ST. STEPHEN.

[Progress is for sale in St. Stephen at the book store of C. H. Smith & Co., and G. S. Wall and H. M. Webber.]

July 5.—The "Whitlock excursion" to St. Andrews on Wednesday last, was a decided success. If there had only been more time to enjoy the beauty of St. Andrews and the Algonquin hotel, it would have been a perfect outing, but "time and tide" wait for none. The boat "Steadfast" was obliged to steam away from the shore at 10 o'clock. Mr. Whitlock is to be congratulated upon the success of the excursion, and the admirable manner in which he arranged it. More than 200 ladies and gentlemen were present on this occasion, and all were loud in their praise of the enjoyment it afforded. I believe Mr. Whitlock intends to arrange another excursion to the Algonquin some time during August.

A large number of excursionists arrived in town last week on Saturday, and the day was enjoyed by all. The races and the game of base ball, and to enjoy the pleasures of the "glorious fourth". The morning rain prevented the programme of sports for the day being carried out, but the excitement of the day was not lessened by the fact that the excursionists were in the city. The day was a great disappointment to the people on both sides of the river, it spoiled the evening. I heard that the gentlemen in the city, who are on the excursion committee, intend to give the public an exhibition of fine works and a band concert on Main street tomorrow evening.

DORCHESTER.

[Progress is for sale in Dorchester at George M. Fairweather's store.]

June 8.—Life has taken on a brighter hue since I penned my last letter. We have had several days of glorious summer weather, and our Dorchester is something to enjoy, when we do have it. The clerk of the weather must imagine we would grow too proud and haughty to our less fortunate neighbors if we had much of it, so he keeps us in a miserable day or two now and then, "when it is too warm for hot blooded men, too cold for larger breed, and one does not know whether to wear an overcoat or not. However, we cannot have everything, and when people come from Moncton with their melting tale of woe, we take another long breath of cool air, and are thankful.

The first of July was perfect here, and a good many strangers saw our little town under very favorable circumstances.

Mrs. Beddome, of Moncton, with her two young daughters, spent the day with Mr. Hickman at Rockley.

Mrs. Hewson and her infant daughter came to spend some weeks with her mother, Mrs. Chandler. Mr. Hewson is often here too, and it seems like a little bit of the "days that are gone" to see them among us again.

A Handsome Top Phaeton.

WE have been showing heavier Carriages for some time. This is a top Phaeton, so popular with many people. The advantages of such a vehicle for driving need not be spoken of here, for they are apparent. This carriage weighs 100 pounds. Among the numerous testimonials received by us from time to time is one from Mr. Golding, of Fredericton, who says that he has been using John Edgecombe & Sons' Carriages and Sleighs for twenty years in the most perfect manner, and has been so satisfied with them that he has never found any to give him as good satisfaction as those manufactured by John Edgecombe & Sons.
