

R. J. LOGAN GIVES POLICY STATEMENT

Candidate for Commission-ership Announces His Platform.

R. J. Logan, candidate for commissioner, has announced the platform on which he is appealing to the electors. It follows here:

The people of St. John have had many ideas put before them regarding a change in the civic government of the city but a change is not necessary. The present commission form of government has been a success in many cities where leading business men have accepted the civic position and run their cities on a systematized basis. In cases where commission form of government has been a failure, as in St. John, the fault lay in the fact that the wrong type of men were elected, men who thought they owned their departments and who did not have the interests of the wage-earners at heart. In the handling of civic affairs in this city there has never been any system, co-operation or harmony and never will be until men are elected who realize that they are after all servants of the people and must carry out the wishes of the taxpayers.

In the last ten years 25 per cent. of the money expended to run this city has been absolutely wasted or thrown away. The amount needlessly expended runs into hundreds of thousands of dollars.

St. John is a city with more opportunities than any other city in Canada, the winter port, the dry dock, terminal of two big railway systems, situated in the heart of the lumber and farming industries, and yet we have less manufacturing industries pro rata than

any city in the Dominion. The city is due for a boom and we need public spirit and co-operation and a careful handling of civic affairs.

I personally know of a live wire tourist publicity proposition that will be a big boost, also a scheme to have many manufacturing concerns locate in St. John, and you all know that new industries is what St. John must have in order to prosper.

I will place public lavatories in the city for men and women. I will fight for cheaper street car fare. I will advocate plenty of play grounds for children.

Above all I will fight for tax reduction and a proper system of taxation. Three words of the English language supply a remedy from the present outrageous taxation; they are cut out graft.

The wage-earners' tax in this city is out of the question. I will fight hard to place the wage-earners' tax on the following basis: A tax of five dollars on the first thousand dollars, and all above that amount to be taxed at the city rate.

There are hundreds of working men who have not a vote at the coming civic elections, all due to over-taxation. A city cannot be built up by muzzling the working man who is the backbone of the country and should be encouraged rather than handicapped.

What St. John needs is just one live wire go-getting official who is not afraid to fight in the taxpayers' interests, and any one who knows me knows that I am not afraid to say what I mean and carry it out, and if

KILLS HIMSELF IN LAST EXECUTION

Official Had Put to Death 45 Persons on The Guillotine.

Breslau, March 18.—(By mail).—Paul Spaeche, executioner, who recently shot himself in this city, left a considerable estate. Before the war 800 marks, or \$125, and traveling expenses was the fee paid for each execution, and it has now returned to about the same amount.

Spaeche has guillotined 45 persons. That was emphasized by his lighting 45 candles, one to each of his victims, before he shot himself. He invested his earnings in a restaurant and in real estate which enhanced in value, so his heirs are well provided for.

A century ago the executioners in Europe were a much higher class of men than at present. They were required to be educated in surgery, and practiced medicine. They were state officials and received a fixed salary.

Mothers! Apply Common Sense

THIS is the era of the prevention of disease and sensible people do not wait until sickness has actually come before remedying the trouble. The crowded hospitals everywhere are sad examples of the results of neglect. Be especially watchful of children. Restlessness, lack of normal appetite and feverishness usually indicate constipation. Stop it at once with a spoonful of Dr. Caldwell's Laxative Syrup Pepsin and you will have prevented real sickness. Mrs. C. S. Bungey, 19 Chatham Av., Halifax, N. S. and Mrs. W. F. Funder, Biggar, Sask., seldom have illness in the family because of their prompt use of Laxative Syrup Pepsin.

A Great Family Laxative It may be difficult to decide just what medicine to use out of the many that are offered, but it would not be if you knew the facts. There are laxatives, cathartics, purgatives and phisics, and they vary in their reaction on the system. Naturally, the stronger the medicine the more it shocks the system, and the more wise parents never give anything but a laxative to children. Dr. Caldwell's Laxative Syrup Pepsin is a mild laxative, a vegetable

compound of Egyptian senna with pepsin and desirable aromatics, and so appreciated that it is now the largest selling preparation of its kind in the world, over 10 million bottles being used annually. The formula is on every package.

Three Rules of Health Purchase a bottle of Laxative Syrup Pepsin at a drug store and always keep one in the family medicine chest. Give it to anyone from infant to grandparent, for it is safe, and the cost is less than a cent a day. You can keep a family healthy with just this simple medicine. Give it for constipation, torpid liver, indigestion, biliousness, headaches, colds and other evidence of bowel obstruction. Dr. Caldwell, who was a practicing physician for 47 years and who originated this formula, had three rules of health that he found very effective among his patients and which you can follow with great benefit: Keep the head cool, the feet warm, and the bowels open.

after which you will be anxious to taste its wonderful flavor. This is absolutely the only Sun-Ray quality product in New Brunswick. Test it. Made by E. J. McLaughlin, 92 Prince Edward street.
