Mines and Ovens at Coal Creek, Michel and Morrissey, B.C.

Present Capacity of Mines 1,000,000 tons of coal per annum.

Coke Ovens 350,000 tons per annum.

We would call attention to the superior quality of our Michel Blacksmith Coal, suitable for large forgings. Can be shipped at reasonable prices to all parts of British Columbia, the Northwest Territories and Manitoba.

This Company also owns the Fernie and Morrissey Mines townships, which offer investments in town lots that cannot fail to prove productive.

Having a large amount of development under way, there is always work for coal miners at good wages, and it may be said that there are few places in the world where labor of all kinds can earn more net money under agreeable conditions.
