Wose Say-so i. Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives. Dr. Pierce's medicines, however, form a single and therefore striking exception to this rule. Their claims to the confidence of invalids does not rest sciely upon their makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

Amongst these writers we find such medical lights as Prof. Finley Ellingwood M. D.

Owen Sound has made an honest atempt to operate local option under the most favorable conditions, was the plea of the deputation which waited on Provincial Secretary Hanna yesterday in connection with the quashing of the local option bylaw. Local option had been fairly enforced by the government officials, and had the motion to quash the bylaw not been pending, the enforcement might even have been better, and the people of Owen Sound were well pleased with the results, the deputation testified. The bylaw had been carried by 61 per cent, and another vote would result in a 75 per cent, majority, it was asserted. Mayor Joyce agreed to expedite the vote as much as possible. Two temperance hotels are run by the town, which bought out the previous interests, and the townsmen are anxious, to forward their plan. The appeal will be heard in September, and local option will again be submitted at the first opportunity.
