention of the American Federation of Labor outlining the attitude of organized labor toward war work.

**LIFT YOUR CORNS OFF WITH FINGERS**

Tells how to loosen a tender corn or callus so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezezone, which to use a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezezone he can get it at any wholesale drug house for you.

**AFTER SICKNESS THEY GAVE HER VINOL**

And She Soon Got Back Her Strength

New Castle, Ind.—"The measles left me run down, no appetite, could not rest at night, and I took a severe cold which settled on my lungs, so I was unable to keep up my household work. My doctor advised me to take Vinol, and six bottles restored my health so I do all my household work, including washing. Vinol is the best medicine I ever used."—Alice Record, 437 So. 11th St., New Castle, Ind.

We guarantee this wonderful cod liver and iron tonic, Vinol, for all weak run-down, nervous conditions.

**Report of the Auditors to the Shareholders of The Canadian Bank of Commerce**

In accordance with the provisions of subsections 19 and 20 of Section 56 of the Bank Act, 1913, we report as follows:

We have audited the above Balance Sheet and compared it with the books and vouchers. Head Office and with the certified returns from the branches. We have obtained all the information and explanations that we have required, and are of the opinion that the transactions of the Bank which have come under our notice have been within the powers of the Bank.

We have checked the cash and verified the securities representing the investments of the Bank at its chief office and principal branches at a date other than, and in addition to, the verification at 30th November, 1917, and found that they were in agreement with the entries in the books of the Bank relating thereto.

In our opinion the Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the affairs of the Bank according to the best of our information and the explanations given to us, and as shown by the books of the Bank.
