

Notable Picture At Queen Square

"The Isle of Lost Ships" An Unusual Photoplay - New Picture Directed by Maurice Tourneur Is Termed 100 Per Cent. Entertainment.

"The Isle of Lost Ships," shown at Queen Square theatre last night is 100 per cent entertainment. Maurice Tourneur has outdone himself in directing it. It is a powerful story of character development of life lived in the raw, sketched in big, broad strokes against a weird background. It is interesting to the youngsters as well for there are enough thrills in it to satisfy the most insatiable craving for melodrama.

Into the meshes of the miles of sea-wood that comprise the Sargasso Sea drifts an ocean liner, crippled by a derelict during a storm. The sole survivors of the wreck are a young society girl, an escaped convict under sentence of death and his captor, a New York detective. Bucked into the centre of the maelstrom by the encircling ocean currents, the liner eventually reaches a strange spot—the "Isle of Lost Ships."

Here the marvelous imagination of the producer is shown and the story which he unravels is a fascinating one. The cast includes Milton Sills, Frank Campeau, Anna Q. Nilsson and Walter Long.

GOOD PLAY BY LOCAL AUTHOR

"Under Shifting Sands" Presented by Employees of N. B. Telephone Co.

Ensembles of the New Brunswick Telephone Company last evening staged an Egyptian fantasy entitled, "Under Shifting Sands." The performance took place in the auditorium of the telephone building and acting, costume, scenery and music were of a high order of merit. The fantasy was written by C. A. Kee and reflects a great deal of credit on its author. It contained many local hits which found ready favor with the audience. The play will be repeated this evening and on Tuesday evening a performance will be given, the proceeds from which will be devoted to the work of the Free Kindergarten in St. John.

The cast for the first part of the show last night was as follows: Jiggs, A. W. Watson; Maggie, Pearl Wayne; Sheik, Fraser Fulton; Vi, Nan Monahan; Joe, H. Dakin; Daughter, Stella Moran; Reggie Montgomery, T. Dunlop; Jeff, N. Betz; Mutt, C. D. Fitzgerald; Zolna, Elsie Rogers; King Tut, E. Tilly; Dirty Moore, James Smith; Oris, L. Codner; Ials, C. Flewelling.

Others taking part in the section portion of the programme were: Lillian Corbett, Katherine Breen, Maizie Sawyer, Evelyn Conway, Berlie Campbell, Alice Smithman and Gladys Scribner. Edith Thompson and Marjorie Smith were accompanists. The first part was pictured the tomb

Women of Middle Age

THE critical stage of a woman's life usually comes between the years of 45 and 55, and is often beset with annoying symptoms such as nervousness, irritability, melancholia, heat flashes which produce headache and dizziness, and a sense of suffocation. Guard your health carefully, for if this period be passed over safely, many years of perfect health may be enjoyed.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women through this crisis. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. It is prepared from medicinal roots and herbs, and contains no harmful drugs or narcotics. Its value is proven by many such letters as these:

Vancouver, B. C.—"Before I took your wonderful medicine I was sick and ailing all the time. I happened to be speaking to a friend and she said, 'Why don't you try Pinkham's?' I am on my fourth bottle and can truthfully say I never felt better. I had tried all kinds of medicines but none seemed to do me much good. I urgently plead with those who are sick to try it. I was always cranky and had headaches but now life is altogether different. What the Vegetable Compound has done for me it will do for others."—Mrs. T. W. Fluro, 557 Richard St., Vancouver, B.C.

Brockville, Ontario—"I took Lydia E. Pinkham's Vegetable Compound for weakness and female disorders. I was so weak at times that I could not stand up. I had been this way for nearly three years, and the different medicines I had taken had not done me any good. I found one of your little books at my door one day, and I thought I would give your medicine a trial. I am now on my fifth bottle, and it has helped me. I am feeling much better, have no weak spells and can do all my work now. I am recommending your Vegetable Compound to all I know."—Mrs. Casey Lambert, 176 Abbott St., Brockville, Ontario.

