**This Grocery Store**

It is quite wonderful how rapidly  
this grocery store has grown in  
size and in public favor since its  
inception a few years ago, unless  
one thinks of the motives which are  
behind it. The best grocery  
store should have everything that  
is good, both staples and delicacies,  
should sell them at the lowest  
possible prices, and should be clean-  
ly, handsome, and a pleasant place  
to visit. This grocery store has  
striven to be all these things, and  
its growth is pretty good indication  
of its success. If you know it, we  
don't need to tell you any of this,  
if you don't know it, we want you  
to come in and see how true it  
was to have been saying.

**STOVE FELL ON HER.**  
A painful mishap befell Mrs. Justin,  
of Mount Pleasant avenue, the other  
evening. Part of a stove, to which she  
was attending, fell upon her, causing  
a fracture of the shoulderblade and  
bruising her seriously. The sufferer was  
sent to Victoria Hospital by Dr. Fer-  
guson, who attended her. Since Mrs.  
Justin is over 80 years of age, the re-  
sults of the accident may be very seri-  
ous.

**COMING IN SECTIONS.**

Secretary McCann, of the Old Boys,  
has been notified from Chicago that a  
number of the Old Boys are leaving  
that city for London today and will ar-  
rive here this evening. Others will  
leave Chicago tonight, and the last  
contingent will leave Sunday night, ar-  
riving here Monday morning. The  
Chicago band will accompany the vis-  
itors.

Park on Tuesday, Aug. 15; also Ches-  
ley Hall fair, Sept. 21. Inquiries are in  
from Toledo, Blyth and many other  
places, as to terms, etc. From the  
club, the band will be invited to  
rapidly come to the front and will be  
one of the finest pipe bands in the  
Dominion.

**HIS HORSE WAS  
TOO FRIENDLY**

In Its Play It Got Mixed Up in  
Another Rig and Harness—  
A Runaway.

A lively runaway happened on Dun-  
das street yesterday afternoon, and it  
looked at one time as if something seri-  
ous might happen. Dyer, the liver-  
man, was driving west on Dundas  
street, leading another horse behind  
the rig. When the corner of Clarence  
and Dundas was reached, the horses  
shied at an automobile and ran into  
a telegraph pole. The hind-wheel was  
smashed, and in the mix-up the man  
in the rig allowed his horse to loose.  
The horse driven by Mr. Dyer be-  
came thoroughly frightened, and  
started down the street at a merry  
clip. The harness was broken, but  
Dyer managed by much hard work to  
stop it before it reached Richmond  
street. The harness which had broken  
loose began to have a time of its own.  
He showed a desire to mix in the so-  
ciety of the pavement. Becoming tired  
of this play, he attempted to hurdle  
a mail wagon, finally getting astride  
the shafts behind the horse. He  
clung and pulled and became mixed  
up in the harness of the mail wagon  
horse. The mail man, by skillful driv-  
ing, managed to control his horse and  
run away with the mail. The horse  
was the worse for his experience.  
There was quite a crowd on the side-  
walks at the time, and when the horse  
seemed anxious to mix in the society  
on them they were equally anxious to  
head into the stores. It furnished no  
little excitement.

Comfortable, commodious carriages  
for picnic parties. H. Hueston & Son.

**WAS MUCH INTERESTED**

Audience at Bennett Theater Saw  
Wireless Telegraphy Exhibition.

The Marconi wireless telegraph dem-  
onstrations given in Bennett's Vaude-  
ville Theater by Mr. H. G. Robinson,  
special representative of the Marconi  
Company, attracted a large audience  
last night, some of the most prominent  
citizens of London being present.  
Mr. Robinson's lecture proved one of  
exceptional interest. He explained in  
the most thorough manner the minute  
details of the wizard's invention, the  
people marveling at the genius of the  
wonderful Italian as they had the sys-  
tem said bare to them.

When Mr. Robinson had concluded,  
Mr. J. J. Kelly, an engineer of the  
company, sent a number of messages  
from a machine in the front of the  
house to a receiving station on the  
stage.

The messages included the names of  
many prominent citizens, and these  
were printed as they were received by  
a printing machine attached to the  
station.

The demonstration of the workings  
of the railroad semaphore by means  
of the Marconi system also greatly in-  
terested the audience.

Tonight and tomorrow night the lec-  
tures will be continued in the theater.

**CRITICISED, WAS  
STREET WATERING**

Board of Works Talked About  
Something Not Altogether  
in Their Line.

The members of the board of works  
last night informally discussed a mat-  
ter over which they have no control  
whatsoever, and which, if persisted in,  
will undoubtedly land them into a free  
fight with the city committee. This is the  
matter of street watering.

Chairman Fowler declared that the  
money now spent on watering the  
streets is simply wasted. Men with  
hoses would be preferable to the water  
carts, as they are to the street.

Ald. Garratt declared that the peo-  
ple are being swindled by the contrac-  
tors and that they will not stand for a  
repetition of the outrage next year.  
"There'll have to be a change," he  
said.

No. 3 committee only has the power  
to deal with the contractors, so that  
that body may not like the interference  
of the board of works, and a battle  
may be expected shortly.

