

The reporter shook hands with Mrs. Benson and the cheerful Mr. Hewitt, and started forth into the street a doubting Thomas no longer, first promising to transmit to the Dr. Williams's Medicine Co. Mr. Hewitt's lavish expressions of thanks for what their wonderful Pink Pills had done for him. "Here we are," thought the scribe, "in the cold and practical nineteenth century, but here's something right here in this little village of Mono Mills mighty closely bordering on the miraculous all the same."

After leaving the Benson home the reporter sought out Postmaster Mills, whom he found equally eloquent in his praise of the wonderful Pink Pills. "They're certainly a great remedy," said he, "and anyone that doubts this has only to be told about George Hewitt's case. I suppose you have heard the whole story, and there's no use in my wearying you. The pills have undoubtedly worked the amazing change that is to be noticed in Hewitt's condition. It was I first sent for the pills for him, and I can certify to the striking change." The reporter further learned that the Pink Pills were kept for sale by Mr. Mills, and that the demand for them was large and increasing. The representative of The Post conversed with many other citizens of Mono Mills regarding Mr. Hewitt's case and found all agreed on the question of his former condition, his restoration and the remedy. Every one in and around the village, in fact, appeared to know all about the cure, and Pink Pills seem to be a household word in that section. On The Post's return to Orangeville, Mr. Richard Allen, ex-warden of Dufferin county, dropped into our office. The ex-warden resides about three miles from Mono Mills, and was asked if he had heard anything about what Dr. Williams' Pink Pills had done for Mr. Hewitt. He had heard all about the case, and was unhesitating in expressing the opinion that this was a striking instance of great results following the use of the pills. "I'm not much of a believer in wonderful cures I read about," said the ex-warden, "but I have known Hewitt for years, and this change in him is certainly astounding." The Post was surprised to hear that Dr. Williams' Pink Pills were extensively used in this section, but after the Hewitt narrative it was not surprised to hear of great beneficial results following the use of the great remedy. We are disposed to conclude from what some parties told us, that the base imitation business is already entered upon by unprincipled persons, and the public will do well to see that the Pink Pills they purchase have all the marks of genuineness advertised by the Dr. Williams' Medicine Company.

Dr. Williams' Pink Pills are not a patent medicine in the sense in which that term is usually understood, but a scientific preparation. They contain in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unerring specific for such diseases as locomotor ataxia, neuralgia, rheumatism, nervous headache, and the after effects of la grippe, palpitation

of the heart, pale and sallow complexions, and the tired feeling resulting from nervous prostration; all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to the females, such as suppressions, irregularities, and all forms of weakness. They build up the blood and restore the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing their trade mark and wrapper, at 50 cts. a box, or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundreds and any dealer who offers substitutes is trying to defraud you and should be avoided. Dr. Williams' Pink Pills can be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive, as compared with other remedies or medical treatment.
