## CANADIAN ADVANCE SHOWN IN FILMS

Sir Max Aitken Reports on Preservation of War Records.

## BETTER NEWS SERVICE

British Papers Show Fuller Recognition of Canadian Readers' Needs.

By a Staff Reporter.

Ottawa, Ont., Oct. 30.—The second interim report by Sir Max Aitken on the Canadian War Office records, deals chiefly with preservation and publication of original diaries of Canadian overseas units. Arrangements have been made for the preservation of these in the imperial public record office. Upwards of 250 packages of war records have been received and docketed. The most important records are being photographed to furnish sufficient copies for all purposes and to preserve the original copies from mutilation and destruction.

Capt. Knobel, official photographer, has been compelled to retire thru ill health, and is succeeded by Lieut. Castle, whose pictures of the Somme drive are now appearing. Lieut. Bovelle, is official cinematographer, and has secured pictures of the Canadian advance of the Somme, which are claimed to be superior to those taken by the British operators.

The Canadian news service to the troops in the trenches is now being published as well in The London Daily Mail under the heading "Canada News for Canadians."

The Canadian Commission, Canadian communication dealing with Canadian troops in Flanders and sent to Canada weekly, is now appearing in the British press as well.

## PATRIOTIC PARTY AT COLLEGE OF MUSIC

Charming Musical Program Enjoyed by Many Guests.

A patriotic party was given at the College of Music when a charming musical program and tea were enjoyed by the guests of the afternoon.

Small tables covered with dainty cloths offered opportunity for chats among friends, and the palms and flags about the large room made a most inviting atmosphere. The entertainment was arranged by Mrs. Connor and the office staff, and Mrs. Torrington poured tea at the larger artistically arranged table. A pretty feature of the afternoon was the announcement that little Isabella Brown, the small granddaughter of Mrs. Torrington, had made \$5.72 by the sale of bulbs which she had been allowed to take from her grandfather's garden.

On Saturday afternoon she had donned a French cap of her own making, set her wares on a table in the grounds, above which she placed the notice "Bulbs sale in aid of soldiers' comforts." The result was the above.

The musical program was given by Miss Louise Westman, Mrs. Eileen Millett, and Mrs. Carr.

The new executive of the West End Croche are: President, Mrs. Herbert Houston; vice-president, Mrs. F. Burritt and Mrs. Allan Case; recording secretary, Miss A. Robertson; corresponding secretary, Miss Ethel Hendrie; treasurer, Mrs. R. J. Christie. Conveners of committees: house, Mrs. Ganong; sewing, Mrs. R. A. Lyon; relief, Miss Robertson, penny bank, Miss Monroff.

## THE PRICE OF COGNAC BEERS

An error occurred in Exporters, Limited, advertisement, which appeared in the last issue of The Sunday World. In the price list of Cognac beers, prices were quoted for two dozen bottles instead of for one dozen bottles. The advertising page in this morning's World (page 10) gives correct prices. People who wish to get these splendid malt and hop beverages should make a note of these prices for present and future use.

## Advance Hallowe'en Party At St. Joseph's College

An advance Hallowe'en party took place at St. Joseph's College last evening, when the recreation hall was changed into the spirit of the season. The true spirit of the season prevailed. The girls of the school were costumed in the various dresses and colors of our allies and Canada, India and Australia, and an at-home and ball were given, during which the representatives of various lands crossed hands in the mazes of the lancers and several national dances. A frolic of the fairies followed by the singing of the "National Anthem" brought the evening's fun to a close.

## WINNIPEG GRAIN MARKET.

Winnipeg, Oct. 30.—Wheat closed 1 1/2c lower for October, 1 1/2c down for November, 1 1/2c lower for December, and 2c lower for May. Oats dropped 1 1/2c in October, 1c in November and 1 1/2c in May. Barley gained 1 1/2c for both months. Flax advanced 3/4c to 1 1/2c.

The trade was dull and small, in which Winnipeg dragged lower, in spite of the stronger American markets. Realizing sales caused a break in the morning, but wheat recovered on strong news from the Argentine, and the reports of export buying on the Chicago market. At the close wheat looked weaker. Cash demand was fair for No. 1 northern wheat; other grades were quiet. Exporters took sparingly.

## LIVERPOOL CATTLE MARKET.

Liverpool, Oct. 30.—Trade at Birkenhead this morning was quiet and prices are down on Saturday's quotations. Irish steers and heifers today marking 1c to 5c per pound, sinking the official.

## CHEESE RECORD AT UTICA.

Utica, N.Y., Oct. 30.—The highest price ever paid for cheese in this locality was today a feature of the Utica Dairy Board of Trade. Sales were 1900 boxes at 20 1/2c.

## Doctor Tells How To Strengthen Eyesight 50 Per Cent. In One Week's Time In Many Instances

### A Free Prescription You Can Have Filled And Use at Home.

Philadelphia, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that, according to Doctor Lewis, there is real hope for you. Many whose eyes were failing, they have had their eyes restored through the principle of this wonderful free prescription. One man says: "After trying all I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with all my eyes, but after using this free prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time, and much more will be able to strengthen their eyes to the point where the trouble and expense of eye wearing glasses is

troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent Physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to almost all specialists, and highly prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent. in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." G. Tamblay said it