Letters like the above do influence women to try

PERMANENT ENAMEL BAKED ON STEEL

Eight years ago, when Dodge Brothers originated the all-steel motor car body, they took advantage of the absence of wood in the framework to bake an enamel finish on the surface of the steel.

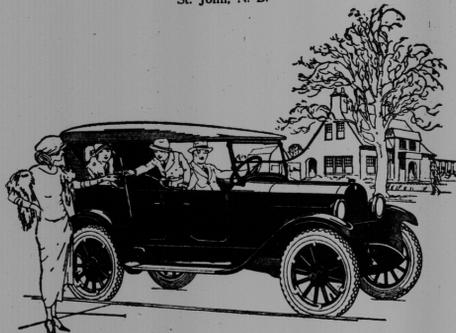

In a series of electric ovens, especially designed and built by Dodge Brothers' engineers for this process, three distinct coats of black enamel are successively baked on the steel at an intensely high temperature.

The result is a finish so hardy and durable that it seldom requires more than a good cleaning and polishing to restore the original brightness.

Even in sections where elements of the soil are especially destructive to body finishes, Dodge Brothers enamel retains its beautiful luster after years of wear.

The price of the Touring Car is \$1430 delivered.

Officers Chosen By Hospital Association

Yesterday afternoon at the Catholic Hospital Association Maritime conference, Dr. George H. Murphy of Halifax gave an example of a model staff meeting after which there was discussion by Dr. J. M. Barry, Dr. C. M. Kelly, Dr. S. H. McDonald and Dr. J. B. Nugent. E. J. Henneberry, B. C. L., spoke on "Hospital Liabilities" and a discussion on his paper was led by N. B. McArthur of Glace Bay. Dr. M. T. McEachern, president-elect of the Canadian Hospital Association, led a round table talk on hospital management. Officers were elected and the place of meeting and the date for the next session were left in the hands of the central organization.

The officers elected were as follows: President, Sister M. Ignatius, superintendent of St. Joseph's Hospital, Glace Bay; first vice-president, Sister Mary Gertrude, superintendent of the St. John Infirmary; second vice-president, Sister Anna Seaton, superintendent of the Halifax Infirmary; third vice-president, Sister Saint Gertrude, superintendent of the Charlottetown Hospital; secretary-treasurer, Sister Walsh, superintendent of the Hotel Dieu Hospital, Chatham; additional members of the executive, Mother Audet, superintendent of the Hotel Dieu Hospital, Campbellton; Sister Elizabeth Sexton, superintendent of the Halifax Infirmary; Sister Francis Joseph, superintendent of the Hamilton Memorial Hospital, North Sydney; Sister Saint Beatha, superintendent of nurses, Charlottetown Hospital, and Sister Mary

Rheumatism

A Remarkable Home Treatment Given by One Who Had It. In the year of 1893 I was attacked by Muscular and Sub-Acute Rheumatism. I suffered as only those who are thus afflicted know for over three years. I tried remedy after remedy, but such relief as I obtained was only temporary. Finally, I found a treatment that cured me completely and such a pitiful condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them seventy to eighty years old, and the results were the same as in my own case. I want every sufferer from any form of muscular and sub-acute (swelling at the joints) rheumatism, to try the great value of my Improved "Home Treatment" for its remarkable healing power. Don't send a cent; simply mail your name and address, and I will send it free to try. After you have used it, and it has proven itself to be that long-looked-for means of getting rid of such forms of rheumatism, you may send the price of it, One Dollar, but understand that you do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer, when relief is thus offered you free. Don't delay. Write today. Mark H. Jackson, 155 J. Durston Bldg., Syracuse, N. Y. Mr. Jackson is responsible. Above statement true.

ROBINSON'S UPSTAIRS CLOTHES SHOP

Featuring Special Values for the coming week Beginning Saturday

I am going after the biggest May business in my history—I have assembled these special values in order to double my business this week. See them and you can't resist them!

