Try Triscuit To-day

Food science has taught us that there is much body-building nutriment in the whole wheat grain which we do not get in white flour. The only question is how to make the whole wheat grain digestible. That problem has been solved in the making of

TRISCUIT

The Shredded Whole Wheat Wafer

It is the whole wheat, steam-cooked, shredded, compressed into a wafer and baked—the maximum of nutriment in smallest bulk. Many people prefer it to ordinary bread toast. Heated in the oven to restore its crispness, it is delicious for luncheon, or for any meal, with butter, potted cheese or marmalades.

KANSAS WOMAN WHO SUFFERED

From Headache, Backache, Dizziness and Nervousness, Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lawrence, Kans.—"A year ago I was suffering from a number of ailments. I always had pain and was irregular. During the delay I suffered a great deal with headache, backache, dizziness, nervousness and bloating. I had been married nearly three years, and took Lydia E. Pinkham's Vegetable Compound and now I feel better than I have for years. I recommend Lydia E. Pinkham's Vegetable Compound to all who suffer as I did."—Mrs. M. ZEUNER, 1045 New Jersey Street, Lawrence, Kansas.

Montana Woman's Case.
Burns, Mont.—"Lydia E. Pinkham's Vegetable Compound cured me of awful backache which I had suffered with for months. I was so weak I could hardly do my work and my head and eyes ached all the time. Your Compound helped me in many ways and is a great strengthener. I always recommend it to my friends and tell them what a grand medicine it is for women. You may use my name for the good of others."—Mrs. JOHN FRANCIS, Burns, Montana.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

Daily Hints For the Cook

Beef Stew
Get three pounds of the shin. Cut the marrow all out and try in iron frying pan. Wash and wipe dry the meat and cook in fat until well browned on all sides.
Then put all into deep kettle and keep well covered with water until meat is well done. Take out, remove bone and set meat aside.
Into stock in kettle put eight potatoes cut into pieces, four onions sliced. Season well with salt and pepper. When nearly done turn in one can of tomatoes, cook until potatoes are thoroughly cooked, then thicken with tablespoon and a half of four mixed smooth in tablespoon of butter. Cook a few minutes and remove from fire. Take all the small pieces of meat and put in the stew and save the nice even slices for another meal to be eaten cold instead of putting it all in the stew.

HEAD AND NOSTRILS STUFFED FROM COLD

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.
It promptly opens clogged-up nostrils and air passages in the head, stops many discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.
Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitutes.
The cleanest of the clean and the hottest of the hot—Consumers Coal Co's coal.

MILK DEALERS TO FIGHT THE COMBINE

St. John faces a serious situation regarding the milk supply. According to the retail dealers one local concern has made an effort to control the entire supply of milk shipped to St. John and has secured enough contracts from the farmers to seriously limit the quantity available for the local dairymen.
A meeting of the milk dealers was held last evening and they decided to fight. Their statement of the case is that if they are forced to buy through the "Combine" they will have to pay ten to twelve cents more per can, they pay this price they must raise the price charged the consumer from eight cents to nine or ten. In addition to this they will be unable to guarantee a milk.
As they could recoup themselves if extra price would not affect their pockets, but it is for the protection their customers and for the purpose keeping the price to a reasonable level and making sure of the quality of milk they sell that they are fighting. Until they can get in touch with other sources of supplies it may be necessary for them to cut down the quantity of milk supplied to each customer.
