To dress well we all desire, but how to do it with economy is the vexed question. Here is the solution of this problem:

With Ladies' clothing the style is now such that by taking one dress and having it Dyed to a bright, fresh shade, with the addition of another color or material, an entirely new garment may be produced.

Gentlemen's suits, which have been cast aside on account of being soiled or faded, by having them Cleaned or Dyed may save the expense of buying new ones.