No. 1---Two Pants Suits

Scotch and English tweeds in several new attractive patterns.—Robinson tailored—in Single and Double Breasted Models for men and young men. Other stores would charge at least \$35.

\$25

My Upstairs Price With 2 Pants

Inflow of Negroes Causes U. S. Dismay

Restriction of Foreign Immigration Cuts More Ways Than One.

Washington, May 11.—Restriction of immigration into the United States promises to become one of the leading issues before Congress when it meets again. On the surface of things, it does not appear probable that the immigration laws will be made less strict than they are, although the present restrictions are having effects which will inevitably increase the agitation for more liberal policies. One of the latest phases of the operation of the three per cent law on which comment is being made is that

Terrible Headaches And Dizziness

Mrs. S. Raphael, 287 Kenilworth Ave., N. Hamilton, Ont., writes—"I used to suffer from terrible headaches and dizziness. Last summer, while I was walking up a side street, I got a dizzy spell and fell in the middle of the road. An old gentleman helped me to get to where I was going and told me to get a vial of Milburn's Laxative Pills. Well, I did, and they did thank you, as I don't get headaches or dizzy spells any more."

New Vocational Education Board Is Appointed

The meeting of the Provincial Government ended yesterday afternoon in Fredericton and most of the members left last evening for their homes. Hon. Dr. W. F. Roberts announced that the first session of the commission of inquiry into the tuberculosis test of cattle would open in the City Hall in Moncton on Tuesday at 11 o'clock in the morning. The Board of Education met yesterday afternoon and Miss Ida Baxter of the staff of the provincial normal school was given one month's leave of absence on full pay. Miss Mildred A. Palmer of the staff of the Model School, Fredericton tendered her resignation which was accepted. Miss Mary Palmer, now in Sussex, will succeed her. For the first time items on the

Officers of the St. John Infirmary

It has served to decrease unemployment and increase wages in such fashion that a large amount of Canadian labor is being attracted to the United States. Canadian artisans are said to be obtaining employment in large number on this side of the border, with the result that there is already some complaint in Canada. Recently, there have appeared reports that negroes in the southern states are being attracted to the United States. These reports have not, however, set forth the real reason for the movement. Persons familiar with conditions in the South say it is due to the immigration laws and the curtailment of the available labor supply in this country, especially in the northern industrial states. Criticism of the immigration laws by such men as Judge Gary, head of the Steel Corporation, and other great corporation heads, will not move Congress to amend the laws and let in more immigrants. But the movement of negroes out of the cotton fields, if it continues, may result in a complete change of programme. It is an interesting fact that southern men in Congress have been most pronounced in urging drastic restriction of immigration. But if the South's labor supply is cut into seriously as a result of it, one may expect an about face. It is by no means inconceivable that the vote in Congress from the South will before long be added to the vote of members from the great manufacturing and industrial states in such a way as to force a relaxation of the immigration restrictions. The votes to relax the immigration laws cannot be counted now, but a shortage of labor in the cotton and tobacco regions may speedily alter the outlook. A number of highly prized gifts have been received by the Natural History Society. Mrs. John Salmon presented a fine lustre tea pot, which goes with a tea set previously donated. From the estate of the late James Manchester the society received a collection of rare and beautiful minerals. George Hannay presented an old clasp knife found on Fort Howe. He also donated a French medal with the date 1792, a shilling of King George III's time, dated 1818, and a brass curio, which was picked up at Courtenay Bay.

"I Now Feel Fine"

Mrs. P. G. Murdoch, Box 433, Portage la Prairie, Man., writes: "I was troubled for years with biliousness, constipation, kidney and liver troubles. I tried many different kinds of medicine, but nothing did me much good until I tried Dr. Chase's Kidney-Liver Pills. I now feel fine, but am never without these pills in the house. Dr. Chase's Ointment has relieved my husband of piles, from which he used to suffer badly."

DR. CHASE'S KIDNEY-LIVER PILLS One pill a dose, 25 Cents a box, all dealers, or Edman, Bates & Co., Ltd., Toronto.
