"Some one called, "See if you can catch him," and Potter looked up from his work, located the little fellow in the distance, nodded, squatted low on his wheel, and the struggle commenced.

The fortunate few who remained were given the 'cycling treat of the day. Tiedemann had a quarter of a mile start in a half mile; both had ridden nine and a half mile; both had ridden nine and a half mile; both had ridden nine and a half mile, but it told most on the plucky youngster, Potter actually closing up a gap of 432 yards, and beating Tiedemann under the wire by half a wheel.

The time of the last half mile was 1:35, and the time of the race 36:52 2:5—Potter's actual time in the race 36:52 2:5—Potter's actual time in the race 34:52 4:5.

The time shows that Potter could not have loafed a great deal, though he appeared to win easily. Potter rode at 158 pounds, his machine weighing 31 pounds. Bradley, who did such creditable work through the afternoon, rode a Whitworth. The Whit-

AGAIN VICTORIA WINS. Bright sunny skies brought out a big rowd to see yesterday's lacrosee match, etween the senior teams of Vancouver and ictoria. A. E. Wade of Victoria acted as referee, and the umpires were Messrs. Wal-ton of Vancouver and Lindsay of Victoria. Vancouver won the toss, and elected to play with the sun on their backs. For two minutes the ball was chased all over the field, the play of both teams being wild and erratic.

in half. This was accomplished on a Whitworth wheel, Jeffree getting ont of a sick bod to ride. Moody made him go every 19 into 6f the way, and also deserves credit. The teams were fuller and Bradley, Jeffree and Tiedeman, and Bradley and Moody. The latter team won 10 points to 3. Tiede man rode against Miller; Bradley against F. Moody; defiree against T. G. Moody. The event of the day was, of course, the ten mile race. It was a difficult task to properly handicap the different riders in this the time allowance guess was not a happy one, for guessing was all that the handicapper could do under the circumstances. The Mainland meteor has not been pushed in Canada; no one knows what he can do. In Frisco in 2:34, and the Colonist's sporting editor has seen him ride fifteen miles of a races in two hours without breathing hard, besides winning all the races but one—the mille event.

Moody; Tiedemann and Godson entered with him in the 20-lap event; Godson got one minute 30 seconds, Tiedemann two minutes, and Moody; three minutes. Moody had not the wind to stick it out, "giving up the ghost" at the end of the fifth mile. Godson was in hard luck; his pedal worked loose on the second mile, and had to be tightened, and on the seventh mile, when a good third, an outsider ran across the track and upset him. He got up and upset the outsider, but it spoilt his race.

Bart Tiedemann was left alone with the Burard Iniet boy, rode a plucky race, and kept Potter well down to his work, though after the fifth mile. Tiedemann so work, though after the fifth mile. Among other things, it was suggested that the question of divorce be referred to the various sections of the church for the collection of information to enable the church to see what course to pursue in opposing the passage of laws by the country permitting divorce on grounds other than scriptural ones. This recommendation was adopted, as was also a resolution presented by John Charlton, M.P., in favor of laws for the enforcement of Sabbath Observance. Papers were read by Professor Watt, of Glasgow, on the Land Question; Principal Grant, of Queen's College, Kingston, Ontario, on the Opium question in India. Among other things, it was suggested that

RETRIBUTIVE JUSTICE.

A Fickle Lover Jilted on the Morning of His Wedding Day. WINNIPEG, Sept. 29. - (Special.) - A wedding had been arranged to take place in this city last night, between a teacher in one of the colleges here and a young lady from Ontario. Just before the hour set for the ceremony, as the friends were arriving, the young lady announced her decision not to be married, and a scene followed. The lady went into hysterics, and still clung to her lover, but would not allow the ceremony to proceed. The affair has caused considerable sensation. The friends of the teacher look upon the expectant groom's plight as one of retribution, as, about a year ago, he suddenly broke off his engagement, when about to be married to a prominent young lady of this city.

WHENEVER I see Hood's Sarsaparilla now I want to bow No. 'Thank You'

I was badly affected with Rezema and Scrofula Sores, covering almost the whole of one side of Mrs. Paisley. my face; nearly to the top of my head. Running sores discharged from both ears. My eyes were very bad, the

evelids so sore it was painful opening or closing them. For nearly a year I was deaf. I went to the hospital and had an operation performed for the removal of a cataract from one eye. One day my sister brought me Hood's Sarsaparilla

which I took, and gradually began to feel bet-ter and stronger, and slowly the sores on my eyes and in my ears healed. I can now hear and see as well as ever." Mrs. Amanda Pais-Ley, 176 Lander Street, Newburgh, N. Y.
