

GOVERNMENT HOUSE,
OTTAWA.

March 13th., 1926.

My dear General,

His Excellency is more than delighted that you suggested Bug Saunders of the Eight Battalion for Vimy Dinner, he remembers him quite well and has asked me to send off an invitation to him at once.

I am glad Garner is getting along well, but am sorry that Lady Currie is laid up with tonsillitis, I hope she will soon be better. Regarding my family, thank goodness they are all on the mend, Hy is up but the babies are still in bed - I hope they will soon be alright again. Very sorry I missed you when you were in Ottawa last, I was taking a few days off up in the woods.

Best regards, I am

Yours as ever, ,

Willis
