

3. Because the said Bill defines the ends, purposes, conditions, limitations and qualifications to be established in respect of aids and supplies to be granted by this House and the same are not alterable by the Senate.

And the question being put on the said motion; it was agreed to on a division.

Mr. Cochrane moved, That this House do not agree to the second amendment to the said Bill, for the following reasons:—

1. Because substantially the same amendment has already been considered and rejected by this House.

2. Because section six of the Bill contains a desirable provision for aiding the construction and improvement of Highways.

3. Because it is expedient to make provision for the case of any Province which may desire to have the Minister undertake the construction of a new highway or the improvement of an existing highway.

4. Because the section provides a convenient method of co-operation between the Federal and Provincial Governments in the construction of improvement of highways.

5. Because it is desirable to provide every reasonable means of co-operation between the Federal Government and Provincial Governments for the construction and improvement of highways consistently with the preservation of the rights of the Provinces.

6. Because the rights of the provinces are thoroughly safeguarded in the said section.

7. Because there can be no action by the Federal Government under this section except with the authority and approval of the Provincial Legislature and the Provincial Government.

8. Because the said Bill defines the ends, purposes, conditions, limitations and qualifications to be established in respect of aids and supplies to be granted by this House and the same are not alterable by the Senate.

And the question being put on the said motion; it was agreed to, on a division.
