Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effectual remedy yet discovered for diseases caused by derangement of the stomach, liver, and howels, which require prompt and effectual treatment. Aven's Pills are specially applicable to this class of diseases. They act directly on the digestive and assimilative processes, and restore regulative healthy action. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances, they are positively free from calomel or any injurious properties, and can be administered to children with perfect safety.

Aven's Pills are an effectual cure for Constitution or Costiveness, Indigestion, Dyspepsia, Loss of Appetite, Foul Stomach and Breath, Dizziness, Headache, Loss of Memory, Numbness, Billousness, Jaundice, Rheumatism, Eruptions and Skin Diseases, Dropsy, Tumors, Worms, Neuralgia, Colie, Gripes, Diarrhoca, Dysentery, Gout, Piles, Disorders of the Liver, and adother diseases resulting from a disordered state of the digestive apparatus.

As a Dinner Pill they have no equal.

While gentle in their action, these Pills are the most thorough and searching cathartic that can be employed, and never give pain unless the bowels are inflamed, and then their influence is healing. They stimulate the appetite and digestive organs; they operate to purify and enrich the blood, and impart renewed health and vigor to the whole system.
