

"By which also He (Christ) went and preached unto the spirits in prison," infers the existence of a middle state. Mr. Ferguson explained that whatever hope might be supposed to lie in the passage, with regard to those beyond the pale of God's revelation, there was no hope to be drawn from it with regard to those who in time rejected that salvation. The case is exciting much attention, and is, of course, anxiously and hopefully watched by the Anti-Union party in the Free Church.
