Terente Gun Club's Annual Tournament. The Toronto Gun club's annual pigeon shooting tournament was brought to a conclusion at the Woodbine yesterday. All were agreed that it had been the most successful gathering of the kind the club has ever held. The weather on both days was good, although the wind blew a little harder yesterday than on Wednesday.

The birds were on the whole particularly lively, an extraordinary number proving to be drivers. The shooting as the lively are traordinary number proving to be drivers. The shooting as the winning scores be ow prove, was more than averagely good. Yesterday W. H. Pearson, jr., who competed in the third class, and won second prize, missing first by half a bird, made an extraordinary shot. A bird to have been shot at by the previous man refused to rise, but when the trap was sprung for Mr. Pearson both his bird and the other one rose together, and a single well directed shot killed the pair. All the veterans on the ground said they had never seen such a thing before. Much interest was taken in the shooting of the hops.

Much interest was taken in the shooting of the baby class, especially as between Messrs. John Dill and Billy Clow, two ancient babies who had a little private wager of Pommerysecbetween themselves. Latest reports from the park were that
