ATTEMPTED ASSASSINATION.

PARIS, Aug. 24.-It would appear that a government has decided to dispatch serious attempt has been made upon the life murky with smoke—so much so that the 100,000 men and all the ships necessary to blockade the island of Cuba and crush the of Baron Alphonse de Rothschild. A large and heavy envelope was received at the bank to-day addressed to the Baron, He states that it is only a question of time and was opened by Mr. Zadkovitz, and weather when Captain General Marti- the confidential clerk of the well-known nez Campos will "sweep the rebels into the banker. Just as the clerk tore open the envelope it exploded with great force, tearing his right hand and blowing off some of his fingers. The remains of the strange envelope were picked up and examined, with the result that the police officers expressed the opinion that the envelope was nothing more than an infernal machine. It consisted of cardboard tightly bound together and was quite bulky. The attention of M. Zadkovitz, confidento tial clerk of Baron de Rothschild, was directed especially to this letter because of the bulk of the package and the number of seals used. He first laid it to one side thinking it to be a legal document of considerable importance, planning to open it when he had completed reading the daily mail.
