

THE ELECTRO-GALVANIC BATTERY has become a great benefactor in the domestic arts. In no instance is its wonderful effect so manifest as in the process of ELECTRO-PLATING. By this process a heavy coating of pure silver can be deposited firmly on articles made from German silver or white metal, and they will made and honestly plated. The articles have all the utility of solid silver, without the expense. No goods made by this process can be relied on that are not plated heavily enough to stand the machine buff polisher, and to resist acids. All our manufactures are subjected to these tests. To prevent the purchase by the public of inferior goods, each article of our manufacture is marked R. W. & Co., without which we cannot guarantee them.

PURE CHEMICALS & ALL NEW MEDICINES.

PREPARATIONS OF PEPSEINE.

MORSON'S PEPSEINE PORCI,

Pepsine obtained from the stomach of the Pig, in a pure and palatable form. Free from Starch and acid.
Dose—2 to 4 grains.

MORSON'S MEDICINAL PEPSEINE

DIGESTIVE POWDER.
(PEPSEINE ACIDE AMYLACEE, OU POUVRE NUTRITIVE.)

Contains the active digestive principles of the gastric juice of the stomach, purified and rendered permanent and palatable. Dose: 10 to 20 grains.

CAUTION.

As many of the low-priced Pepsines of commerce possess little or none of the digestive properties of TRUE PEPSEINE, the following tests of the purity and activity of the above preparations are given and every bottle bearing the trade mark of T. MORSON & SON is guaranteed to answer the tests indicated.

TEST.

TESTS OF DIGESTIVE POWER OF TRUE PEPSEINE.—Mix 4 grains Pepsine Porci or 10 grains of Medical Pepsine, with an ounce of water, then add 15 drops of Hydrochloric Acid and 150 grains of coagulated egg Albumen (hard boiled white of egg). Apply a gentle heat, not exceeding 100 degrees Fahr. (the temperature of the stomach,) for about half an hour, stirring the mixture occasionally, when the process of digestion will be found to have commenced, the Albumen becoming soft and pulpy. This action may be continued until after the lapse of a few hours, a solution is effected, such as occurs in the stomach.

PEPSEINE WINE.

The efficacious properties of this preparation are already well known; when the digestive organs are weak, or their secretions imperfect or unhealthy, it has been found invaluable.

Sold in Bottles at 2s., 5s., and 9s. each.

PEPSEINE GLOBULES.

One or two for a dose. These, like the Lozenges, may be carried in the pocket and taken when required.

Sold in Bottles at 2s., 5s., and 9s. each.

PEPSEINE LOZENGES.

Each Lozenge contains a dose of Pepsine, and will be found a very convenient and agreeable mode of taking this remedy, as it may be carried in the pocket, and taken when dining out, or at any other time, without observation.

Sold in Boxes at 2s., 6d., and 4s. 6d.

These preparations bearing our Trade Mark, but not otherwise, will be guaranteed to possess the full efficacy of the digestive principle.

Morson's Pancreatine Preparations.

PANCREATINE EMULSION (substitute for Cod Liver Oil). Perfectly miscible in water or milk. Dose, 1 to 3 teaspoonful twice a day in milk or water. Sold in stoppered bottles at 2s., 6d., 4s., 6d., and 8s. each.

PANCREATIZED COD LIVER OIL, in bottles, 2s., 6d., 4s., 6d., and 7s. 6d. each.

PANCREATINE POWDER, containing the active principle obtained from the Pancreas, by which the digestion and assimilation of fat is effected. Dose, 20 to 30 grains.

GELATINE, a perfect and economical substitute for Isinglass. In packets, 6d., 1s., and 1s. 6d. each.

MORSON'S EFFERVESCENT CITRATE OF MAGNESIA, in 4 oz. and 1 lb. bottles.

CREOSOTE (Caution)—From Wood Tar. Test of freedom from Carbolic Acid. Insoluble in Price's Glycerine.

Artificial Essences for Flavouring.

CHLORODYNE

Has now obtained such universal celebrity as a remedial agent, it can scarcely be considered a speciality, its essential composition being known to most European practitioners.

Many of the Chlorodynes of commerce are not of uniform strength, and vary in their effect, which has induced Morson & Son to compound this preparation to remedy these defects.

The dose for an adult is from 10 to 20 drops (and 1 minim is equal to 2 drops); the dose may, however, be increased in special cases to 25 or even 30 minims, but it is best to commence with the lesser dose. It may be administered in almost any fluid or on sugar.

Sold in bottles at 1s., 2s., and 3s. each, and in bulk for Dispensing.

MORSON'S PREPARATIONS are sold by all Chemists and Druggists throughout the world.

DR. J. COLLIS BROWNE'S CHLORODYNE.

THE ORIGINAL AND ONLY GENUINE. CHLORODYNE is admitted by the Profession to be the most wonderful and valuable remedy ever discovered. CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma. CHLORODYNE effectually checks and arrests those too often fatal diseases—Diphtheria, Fever, Croup, Ague. CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cholera and Dysentery. CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms. CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Menstruals, &c.

From LORD FRANCIS CONYNHAM, Mount Charles, Donegal: 17th December, 1868. 'Lord Francis Conynham, who this time last year bought some of Dr. J. Collis Browne's Chlorodyne from Mr. Davenport, and has found it a most wonderful medicine, will be glad to have half-a-dozen bottles sent at once to the above address.'

'Earl Russell communicated to the College of Physicians that he received a dispatch from Her Majesty's Consul at Manilla, to the effect that Cholera has been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.'—See *Lancet*, 1st December 1864.

CAUTION.—BEWARE OF PIRACY AND IMITATIONS. CAUTION.—Vice-Chancellor Sir W. PAGE WOOD stated that Dr. J. COLLIS BROWNE was, undoubtedly, the inventor of CHLORODYNE: that the story of the Defendant, FREEMAN, was deliberately untrue, which, he regretted to say, had been sworn to.—See *Times*, 13th July, 1864. Sold in Bottles at 1s., 1s. 2s., 3s., 4s., 6d., and 11s. each. None is genuine without the words 'DR. J. COLLIS BROWNE'S CHLORODYNE' on the Government Stamp. Overwhelming Medical Testimony accompanies each bottle. SOLE MANUFACTURER:—J. T. DAVENPORT, 33 GREAT RUSSELL STREET, BLOOMSBURY, LONDON. 6-12/2m

TELEGRAPHY.

YOUNG MEN AND LADIES desiring to qualify for the numerous situations which will soon be offered on the several Telegraph Lines, are invited to attend at the Dominion Telegraph Institute, No. 75 St. James Street. The mode of instruction followed in this Institute has received the approval of the highest authorities in the country, and the best proof we can offer is that all the new situations filled within the last two or three years have been so filled by pupils from this Institute. As to the success of the method followed here, read the following testimony:

'Cooking, 21st December, 1872. To Mr. Morgan, Proprietor of the Dominion Telegraph Institute: Sir,—I hereby certify that only eight weeks' study and practice in the Dominion TELEGRAPH INSTITUTE has enabled me to receive messages at the rate of 23 words a minute, and that I consider the mode of instruction followed as excellent. Yours, etc., "S. J. OSGOOD."

The regular course is three months; but, as will be seen by the above testimony, intelligent persons can qualify in much less time. Proficient pupils have the advantage of practicing on a regular line, and of being placed on a large circuit.

The terms for the course is THIRTY DOLLARS, the use of the instruments included. All the accessories of the school are new and complete. J. V. MORGAN, Proprietor, 75 ST. JAMES STREET, MONTREAL. 8-33 f
