Y.M.C.A. PROGRAMME

Wrestling, Boxing and other Sports in Winter's Plans — Swimming Instruction a Great Benefit.

The approach of the winter season brings with it renewed activities at the building of the Young Men's Christian Association, and the members which have recently increased greatly in numbers, are now busily engaged following up the various lines of work in which they are particularly interested.

Already the gymnasium classes are in good form, and under the careful training of Physical Instructor Howard have attained a certain proficiency in class work.

The indoor baseball, basketball and other attractions which occupy the attention of the members during the fall and winter season have already taken a fast grip on the sport enthusiasts, and evenly matched teams have been formed to arrange a schedule of games to be played on the gymnasium floor during the coming season.

With the additional services of Swimming Instructor Harding at the disposal of the members, the swimming pool affords special attraction, and the Saturday afternoon class, which has been held to instruct the younger boys in the art of swimming, offering as it does special opportunity for the boys to learn what in this age is almost a necessary acquirement, has on each occasion received large attendances. Under Mr. Harding's training the younger boys are developing into full and graceful swimmers.

An increased interest is given to the gymnasium work at the Y. M. C. A. by the additional attraction in the line of wrestling. Arrangements have been made with Dan McDonald, Canadian champion wrestler, to instruct the members in the art of wrestling. A number of the regular members of the association have taken advantage of the special opportunity afforded them and the Canadian champion has a class of athletic enthusiasts under careful training. Weekly exhibitions with members of his class will be a feature of this season's work on the gymnasium floor.

Much interest is also being taken with the boxing, and a large class of members is now under training with Fred Flaherty, who is engaged by the association as instructor. In past years boxing has proved an attractive feature for those having an inclination towards that sport, and judging from the commencement made, it will this season attract even more members than previously.

Under the general supervision of Secretary O. S. Watt the headquarters of the Young Men's Christian Association have taken on a very active appearance and the individual members are manifesting a keen interest in all the work which is being carried on.

At present preparations are being made to place a team in the indoor Maritime meet which will be held in the Victoria Rink this month under the auspices of the St. John Athletic Club, and Physical Instructor Howard is getting his men in form to compete.

EAT CABBAGE, FISH, SAUSAGE, NEW BREAD

"Pape's Diapiesin" digests food when stomach can't — Cures Indigestion.

Do some foods you eat hit back—taste good, but slow, ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapiesin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they slow, ferment, but "Pape's Diapiesin" comes in contact with the stomach distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

OBITUARY.

Mrs. Catherine King.

The death of Mrs. Catherine King occurred Saturday morning in the General Public Hospital. Her death will be mourned by many friends. Her husband, Patrick King, survives, with one son, Charles, and one daughter, Miss Mary at home. There are also six sisters and three brothers. The funeral will be held today at 8 o'clock from the residence of her sister, Mrs. Henry Appleby, 64 Wall street.

Ready for Practice.

Professor—If a person in good health, but who imagined himself sick, should send for you what would you do?

Medical Student—Give him something to make him sick and then administer an antidote.

Professor—Don't waste any more time here; hang out your shingle. New York Weekly.

MAGISTRATE

Two Theft Cases and One Vagrant, Besides Usual Number of Drunks now in Jail.

The police were active on Saturday and when court is held this morning the presiding officer will have a variety of cases to deal with. These include the usual quota of drunks supplemented with a case of theft and a vagrancy case.

A young man from the North Shore was arrested on Saturday on a warrant issued by Col. Maltby, magistrate of Newcastle. The charge is theft. The young man was employed at construction work in Newcastle, and his operations were suspended for some time and the man was out of work. When the work was resumed he was not taking the friends overcoat, unknown to the friend at the time, however. But before leaving he wrote a note saying that he was taking the coat and on reaching here would put it in the case and return both articles to the owner through a relative of the owner who resides in this city. Fearing that his property was gone for good, however, the owner reported the matter to the Newcastle police and a warrant was sworn out for the arrest of the young fellow and before he could get in touch with the relative here of the owner of the coat and have it returned the man was placed under arrest on Saturday night.

Another case of theft in which an other coat, this time a lady's coat, plays a leading part terminated Saturday in the arrest of William Harty, who was taken on suspicion of stealing the coat. The garment was the property of a woman who while calling on a friend in Germain street left it in the hall. The coat had disappeared when she went to look for it. It was finally located by Detective Killen having been sold by the person who stole it from the house.

