IN A DEADLY CURRENT

Cochman Gets Entangled in Fallen Trolley Wire.

BRANTFORD, May 13.—(Special)—Frank Leddeter, coachman, having driven a party to a dance here last night, had a remarkable escape from death on Alfred-street. A wire across the trolley of the street railway broke and the driver and his team of horses were enveloped in a loop made by a live wire carrying 2200 volts. One of the horses was electrocuted, and the other was laid out. Leddeter had one arm badly burned in taking hold of one of the horse's heads.

MAY SHARE IN HUGE FORTUNE.

ST. THOMAS, May 13.—If only a missing marriage certificate could be found Mrs. Donald Darrach's claim to a share of a \$2,000,000 fortune would be sustained. She is one of the fifty descendants in America of William Forster of Scotland, whose fortune is estimated as above.

The Agony OF PILES

ONLY those who suffer from piles know the misery it brings! It robs life of its pleasure, steals the brightness from existence, and substitutes days of dull pain and moments of acute agony. Most so-called "remedies" give ease only for a time, and then—back comes the trouble and pain and misery! Zam-Buk cures Piles! And cures permanently. Proof of this lies all around you. Women and men in all stations of life have proved it—possibly some of your friends! Let it cure you!

Mrs. Wm. Hughes, of 253, Hochelaga Street, Hochelaga, Montreal, says: "I was suffering for years from blind, itching, and protruding piles. The agony I suffered no one knows. Remedy after remedy proved useless. Day followed day and there was no relief for me—pain, loss of strength, dizziness, misery, this was my experience until Zam-Buk was introduced. I know now that there is nothing on this earth like it! It cured me of piles, and once cured, I have had no return of the evil. I would like all women who suffer as I did to know that Zam-Buk will cure them!"

Besides being a specific for piles, Zam-Buk cures eczema, blood-poisoning, abscesses, ulcers, cuts, burns, bruises, scalds, sores, ringworm, bad legs, poisoned sores, insect stings, dandruff, sore feet, and all skin injuries and diseases. All Druggists and Stores sell at 50c. a box, or from Zam-Buk Co., Toronto, for price.

Public Amusements

For eight years the Trocadero Burlesquers have toured the country with success, under the management of Charles H. Waldron, and last season the company ranked with the very best in its line before the public. Manager Waldron presents this season two new and uproariously funny burlesques entitled "Sweeney's Night" and "The Gaiety Theatre," a political comedy of the cost of Japan. This latter skit has a good plot and is full of unique situations, while the color schemes are said to be most varied and beautiful. The olio will include a number of high-class vaudeville acts. With such a varied and entertaining bill the Gaiety Theatre is expected to capacity audiences all next week.

Probably no religious drama has obtained so much attention as that of "A Soldier of the Cross" by Eugene O'Connell and produced by that master of stagecraft, Thomas E. Shea. It has never been presented by any other actor, for the role of a soldier in the trenches is too heavy for the majority of the stars of to-day. The story deals with the trials of the early Christians and the scenes by the early Christians and the scenes by the destruction of that city and the eruption of Mount Vesuvius. Mr. Shea gives a magnificent picture of the struggles of the early Christians, and the struggles of the early Christians, and the struggles of the early Christians.

Don't forget that Monday night at the Jumble Cowan's benefit night at the Grand A. J. Small and Thimmas E. Shea tendering the popular management a complimentary performance of "A Soldier of the Cross."

The Majestic is presenting this week the motion pictures of the Shrubbery Longwood race at Montreal. They are splendid films. Next week the Majestic will present a complete new bill of vaudeville specialties and self-explanatory dramatic pictures.

The new management of the Star Theatre are assured that vaudeville and animated pictures are just the sort of entertainment wanted by the public. Last and children flocked to the Star this week, and every one of them were delighted. For the second week the management offers five big headline acts that have never been seen in this city before. Among them are Granville and Mack, The Two Butlers, Campbell and Gale, Miss Moore and Charles Falke. A new set of pictures will be shown Mondays and Thursdays. The shows are at low prices of 10 cents and 10 cents are to prevail. The public can stay as long as they like. No smoking is to be permitted.

Famous Hotel Burned.

PLYMOUTH, N.H., May 13.—After destroying the Pemigewasset House, one of the most famous hostleries in the White Mountains, together with the railroad station and express office in this vicinity for many years swept into the pine forests and lopped up two farm houses. Nathaniel Hawthorne died in the hotel in 1864.

Would Kill the Shah.

LONDON, May 13.—A despatch to The Times from Tehran says that now the shah has been weakened by the action of the soviet and the Nationalist demands, the Nationalists and revolutionists are still dissatisfied and threaten to attack him, with the obvious desire of getting rid of him altogether.

Cage of Monkeys Cremated.

JEFFERSONVILLE, Ind., May 13.—A boy to-night threw a lighted match into a cage of seven trained monkeys held at the tail of the parade of a circus. The cage was littered with straw, the monkeys were burned before they could be released.

Dredge Broke Cables.