The memo. from the council re the  
speed of automobiles and the framing  
of a by-law to the city council was also  
taken up, but it was laid over.

Ald. Garratt thought it would be  
unwise to place too stringent regula-  
tions on automobilists. The machines  
are easily controlled, and for their  
own safety the chauffeurs dare not al-  
low the machines to go very fast in the  
center of the city.

The mayor will be asked by the com-  
mittee to have a clause placed in the  
Warren contracts before they are  
signed providing that when Richmond  
street is being paved the G. T. R.  
engineers shall be asked to initiate  
a cement walk on the north side of  
Blackfriars street, Argyle street to the  
Wharfcliffe road.

W. W. Sprague, engineer of the city  
steam roller, was given an increase in  
wages from \$2.50 to \$3 per day.

Re the moving out of the sidewalk on  
Bathurst street, between Wellington  
and Waterloo, and the letter of the  
solicitor of the McCoubrey estate, re  
the same, the committee decided to  
refer the matter to the city solicitor  
for the purpose of ascertaining if the  
city is liable to damages if the side-  
walk is moved.

The committee accepted the recom-  
mendations of City Engineer Graydon  
re the running of traction engines over  
the pavements and the city solicitor  
will be asked to frame a by-law to  
cover the case.

**FARMER SUFFERS  
VERY HEAVY LOSS**

**Barn of Wm. Walker Destroyed  
Together With Season's Crop  
of Wheat and Hay.**

During the storm, which passed over  
this section at an early hour this morn-  
ing, a barn belonging to Wm. Walker,  
lot 23, concession 1, of Westminster,  
was struck by lightning and burned to  
the ground.

Mr. Walker had only completed his  
hay a few days ago, and the entire  
crop was stored in the barn, as was  
the whole crop of wheat. The  
live stock only was saved from the  
barn.

The barn was a new structure, hav-  
ing been raised only four weeks ago.  
Mr. Walker's loss will be heavy.

**CLEVER CHILDREN IN OPERA.**  
The Denver Republican criticised the  
Pollard Lilliputians recently as fol-  
lows:

"Denver theater-goers have not for-  
gotten the famous child actors, Pol-  
lard's Lilliputians, as was shown by  
the packed house which greeted the  
opening of their engagement at the  
Tabor yesterday afternoon. These  
little thespians returned to Denver  
yesterday from a tour of the world,  
and they were warmly welcomed. The  
children have improved much in the  
last year, and their present engage-  
ment in Denver promises to be one of  
the best which the Tabor Grand has  
enjoyed this season.

"The opening day was 'The Belle of  
New York,' and the children scored a  
great hit. Ivy Pollard, less than 5  
years of age, sang and danced her way  
into the hearts of the auditors in short  
order, and never failed to receive a  
warm hand of applause at every oppor-  
tunity.

"Daphne Pollard, too, scored a hit,  
in the role of 'Blinky Bill' McQuirk, a  
pugilist.

"Toby McNamara caused many a  
hearty laugh and was much appreci-  
ated. All of the children are good  
dancers and the majority of them are  
most acceptable singers.

"The children will appear all next  
week at the Grand, with matinees on  
Wednesday and Saturday. The seat  
sale opened today.

**Advertiser Correspondence**

**No Sunday Cars.**  
To the Editor of The Advertiser:  
I am sorry and surprised to see in  
tonight's Advertiser that certain promi-  
nent citizens are to wait upon the  
mayor for permission to run the street  
cars to Springbank on Sabbath next.  
As far as my knowledge goes, the  
mayor has no authority to grant such  
permission, and if the company run  
their cars on Sabbath they will be  
liable to prosecution. I am confident  
that a very large number of the citi-  
zens of London would deprecate the  
running of Sunday street cars, even  
for one day.

If the Old Boys' reunions are to be  
made a handle of to destroy the quiet  
of the Sabbath day, as we have it in  
our fair city, then the sooner they  
come to an end the better. Many of  
our visitors will be only too pleased  
to see the day kept as they were ac-  
customed to in other days—a pleasing  
contrast to the way in which the Sab-  
bath is held in many cities.

There are six days of the week for  
merry-making. Let the first day be  
kept as far as possible "holy to the  
Lord." Very truly yours,  
W. J. CLARK.

The residence of Mr. and Mrs. James  
Yates, of Price street, London Town-  
ship, was the scene of a very pleasant  
wedding on Wednesday evening, it be-  
ing the marriage of their daughter,  
Miss Rose Yates, to Mr. George Watts,  
of this city.

The ceremony was performed by Rev.  
Mr. Tranter, pastor of the Egerton  
Street Baptist Church, in the presence  
of a company of the friends and rela-  
tives of the bride and groom.

The bride, who was very becomingly  
attired in white, was accompanied  
with all-over lace, had as bridesmaids  
Misses Emily Watts and Violet Yates,  
while the groom was supported by  
Messrs. W. Yates and R. A. Mitchell.

At the conclusion of the ceremony  
the wedding breakfast was served. Mr.  
and Mrs. Watts will make their home  
on Price street, London Township.
