

THEIR PLANT ASSESSED.

Toronto Railway Company to Pay on Their Plant-Bearing Appeals in Ward One.

The Court of Revision continued its sitting yesterday, and completed the hearing of appeals from No. 1 Ward. Of 39 appeals entered, about 30 were dismissed and about ten were not prosecuted. The Assessment Commissioner was successful in getting an assessment of \$35,000 placed on the telephone poles and wires of the Toronto Railway Co. in No. 1 Ward. This will, if sustained, go a long way towards equalizing the amount of the reduction in assessment of real property.

Ald. John Russell's assessment of \$700 per acre on his brickyard and 1-3 acre in extent, of which east was reduced to \$600. His block of 7.5 acres on Pape-avenue was reduced from \$600 to \$500 per acre.

Ald. Leslie, in behalf of Mahalia Leslie, appealed against the assessment on property near the corner of Queen and Jones-avenue, which was reduced from \$18 to \$14 per acre and the corner lot from \$10 to \$5 per acre.

The assessment of 219 acres on the east side of Pape-avenue, south of Gerrard, belonging to Mr. George L. Nicholson, was reduced from \$600 to \$400 per acre.

A number of assessments on Broadway-avenue property were reduced, although the assessors had already made a heavy cut.

Mr. George J. Woods had his building south of Close-street reduced from \$900 to \$500.

Mr. J. F. Coleman, through Mr. A. J. Sinclair, had the assessment of \$20 and \$15 per foot, reduced to \$14 per foot for two lots of 85 feet each.

Neel Marshall's assessment of \$15 per foot, for 66 feet was reduced to \$10.

Ald. Russell's lot of 185 feet 6 inches was reduced from \$25 to \$20 per foot. Other reductions made by the court were as follows:

Toronto Land and Investment Company, Dundas-avenue, from \$3 to \$2 per foot.

R. Manson, 1 acre, north side Queen, corner of Curzon, from \$3500 to \$3000.

East corner of Kingston-road and Queen east, from \$2 to \$1 per foot.

Joshua-avenue, north of Boulton, from \$200 to \$150 per acre.

Ashbridge, 1444 Queen east, \$2500 reduction.

McGregor, 51 Elliott-street, from \$1900 to \$1200.

Elizabeth Prescott, 11, 12 Withrow-avenue, 104 feet, from \$422 to \$300.

George Horvath, 230 feet, Bowden and Wilson-streets, from \$10 to \$8 per foot.

Galloway, Baiting-avenue, 241 feet, from \$3 to \$2 per foot.

GOLDWIN SMITH'S DECREE.

Letters to the Trades and Labor Council as This Subject.

President London of Toronto University and Mr. Goldwin Smith have written the Toronto Trades Council, in acknowledgment of an expression of sympathy with the proposal to confer the honorary degree of LL.D. on Mr. Goldwin Smith.

Mr. London says: "I am glad to observe that the Council apparently sympathizes with the efforts of those who desire to make the University exclusively a home of learning, where there will always be a warm welcome not only for scholars, but for all members of the community, including politicians, if they will leave their party weapons at the door."

"The Professor's Letter."

Mr. Goldwin Smith's letter is as follows:

"Pray present to your council my best thanks for their kind expression of approbation and sympathy. In coming forward on the occasion from which these attempts at social persecution date, I was actuated, not so much by the desire of those who desire to make the University exclusively a home of learning, where there will always be a warm welcome not only for scholars, but for all members of the community, including politicians, if they will leave their party weapons at the door."

"The Professor's Letter."

Mr. Goldwin Smith's letter is as follows:

"The Professor's Letter."

Mr. Goldwin Smith's letter is as follows:

CARELESS CLEVERMEN

Who Neglect to Make Returns of Marriages Plan to Retain Them to Time.

Dr. Bryce is getting out a card for use by the issuers of marriage licenses throughout the province. Under an amendment to the act for the solemnization of marriages, made at the last session of the Local House, a return of every license sold must be made to the Registrar-General's Department.

The trouble heretofore has been that the clerics who are required to make returns of all marriages they solemnize are careless about their duty in this respect, and the present move is made for the purpose of keeping "tabs" on them and compelling them to make returns.

In this connection it may also be stated that Dr. Bryce is collecting all records of marriages kept at the various county buildings, from 1850 until the system of making returns to the county authorities was dispensed with.

Chicken Lice.

Put two or three coats of whitewash on every interior spot of the building, and let the fowls have a dust box. Whitewash and the dust box are the surest preventives of lice. Lice should be mixed with the dust occasionally to dry it. If it has been done before spring laying and sitting, the fowls will have no trouble with lice. So many farmers neglect their poultry house in the spring, and long before they have thought of lice, the pests are busy on their chicks sapping their young lives away. Kerosene and lard when applied is very effective, but they are very dangerous in their use. A little castor oil on the head and under the wings of sitting hens is also very effective. When the chicks are removed from the nest, each one should be greased on the head and under its wings, even if you do not think it has lice. If possible, have some dust in the coop with the brood hen. If you want your fowls to be free from lice you must keep their habitation clean, and the best way to do this is by changing the contents of the nest and whitewashing the apartment. One-half day spent in cleaning the chicken house will do wonders for the chickens. I am speaking of the average poultry house, as it is the one neglected. Remove the perches and give the walls a thorough whitewashing. Place clean gravel or earth on the floor and replace the old perches with new ones—Ohio Farmer.

The Head of the Dairy Herd.

