Washington, May 7.—The track was fast to-day and the weather fine. Little Redding, one of the starters in the first race, fell and broke a leg.

In the second race, Rustic, the favorite, ran unplaced. Sam Wood was scratched for the third event, the handicap at 1½ miles, and Lowlander, the favorite, was beaten by Lotion, a 10 to 1 shot. Elleve was "second choice and Kyrl B. well supported. Neither got a mark.

The Canadians had the mile and half a furlong at their mercy. Prince Royal's Fast Work.

New York, May 7.—A cold, penetrating blast prevented the owners and trainers of the several race tracks exercising their horses much yesterday. At the Gravesend track Prince Royal, the Brooklyn handicap candidate, was extended at the handicap distance. He went the mile and a quarter in 2.11½, and although he acted as if he could have bettered his time by half a second, the performance is real y a magnificent one when the fact that he is somewhat big yet and has nearly a week to put on the finishing touches for the great event is taken into consideration. Prince Royal's performance edipses for the great event is taken into consideration. It was won by Baron de Hirsch's 5-year-old bay horse Vasistas, by Idus, out of Varanda. Mr. J. T. Whipp's aged brown gelding Tommy Tittlemouse, by Berserker, out of Lady Stately, was second, and Mr. E. Hobson's 4-year-old brown colt Burnaby, by Hagioscope, out of Whirlpool, third. There were 12 starters. The last betting was 9 to 1 against Vasistas, 12 to 1 against Tommy Tittlemouse and 10 to 1 against Burnaby.

Fergus, owned by Clark maxwell, arboped dead on the track at /Washington Wednesday immediately after the second race. He broke a blood vessel in the race. President Hendrie of the O.J.C. told The World yesterday that owing to the cold weather his horses were still at the Valley weather.

QUACKERY IN MEDICINE.

Attention has lately been especially called on several eccasions to the great injury and injustice done to young men by druggists and unscientific operators in the treatment of private diseases. Many cases of simple inflammation and infectious diseases of a private nature have terminated in gleet or stricture, with a lifetime of misery or total wrecking of health, by unscrupulous people who have no knowledge of these diseases or means of knowing how to treat them successfully. Yet they are daily undertaking them, and the result is decidedly unfortunate. The small price should be no inducement, as the damage resulting from improper treatment will often remain a lifetime.

The treatment employed by these persons, innearly all cases, consists of nauseous mixtures of copalba, cubebs, mercury or santalwood, which not only derange the stomach, but have a lasting effect upon the whole system. With these usually go injections, allo containing zinc or lead in some form, which, besides being useless and poisonous, also induce a chronic gleet, inflammation of the bladder or stricture in nearly all cases where they are used. Many have lost confidence by being deceived by ignorant pretenders, who have no medical knowledge or experience to recommend them, but who have forced their so-called specific upon the public, until many sufferers are backward about placing themselves in further danger, and become suspicious even of scientific experts; this is the condition many have been in when directed to consult Dr. W. H. Graham, 198 King-street west, whose record of success in cases of this nature has combated all opposition. This has been observed by so many that he is the admitted authority on cases where these complications are present.

ruler ever ascended the throne of the Empire. Abdul Hamid has a remarkably sagacious mind and still more remarkable activity. It is astonishing that he endures so much work; but he has a strong constitution, and his life will, we trust, be spared for a long period for the happiness and prosperity of Turkey.

Constantinople and all the suburbs were illuminated on the anniversary, March 26. It was a wonderfully beautiful spectacle, and those who had the opportunity of witnessing it will never forget it. All the officers of State, the patriarons of the different nationalities who live in the Turkish Empire, with equal rights, went to the imperial palace to pay homage to the Sultan. It was a fete day. The following is a copyas as given by the Turkish newspaper "Sabah" of the letter, admirable in its simplicity and dignity, in which the Sultan Abdul Hamid, fifty years ago announced to the Grand Vizier, Reouf Pacha, the birth of the present sovereign:

the 2.08 record that Teuton is alleged to have made in the west is allowed.

Not only has he placed his army on the best possible basis, but he has at the same time raised Turkish finances to a prosperty unheard of in previous reigns. Not a single loan has been saked from any foreign market in the reign of Abdul Hamid, and the credit of Turkey in the bourses of Europe has never been so great as at the present time. This result is due entirely to this with a grand display of fireworks and this with a grand display of fireworks and the presentation of prizes won during the increase of schools and the higher standard of education throughout Turkey. All those who have visited Turkey in the last ten years will recognize the immense progress made in the construction of the stakes: ment.
