Only One Day More of Bermuda Contest

The Intcrest in the Standard's New York City and Bermuda Islands Contest is at a White Heat--Everybody Helping Their Favorites During These Last Hours.

ALL SINGLE BALLOTS MUST BE VOTED TODAY

Continued from page 1.

to go—on reflection he decided to give the girl the votes—Dozens of such cases have been heard from lately—thing remains to do—close every prospect. See those who promised you early in the contest. See anybody and everybody now—nearly any man will dig up $5.00 if the proposition is explained. He expects such a call, and in many cases has made up his mind to help the first comer. He has read of the fight for the ballots and can't resist the charming smile and modest request of any one of the girls who are after votes.

No one at this last day will have the heart to refuse, so we say, Go after them stronger than ever, knowing that the land of dreams will become a lovely reality.

Many girls are selecting their wardrobe suitable for the warmer tropical country they visit. In several cases there appears to be absolute assurance that they will go to Bermuda—but that does not prevent the girls going after the goods. Those indeed are the ones who are putting in most effort.

Go after them today and tomorrow as you never did and the well-earned rest and vacation will be yours.

Don't forget that the contest closes at 10 o'clock tomorrow night — and that all single ballots must be in by 5 p. m. this evening.

NEW BRIDGE IN YORK CO.

Harvey People Well Pleased With Structure Recently Erected--Was Neglected by the Late Government.

Harvey Station, Oct. 3.—A new bridge has been erected on the York Mills stream which is a credit to our country. The former one was neglected by the late government, until over a year ago it tumbled down. No money was spent on it for years, though it was considered dangerous.

The new one is strongly built with a span of 40 feet and a roadway of 17 feet. The span rests on two concrete stone-filled piers which are 18 feet wide at the base, extending back from the riverbed 10 feet and tapering to the top. Several tons of rock were taken from the west side approach and the road straightened out. The bridge with approaches is now about 250 feet in length and cost only about $3000.

The work was accomplished by Mr. Boone, contractor, and John Oldham was the inspector. Works of this kind have a permanent value and are a strong proof of the government's interest in the welfare of the people.

The severe windstorm of yesterday blew down several trees along the highways and broke down the York and Charlotte long distance telephone wire, which was quickly repaired.

Mrs. Norman Smith, of this place is recovering from an attack of acute rheumatism.

Several deer and moose have recently been shot in this vicinity.

Mrs. Andrew Halford, of Acton, was buried last Thursday and Miss Mabel Little, of York Mills, on Tuesday.

William Hood, of St. John, is visiting his former home and gathering some nice partridges.

Rev. M. J. Macpherson left on Monday for New Glasgow, N. S., to attend the synod of the Presbyterian church.

The annual Harvey fair will be held on Tuesday.

R. Simms, of St. John, was out to South Tweedside (Oromocto lake) last week.

WATERBOROUGH.

Waterborough, Oct. 3.—The worst electrical storm in sixty years struck here on Saturday night last, about 8 o'clock. The wind blew a gale and the rain fell in torrents. The thunder was very heavy and the lightning incessent. The storm lasted about an hour, and it was terrific.

A house belonging to Caleb Phillips of Cumberland Bay was totally destroyed by fire on Friday last. The only thing saved was a stove and a sewing machine. The fire is thought to have originated from a defective flue. Loss $1,000.

The thermometer stood at four degrees below freezing this morning and ice was to be seen in the water holes on the road this morning. It did not do much damage as the farmers have their grain all cut.

C. H. Mott went down to St. John on a business trip this morning.

Mrs. G. S. Gegg went down on the May Queen this morning to St. John.

Fred Sharpe, of Boston, Mass., is home on a visit to his parents, Mr. and Mrs. Thos. Sharpe.

William McLean, of Boston, Mass., is visiting relatives here.

James Kelley went to Fredericton this morning.

Mrs. Fenwick Granville, of the Range, Queens Co., is visiting her parents Mr. and Mrs. Daniel Slocum.

E. H. Fairweather spent Sunday at Coal Mines, Queens Co., the guest of Mr. and Mrs. Samuel Beck.