In addition to these cases one of vagrancy and a number of inebriates will face the magistrate at this morning's session.

ASSISTANCE TO FARMERS

New Brunswick Fruit Growers Association Fills Long Felt Want—Nursery Supply Best Trees.

The New Brunswick Fruit Growers Association continues to do good work for the fruit growers and in creating a steady interest and increase in co-operative effort. During 1912 and 1913 the association supplied its members with nearly 20,000 fruit trees, most of which were sold at 22c, 23c, 24c, and 25c, per tree, and also with several thousand small fruit trees. The nurseries in New Brunswick and Nova Scotia have been supplied by the association with scions and buds taken from good bearing trees of the varieties most in demand in the province and consequently the supply of maritime grown trees of the best varieties true to name available for planting in New Brunswick in the spring of 1914, is practically twice as large as three years ago.

As the bulk of the trees placed throughout the province annually by agents are sold at prices ranging from 20c. to 45c. and even to 50c. per tree, it is easy to see that the association is saving its members hundreds of dollars in the purchase of their fruit trees. By ordering nursery stock in large quantities, the association gets the very best the nurseryman has to offer and gets it at wholesale or the lowest possible price, as the agent's commission and expenses are omitted. In a similar manner, a large quantity of spraying materials consisting of lime-sulphur and lead arsenate were purchased from Nova Scotia by the association and distributed to its members at cost price. Other supplies such as pruning tools and packing appliances and materials, etc., are secured at cost price on request.

For full information and annual reports, write to: The Secretary, New Brunswick Fruit Growers' Association, Fredericton.

MUST CAST OUT KILLER

Earl Weedleton, of Yarmouth, Found Beneath an Overturned Car—Believe He Lost Control.

Yarmouth, N. B., Nov. 8.—Another fatal automobile accident took place sometime during the night, when Earl Weedleton, about 20 years old, lost his life. A man named Babine, who lives in Salem, as the southeastern part of the town is called, was going home this morning a little after 5 o'clock and found an auto turned upside down at the side of the road. He found Weedleton pinned beneath it, dead. How the accident happened probably never will be known.

The young man had been driving around town all the evening, and at the close of a yacht club "smoker" he went to the club house, picked up the caretaker and at 2:30 started to take him home to Arcadia. He did so and started back home at once, and the car dashed across the road and turned turtle. An inquest will be held tonight.

RICHIELED SUBJECT, OF FORCEFUL LECTURE

The winter course of lectures under the auspices of C. M. B. A. 134, was inaugurated last evening in the society's room Union street. The opening lecture proved an auspicious beginning for the season. The attendance was large and the lecture interesting. The lecturer was His Honor Judge Carleton, of Woodstock, his subject being "Richelieu, the Play."

Judge Carleton, a familiar figure of the lecture platform in this city, was as usual at home with his subject. His treatment of it showed careful study of the famous play and his explanations of the different passages showed his intimate knowledge of the place, while his eloquent reading of the play, the lecturer's eminent churchman and statesman.

At the close of the lecture a hearty vote of thanks was accorded to the lecturer. The next lecture of the course will be given by Rev. Dr. O'Reilly.

Legal Procedure.

The Shiner had been weighed in the balance and found wanting. Whereupon the attorney for the Shiner filed a motion for a new trial on the ground that the scales were out of order.—Cincinnati Enquirer.

WAS SUBJECT TO SEVERE BRONCHITIS.

Doctors Only Gave Temporary Relief.

Dr. Wood's Norway Pine Syrup CURED HIM.

Bronchitis is generally the result of a cold caused by exposure to wet and inclement weather, and is a very dangerous inflammatory affection of the bronchial tubes. Neglected bronchitis is one of the most frequent causes of consumption, so cure it at once by the use of Dr. Wood's Norway Pine Syrup.

Mrs. C. G. Dring, Hamilton, Ont., writes: "Our little boy has been subject to severe bronchitis ever since birth, and different doctors claimed to be only able to relieve him temporarily. A neighbor advised us to use Dr. Wood's Norway Pine Syrup, so I got a bottle, and after he had done and a decided change, so kept on with it, and a couple of bottles were enough to completely cure him. Now we always keep a bottle on hand, to give it to him as soon as we notice him troubled with a cold, after which it disappears as if by magic. We recommend it to all our friends who find it is just as good as I say."

