A freight train and light engine collided on the western leg of the Y junction at the west end of the city this morning, and the line was bocked until about 6 o'clock in the evening. All the G. T. R. and C. P. R. trains the Toronto branch had to go around by the Beach and come in and go by the Beach and come in and go by way of stony Creek. No one was in jured seriously in the mishap, tho John Davies, Stony Creek, had his face badly cut while clearing up the wreck. The Labor candidates for aidermen addressed a meeting in the Trades of the western leg of the Y in the way and methods of its owners, the Cataract Tompany's poles.
