—A CAN OF—

DIXON'S PURE FLAKE GRAPHITE

Is many times worth its weight in gold to an engine-
er or machinist. It is not affected by heat, cold,
steam, acids or alkalis. It is useful for hundreds of pur-
poses. It will cool bearings when everything else
fails. It prevents groaning and cutting of cylinders,
and is indispensable to stationary or locomotive engineers.

Sample and interesting pamphlet sent free of charge.
