The Balfour Block.

It is not perhaps, generally known that the Right Hon. A. J. Balfour, leader of the British House of Commons, is a considerable property owner in Winnipeg. One of his properties—the block on the corner of McDermot and Rorle streets, is now undergoing a remodeling process. A stone basement has been put under the structure and the building is being modernized throughout. Hoists and other improvements will be put in. Arthur Congdon has leased the north half of this block for his wholesale footwear business, giving him three storeys and basement, or four floors in all. This increase in premises has been rendered necessary in order to accommodate the stock of rubber footwear which he now handles.
