DR. HENRY G. PRESTON, of Brooklyn, N.Y., bears high testimony to the great value of Pond's Extract. He says, September, 1879: "I have sed Pond's Extract extensively, both in hospital and private practice for many years. I know of no one remedy so generally asrelal in a langly, nor one, the curative range of which covers so many apparently different diseases. I consider it the best local application for a great variety of complaints, I shall take pleasure also in recommending your toilet soap."
