

side of the river affords splendid opportunities to see the river, including the rapids, the falls, the whirlpool, and the gorge in detail and to the best advantage. That on the Canada side runs from Chippawa, on the Niagara Division of the Michigan Central, through the Queen Victoria Park, past the Horseshoe Fall and along the brink of the gorge, by the whirlpool, to Brock's Monument on Queenston Heights where the slope is descended to the steamer dock at Queenston. The line is $13\frac{1}{2}$ miles long, and the rate from Chippawa to Queenston forty cents, or seventy-five cents for the round trip.

On the American side the cars start from the Soldiers' Monument at the foot of Falls Street and gradually descend the gorge just
