

enforce the payment of all outstanding assessment fees. A great saving would be effected if the Council could get through its session in three instead of four days as usual. If the examiners on final subjects were paid according to the number of their papers a considerable saving would be effected, and the number of examiners might be reduced. Annual examinations would increase the fees, as from various causes many students dropped out before the time for the primary examinations arrived.

The report was referred to the Finance Committee.

Thursday, June 14th.

After routine a discussion arose on the matter of needed amendments to the Medical Act.

Dr. Allison moved that the Committee on Legislation appointed last year be re-appointed with instructions to consider and draft such amendments as were necessary to the Act, and report at the meeting of the Council next year.

The motion was seconded by Dr. Bergin, and adopted.

REPORTS OF COMMITTEES.

Dr. Edwards read the report of the Finance Committee. It was recommended that more stringent measures should be taken to collect outstanding dues. The assets and liabilities are as follows:—

ASSETS.	
Cash in bank.....	\$2,163 98
Building and grounds.....	18,000 00
Annual dues uncollected	5,318 00
	\$25,481 98
LIABILITIES.	
Mortgage on property.....	\$6,000 00
Expenses of present Council....	1,300 00
Accounts unpaid	861 81
	\$8,161 81
Balance in favour of Council	\$17,320 17

The report was adopted.

REGISTRATION COMMITTEE.

Dr. Rosebrugh read the report of the Registration Committee, which was adopted.

EDUCATIONAL COMMITTEE.

Dr. Lavell read the report of the Committee on Education, which was adopted. It was recommended that no action be taken on the suggestions of the retiring president. Dr. Edwards' resolution concerning the taking of cases was considered, and while the committee appreciated the importance

of the suggestions, recommended no action at present. Dr. Wright's resolution anent a summer session was considered, and the committee, while fully appreciating its desirability and the relief its establishment would afford to the excessive work of the winter courses, it was not deemed advisable to give it definite shape, but it was desirable to raise the question so as to call the attention of all interested to it. The following committee was recommended to review during the recess the curriculum of study endorsed by the Council:—Drs. Fenwick, Lavell, Macdonald, Bray, Bergin, Cranston, and Logan, the travelling expenses of the committee to be paid by the Council.
