AMHERST, N. S., May 27, 1893.

**THE GRODER DYSPEPSIA CURE CO.**

Gentlemen.—I am 71 years of age. Have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pains and sometimes vomiting. I have been subject to severe pains in the chest, with dizziness, which have been more frequent during the past three or four years. My mouth was furred up in the mornings, accompanied with bad breath. My case was yearly growing worse.

During all this long period I have tried many popular medicines, as well as prescriptions from the regular medical practitioners, but without producing any improvement.

In the Fall of '92 I concluded to try a bottle or two of your medicine and such were its effects that I continued it until now I can drink cold water or milk without any inconvenience. Those dizzy pains are all gone and my mouth is as sweet as a baby's. In short your medicine has cured me and I am sure that all Dyspeptics can be cured by its use.
