Metal Ceilings

are specially appropriate for office use.

They are very ornamental and sanitary—keep out the dust and can be washed as often as required.

They do not crack and fall off like plaster and cost very little more.

During the past season we have fitted up a large number of offices and showrooms, and we would like to refer you to some of our work.

We can put Metal Ceilings on right over plaster, and when they are on all expense ceases, as nothing can damage them excepting the destruction of the building.

Send us a rough sketch of your Offices or Showrooms, giving sizes, etc., and we will prepare you design and estimate.
