We the undersigned special auditors appointed by the Municipal Council of the Township of Walsingham have the honor to report that we have thoroughly examined the Accounts of the Treasurer, and are pleased to state that proper vouchers were found for every item with the exception of two which have not the signature of the Reeve.

We would suggest the propriety of furnishing the Treasurer with a copy of the Acts relating to Municipal matters collected and arranged by R. E. Kingsford, Barrister; Also one of Wilson's Day Book, Cash Book and Ledger combined. The first will enable him to discharge his duties in accordance with the requirements of the law, and the other will enable him (with less liability to err) to keep the various accounts separate and distinct. We regret to say that for some years Collectors have been in the habit of returning their rolls in open violation of the law, by not swearing to the same when returned.

C. L. BINGHAM.

JOHN E. STEARNS.

Walsingham Centre, August 18th, 1880.
