-Mrs. Spicer and her daughter Fannie, 932 Waterloo street, city, are visiting friends in Melbourne.

It is announced that tickets for the trainmen's excursion to Goderich on Aug. 17 will be good on the p. m. trains of the day before.

-Westminster township farmers are experiencing considerable difficulty in getting water for their cattle. The long drought has dried up many of the wells. -Roy, the little son of Mr. William port she visited Genoa and Odessa.-[Balti-Hambly, of Queen's avenue, met with a serious accident on Friday afternoon, whereby he lost the top of the thumb of

the left hand. -Captain John Clarke, of H. M. S. 'Clarke," wants every drummer in the Young Liberal Fleet at the Simcoe street rink to-night to rehearse for the "Day

With the Circus," Wednesday. -The Delaware Agricultural Fall Show will be held on Friday, Oct. 12. A meeting of the directors will be held at Delaware on Friday afternoon, Aug. 31, to revise the prize list. Mr. Chas. Fox is the secretarytreasurer.

-The London Machine Tool Company successfully made a big ten-ton casting at their works on Friday. It was the ponderous flywheel for the new waterworks pumps at Springbank, and will be placed in position at once. -A wiper on the C. P. R. was cleaning

out an engine in the roundhouse. He wanted to back it up, but pulled the throttle too far. Result: The tender of the engine struck the brick wall and knocked a big hole in it. -Mrs. George A. Watts, East London,

has had a very delicate operation performed on her by Drs. Wishart, Macarthur and Waugh at St. Joseph's Hospital. It consisted in the removal of a bone tumor from the jaw. Mrs. Watts' many friends will be pleased to hear that she is progressing favorably.

-Mr. John Munroe, lot 14, con 5, Westminster, through whose farm the L. and P. S. R. runs, nearly lost his barns and their contents the other day. A spark from a passing engine ignited some dry grass in one of the fields. The flames made pretty quick headway in the direction of the buildings, and it was only by hard work that they were subdued. Mr. Chas. Kerr, a neighbor, had a similar experience.

-Two young men named Taylor and

fruit. Detective Graham says he caught them in Milkman Yee's orchard near the Vauxhali bridge on Sunday afternoon with their pockets full of nice harvest apples. Mr. Yeo has a fine orchard on his farm, but has been a heavy loser this year through the continued depredations of city youths.
The quartet will be summoned.

-The case of Wm. Arnold, of Mount Brydges, vs. Henry Lockwood, of Delaware, which came up at the last county court, but was not disposed of, has been settled. Lockwood is a division court bailiff, and made a seizure on the property of a man named Root.

A horse and set of harness, which were supposed to belong to Root, were found at Arnold's and sold. Arnold claimed ownership of the animal, and brought action for alleged illegal seizure. The settlement was made by Arnold paying \$100, which includes all costs.

Who Is She? An El Paso (Tex.) dispatch today says: "Annie Lapelle, aged 22, of Hamilton or London, Canada, a domestic, committed suicide with morphine yesterday. She was dressed in her grave clothes and ready for burial. No cause known." There is no such name in the city directory as Lapelle.

An Excellent Local Company. In order to correct a misapprehension which appears to exist in the minds of some, it is as well to state that the Birkbeck Loan Company of this city has no connection whatever with a company of similar name in Toronto, or with the Birkbeck Building Society of London, England. Our local company, which is in excellent hands, was the first to obtain their charter in Ontario, and the Toronto company followed, using the name "Birkbeck" also.

Everybody Is Going. The Young Liberals are hustlers. That is admitted by everybody. They intend to show a pretty good evidence of their husting on Wednesday next. The street parade at 1:30 will be the finest spectacle seen in London since the old military days. Then the sports at the ground will be of a novel character, and will be run off with a vim and vigor strictly Young Liberal. The programme will be continuous and more fun will be sandwiched into one afternoon than there can be at several circuses. Mothers will do well to bring their children, as no more pleasant time can be spent. An addition has been made to the original programme. It is a trotting race, the horses to be driven by members of the Fleet. The Marine Band will play at intervals during the afternoon and the jesters and clowns will supply mirth. There is no charge to the grounds and seats may be had for 10 cents. The roasting of the ox by expert roasters will be a great sight at night.

A CHURCH OF ICE.

Sailors Saw a Sight of Entrancing Beauty in Mid-Ocean.

officers of the Neptune Line steamship Patapsco, which arrived in port yesterday from Rotterdam via Sunderland, witnessed an early morning scene in mid-Atlantic, which First Officer Popham says was beyond description and any human power of reproduction. The beautiful sight was caused by the sun shining upon a huge iceberg about 7 o'clock on the morning of Aug. 2, and continued for fully fifteen minutes. The iceberg was 270 feet high and 550 feet long, and was on the edge of a dense fog. It was shaped exactly like a church, having at one end a towering spire that was pierced near the top by small holes, making a natural belfry. The sun was shining at the top of the spire in immaculate white.

About 50 feet from the top the sun's rays blended into a soft pink that was most beautiful to behold. Back of the spire was a slanting roof that the action of the fog and sun caused to appear in a deep blue. Near the spire was a perfectly shaped Gothic arch, in which had been melted a fissure so like a window as to make one believe it was built there by a mechanic. The sun shone through this in all his brilliancy and dazzled the eyes of those aboard ship. The fog formed a background near the water and made a marine picture that could never be painted. Besides all this the sun shining on the many small projections of the berg, made the whole look as though millions of sparkling diamonds had been piled together. The officers say that many statues and fantastic figures were discernible about the mountains of ice. The sea-

men and officers were awed by the beauty and grandeur of the scene. The Patapaco passed a dozen other icebergs between latitude 45 degrees and 47 degrees north, and longitude 49 degrees and 54 degrees west, from Aug. 1 to 3. The vessel brought 700 tons of general cargo and made the run in thirteen days to the capes. On her last voyage out of this more-American.
