

HIGH WATER MARK!

We use a figure of speech taken from the ocean to entitle our summary of the year's results, but with the reservation that there is a significant difference to be noted between the movement of the tide and that of THE SUN LIFE ASSURANCE COMPANY OF CANADA. The tide advances only to retreat again, but the Company's progress has been continuous and permanent, and it is the determination of those who direct its affairs that in this regard the future shall be only the fair fulfilment of the past.

Below we print a summary of the results of the year's business condensed from the Annual Report. The figures speak so strongly for themselves that it seems superfluous to enlarge upon them, but we would like to call special attention to three items, viz: The New Applications received; The Life Assurances in force, and the Cash profits paid Policyholders; the first two illustrating the confidence reposed in the Company by the assuring public, and the third, the way in which the Company repays that confidence.