Daniel Munroe says: The most important of all selections is the head of the herd. The bull we breed from should combine as much concentration of the very best family records as can be positively put on breed. The value of a good bull was fully illustrated last summer, when one of the largest dairies in the province was disposed of at public sale. The head of the herd was the one neglected. Remove the perches and give the walls a thorough whitewashing. Place clean gravel or earth on the floor and replace the old perches with new ones—Ohio Farmer.

How to Clean White Sallies.

Young women who have been wearing white sailor hats for the past month are beginning to look apprehensive about the stained and discolored condition of their hats. It is possible, however, to remove this staining as any one can learn for herself. First brush the hat very thoroughly and carefully to remove as much dirt as possible. Then add a little ammonia to some water, and with a brush and some fine soap, scrub the stained brim till it is clean. Care should be taken not to break or bend the straw, but if this precaution is observed the washing will be found very beneficial. If any stains do not prove amenable to this treatment, apply a little lemon juice, which is wonderfully efficacious for cleaning straw. When the last remedy has been applied lay the hat on a flat surface so that it may dry in its original shape. Do not attempt to wear it before it is completely dry.

New Gas Heating Arrangement.

A French chef, in order to secure a more perfect combustion in gas-cooking, has devised an arrangement whereby thorough mixture of gas and air is effected before the mixed gases reach the jets or flame orifices where they meet the additional air necessary for combustion. For this purpose there is employed a fan or revolving agitator through which the gas, with an adjusted supply of air, is made to pass, both becoming thoroughly mixed on their way to the burners.

Self-Ignition of Cotton Waste.

The self-ignition of cotton waste has recently been made the subject of careful experiment. A small amount of the common waste was saturated with linseed oil, wrung out and inclosed in a wooden box into which was fitted a thermometer. Shortly afterwards the temperature in the box, which was ten degrees centigrade at the commencement of the experiment, rose to 175 degrees centigrade and the contents commenced to smoke. On opening the box the contents burst into flame.

White Specks in Butter.

E. C. Bennett of Epitomat says: The white specks in butter are due to poor ripening of the cream. Some of the cream has "wheyed off" and decomposed, and the curd has gathered in clots and the whey has separated from the cream. Greater care in ripening the cream is called for, and the sure way to do it is to strain the cream into the churn. Then the clots do not get into the churn and are not found in the butter.

Rough on Weeds.

By stirring the soil after every rain the weeds will be more evenly destroyed than in any other way, besides securing a better growth of plants.

Taking Great Chances.

A crooked cat, like an added egg, is almost sure to be discovered by some one. At best the chances against it are so great that he is a rash man who would run any risk.

A Beauty Hint.

For the lines which form the corners of the nose to those of the mouth, make lightly and firmly with the balls of the fingers a dozen strokes from the corners of the lips outward and upward to the ears.

Felling a Mahogany.

It is a whole day's task for two men to fell a mahogany tree. On account of the spurs which project from the base of the trunk, a scaffold has to be erected and the tree cut off above the spurs, leaving thus a stump of the very best wood from ten to fifteen feet high.

The interesting story they tell is an echo at every counter in the store. There is so much to learn and know of this store and what it is doing for shoppers. Its efforts in the direction of money saving for every home receive the warmest recognition—as it deserves. Study carefully these daily hints.

Saturday Selling at the Hosiery Counters.

We have always something deserving of inspection in hosiery—many specialties coming to us daily. Recognizing that this is a line of goods in large demand on Saturdays we lay out special lines for the benefit of shoppers. See just what we mean by the following quotations:

Ladies' Black or Tan Cotton Hose, double heel and toe, reg. 18c a pair, for..... 12 1-2c
Children's Black, Tan and White Cashmere or Cotton Socks, with spliced heel and toe, reg. 18c a pair, for 2 for..... 25c
Ladies' Extra Fine All-Wool Cashmere Hose, high spliced ankle, summer weight, 3 for..... \$1.00
"Special"—Misses' and Boys' Plain or Ribbed Tan Cashmere Hose, spliced heel and toe, sizes 7-12 to 8-12, reg. 40c and 50c, for..... 25c
Ladies' Black or Tan Drop-Stitch Cotton Hose, spliced heel and toe, full fashioned (Hermesdorf dye), worth 35c a pair, for..... 25c
Tan feet, plain or drop-stitch, reg. 35c a pair, for..... 25c
Ladies' Black or Tan Tan Hose, spliced heel and toe, full fashioned, worth 35c a pair, for 3 for..... \$1.00

Men's Furnishings for Saturday Buyers.

Just the kind of goods you will want—everything of a sum-mer character, lightness and comfort—a large consideration. These things no more so than the prices at which we are selling men's furnishings.

Fine Cambric Shirts, light blue stripe, 2 collars and 1 cuff, the value of a good shirt was fully illustrated last summer, when one of the largest dairies in the province was disposed of at public sale. The head of the herd was the one neglected. Remove the perches and give the walls a thorough whitewashing. Place clean gravel or earth on the floor and replace the old perches with new ones—Ohio Farmer.

Sale of Millinery for Saturday.

There has been a going over of millinery stocks, and quite a number of leading lines are being laid out for the benefit of those who visit this store on Saturday. You have to know that the goods are this season's, and these are the remarkable prices fixed on the different lines:

Black and Cream Leghorn Hats, reg. price 20c, for..... 10c
Cream Shell Crown Leghorns, reg. \$1.50, for..... \$1.00
Cream Leghorn Hats, reg. \$1.25, for..... 75c
Black Leghorn Hats, reg. \$1.50, for..... 1.00
Special Flower Shades, reg. \$1.50, for..... 1.00

The store closes at 6 p.m. Saturday, as on other days of the week. The earlier you shop the better. Lunch is served in the parlors of the city. Business men have learned that there is no better place.

THE ROBERT SIMPSON CO., LTD.