NEW YORK, May 13.—The United States Grand Jury for the Southern District of New York has found the indictment against Robert McMullen, master of the dredge Onondaga, belonging to the Newark Meadows Improvement Company, for passing on the Jan. 22 two cables belonging to the Commercial Cables Postal Telegraph System, running under the North River. In case of conviction the penalty may be two years' imprisonment and \$5000 fine.

BIBLE AS A TEXT BOOK IN ONTARIO SCHOOLS

Presbyterian Synod to Petition Whitney Government—Lively Incident.

The Presbyterian Synod of Ontario Kingston had an animated discussion at the closing meeting yesterday afternoon with reference to the study of the Bible in the public schools. It arose over a communication from the clerk setting forth this resolution: "The synod of Ontario and London Ontario acknowledge the measure of Bible instruction made possible in the schools of Ontario by the laws of the province, at the same time regret that the schools have to a large extent failed to avail themselves of what is within their reach, chiefly because there is no provision for examination on Scripture lessons, and believing that this evil can only be remedied by giving an examination to the students of the Bible in the schools of Ontario to petition the legislature to enact such laws as shall place the English Bible as a text book on the curriculum of the public schools."

Immediately after the resolution from the adjoining synod had been read, T. Spear, Cobourg, vigorously endorsed the resolution and urged that the Bible be excluded from the schools.

Rev. Dr. Fraser concurred in Mr. Spear's sentiment and suggested that the resolution go to the committee on French evangelization, and that they be empowered to act with the other synods.

Rev. James Buchanan moved that the moderator and clerk be authorized to send a petition from this synod to the Ontario government in accordance with the action of the Hamilton and London Synods. This was concurred in, but gave rise to a lively incident.

Rev. George R. Fasken, pastor St. Paul's Presbyterian Church, Bathurst street, was the first to rise and go to the right place to have the English Bible taught was in the universities. He said that teachers might become qualified to use it as a text book in the public schools.

"You are all wrong in your history," said Rev. James Buchanan. "In the time of John Knox, the Bible was placed first in the school in Scotland and it went from there to the colleges."

Rev. J. W. Mitchell, as one of the oldest graduates of Toronto University, having been graduated fifty years ago, objected to the question of the Bible at the university being introduced into the question before the synod. It must be regarded as taking a side in a burning controversy in the City of Toronto, and as a significant attack upon the position of some of the most prominent men in connection with the university.

Rev. Mr. Fasken said he was willing to accept an addition to the constitution of the synod, which would be referred to the attorney-general. He said that he was a former resident of this country.

LAWYER SERIOUSLY CHARGED

Alleged to Have Fabricated Evidence to Mislead High Court.

WOODSTOCK, May 13.—(Special)—Alfred Hall, a Halleybury lawyer, has been brought to Woodstock by local authorities on a charge of fabricating evidence and misleading the high court, in that he produced a certain affidavit to the court purporting to be signed by one Davidson, who was supposed to be prosecuting a local suit.

Davidson declared that he had never signed nor authorized the signature of the affidavit. The magistrate recommended that the case be referred to the attorney-general. J. W. Curry of Toronto appeared for Hall, who is a former resident of this country.

Mr. Foy's Police Force.

The attorney-general's reorganization scheme for the provincial police system is nearly completed, and will be announced shortly.

The organization will have a most comprehensive field, touching upon the work of several departments. In addition to the ordinary pursuit of criminals there will be the enforcement of the law and order in the unorganized districts of New Ontario.

Assessor Resigns.

GALT, May 13.—(Special)—Assessor McFagan has resigned, following a long delay in the returns last year, which rendered the voters list late and inoperative for the elections.

WON'T LET HER GO HOME

U. S. Officials Bar Canadian Woman From Returning to Husband.

CLINTON, Ont., May 13.—The people of this town are indignant at the action of United States immigration officials in refusing to allow a woman, who had been visiting her old home here, after a residence of some years with her husband in New York State, to return to her husband.

(Mrs. W. Hamm, the daughter of Joseph Cooper, of this town, married two years ago and went to live in Rose, N. Y. In the fall of 1907 she came to visit her parents, and remained some months, returning to her husband with no interference. This spring she again came to Clinton, and was here two months, but on returning on May 1 she was stopped at Suspension Bridge, and refused admittance to the United States.

The case has been taken up with the authorities in Washington.

VESSEL FOR TEMISKAMING

Steel Steamer Built in Toronto Shipped to Halleybury in Sections.

A steel passenger steamer, 90 feet long, with accommodation for 250 people, has just been completed at the Toronto Shipyards, and last night was shipped in sections on Grand Trunk flat cars to Halleybury. She is the property of the Halleybury Navigation Co. and will ply out of Halleybury to various points on Lake Temiskaming. The work of construction required five weeks and after she was entirely complete she was taken to pieces in a day and a half. Her cost is \$20,000.

The Toronto Shipyards, of which John W. Gerrell is manager, have undertaken the building of two large steel hopper scows for the department of public works. They are both of 300 yards' capacity, 156 feet long, 28 feet beam and 9 feet deep, and will be launched in August.
