Give Your Dentist a chance

Two many wait until an aching tooth forces them into the dentist's chair. It's folly to suffer this needless pain when all you have to do is to give your dentist a chance to prevent trouble in your mouth by visiting him at least twice a year for a thorough teeth and gum inspection.

Formula of R. J. Forhan, D. D. S. Forhan's Lids, Montreal

ITS sheer carelessness to let your teeth decay is a sure sign of a bad character. Yet your dentist knows that four out of five past forty, and many younger, suffer from this serious gum disorder.

It begins with tender bleeding gums. Soon the teeth loosen in their sockets and the poison spreads through the system, causing rheumatism, neuritis, and other similar diseases.

Forhan's for the gums is the simple, easy way to keep you out of pyorrhea's clutches. It's a pleasant dentifrice that firms the gums and gives the teeth a thorough cleansing. It contains Forhan's Pyorrhea Liquid which has been used by dentists for the last 15 years in the treatment of pyorrhea.

Used regularly and in time, Forhan's prevents or checks pyorrhea and so is an important safeguard to health. Begin today to use Forhan's night and morning as a wise precaution. All druggists, 35c and 60c in tubes.

OFFICERS ELECTED.

Roberts, Mrs. Arthur Power, Miss Ella McAlary, Mrs. C. R. Wasson and Mrs. M. E. Grass.

Mrs. O. G. Branscombe and Miss Alleen Branscombe have returned from months' trip to Montreal and New York.
