HALIFAX, March 26.—A dispatch from Yarmouth says the quarantine which has been in force here for the past three weeks on account of small pox, will be raised tomorrow. During the time mentioned, all churches and schools have been closed and every effort possible has ben made to furnish the town with a clear bill of healt. A compulsory general vaccination was ordered and no difficulty was found in enforcing it. Additional accommodations for affected persons were provided and all persons exposed to contagion were kept in detention houses until the danger limit was passed. It is estimated that the outbreak will cost the town not less than \$6,000 and probably more. **NO LUMBER** COMBINE

IN SCATHING SPEECH SURVEYOR-GENERAL MAKES COMPLETE REFUTATION OF ALL CHARGES AGAINST HIS DEPARTMENT

FREDERICTON, March 25.—After holding up the business of the Legislature for one wek, discussing bycones, and rehashing them over again, and making scurrilous charges against the Government which they must have known could not be sustained, the Opposition led by Mr. Robinson who has been named "The Vacation Premier," said idly by and allowed the address in reply to the speech from the throne to be adopted without even calling for a division.

Mr.Sweeney and Mr.Tweeddale sat in with supporters in the legislature and with the electors of the province than it has at any time since it came into prower, in March, 1998.

Why Was it, 'Mr. Burgess, of Victoria, had been advertised in the Opposition press to appear to make a statement substantiating the charges make by Mr. Tweeddale that William Vassoir had without even calling for a division.

. Were Dumbfounded.

This may be to some exetent explained by the fact that they were dumbfounded by the manner in which the fallacy of the statements of their members in the debate had been so ably exposed by Hon. W. C. H. Grimmer, Surveyor General in the closing speech of the debate.

mer, surveyor General's speech was a brilliant finale and was without doubt one of the ablest addresses ever made on the floors of the house. His defence of his management of the department of Crown lands was complete while he exposed the conduct of exsurveyor general Sweeney, and convicted Mr. Tweedale of Victoria of lack of appreciation of the trust reposed in him.

Investigation Under Oath.

Investigations under oath before a committee of the House into the charges which they made against the Crown land department management is promised to further humiliate these gentlemen if such a thing is possible. It is safe to state that never in recent years has there been a more able and convincing statement, with such a damaging effect to the public as well as private status of the Hon. gentleman opposite. The Surveyor General had the facts. He had the records of the Department and these could not be successfully denied or explained away.
