ENDOWMENT POLICIES

PAYABLE to the Assured in a number of years alive, or to his heirs or assigns in case of death, are becoming yearly more popular as a method of providing for a rainy day, and to any requiring such policies we can unhesitatingly recommend the

ONTARIO MUTUAL LIFE COMPANY, as it is thoroughly reliable, while its policies, in point of liberality and cost, are preferable to those of other companies. E. M. SIPPRELL, of Saint John, is General Agent for N. B. and P. E. Island.

C. C. RICHARDS & Co.:

Having used your Minard's Liniment for several years in my stable, I attest to its being the best thing for horse flesh I know of. In the family we have used it successfully for nearly every purpose that a liniment is adapted for, it being recommended to us by the late Dr. J. L. R. Webster. Personally I find it the best allayer of neuralgic pain that I have ever met.

Etherington's Adjustable Spring Bed.

The Spring Bed consists entirely of

STEEL SPIRAL SPRINGS,

which lock on the slats of a common bedstead; making a most DESIRABLE BED WITH BUT A SINGLE MATTRESS, thus a saving in the price of bedding. They are the best laying, the most easy, most comfortable, most elastic, the cleanest and the easiest cleaned, the best ventilated (therefore the most healthy), the most durable, the cheapest and the easiest repaired. Most adjustable, as it fits all bedsteads without regard to width or length, and is perfectly noiseless. It can be packed in a trunk 16 inches square, so the most portable; no hiding place for vermin, no sagging to the centre, no slats to become bent and remaining so, but can be adjusted to the unequal weights of the occupants, permitting them to lie on the same level. On all points of merit we solicit comparison with any other Bed in the market.

All orders by mail will receive prompt attention.