Price, 25 and 50 cents a bottle. Be sure and get the genuine "Dr. Wood's" when you ask for it. Put up in a yellow wrapper, three pine trees trade mark, and manufactured by The T. Milburn Co., Limited, Toronto, Ont.

FUNERALS.

MRS. NORMAN C. SCRIBNER

The funeral of the late Mrs. Norman C. Scribner of Kingston, N. B., was held at the parish church on the afternoon of Friday, the 7th inst. The deceased was fifty years of age and was a daughter of the late Philo Northrop. She had been suffering almost constantly for more than a year when death came on Tuesday last. Her funeral was attended by a large number of relatives and friends. Besides her husband she is survived by four brothers, Frank S. of Kingston, Norman of Wallaston, Mass., Charles of New York and Ernest of Naubia, and by one sister, Mrs. Jennie Prince of Framingham, Mass. The sympathy of the entire community goes out to the whole family in their bereavement.

The funeral of Mrs. L. W. Drew took place Saturday afternoon from the residence of her niece, Miss Spike, Fairville. The service at the house was conducted by Rev. W. P. Dunham. The body was taken to Musquash for interment.

CAMPBELLTON MAKING FAST PROGRESS NOW

Railway Man Believes in Future of North Shore Town—Country Developing at Rapid Rate.

"I'm sorry that I haven't any news about Campbellton; I haven't been there for a couple of weeks," said Thomas Malcolm, who arrived in the city yesterday.

"Oh, yes, a couple of weeks is a long time in the history of an enterprising and growing place like Campbellton," he added. "Campbellton has a larger population today than it had before the fire, and the rebuilt town covers nearly three times the area of the old one. The town is going ahead like the rest of Canada."

"It is really remarkable the way this country is going ahead. The railways are having their work cut out for them to keep up with the development of the country. When anybody builds a railway through a wilderness in Canada, people say, 'he's a fool to waste his money.' Then in a few years the railway is a connecting thread between a whole string of thriving towns and getting all the traffic it can handle, and people shrug their shoulders and remark, 'Well, the railway man was a fool not to build that road years before he did.'"

Mr. Malcolm just returned from a trip to Montreal, Toronto and other places. Asked how he found business conditions in the big cities, he said he found most business men confident over the outlook.

Speaking of the Intercolonial Railway, Mr. Malcolm said the district served by the road was being rapidly developed, and that the road had had a very successful year, and was at present handling a great deal of traffic. The country through which the road runs is capable of considerable development, and quite a number of Frenchmen from the Province of Quebec as well as from the county of Madawaska are settling along the road.

In regard to the lumber industry at Campbellton, Mr. Malcolm said that about 130,000,000 feet of logs had been taken through the booms this year, and that perhaps an additional 50,000,000 had been cut there. Several drives which had been held up last year were got out and cut this year.

Mr. Malcolm, who is at the Royal, is accompanied by Mrs. Malcolm.

Viola Allen scored her greatest success in "The White Star" which she acted at the Opera House tonight.

CRUBBING

is well begun and half done when you start it with — Old Dutch Cleanser

IT's a whole lot easier to stay up than it is to get up. Put Big Ben on the job, he'll see that you do get up on time. He rings five minutes steadily, or ten minutes intermittently.

Big Ben is made in LA SALLE, ILLINOIS, U. S. A. by WESTCLOCK. He's easy to wind, easy to read, and pleasing to hear. Price \$3.00 anywhere.

There's Only One True Medicinal Whiskey

and there's none other that has accomplished the wonderful results accredited to

Duffy's Pure Malt Whiskey

The dealer who attempts to sell you something else, knows down deep in his heart that he is practicing dishonesty for the sake of greater profit, regardless of your health and general well-being.

Insist that he supply you with the one whiskey you can be certain is made for medicinal purposes only. Duffy's Pure Malt Whiskey is an absolutely pure distillation of selected clean grain thoroughly malted. It is a remedy that merely assists nature to perform the necessary functions without forcing or injuring the constitution. It's stimulating and strengthening qualities have been testified to by thousands of men and women in all walks of life. Don't say: "Perhaps I shall feel better tomorrow"—Buy a bottle today.

Be sure you get the genuine

Sold in sealed bottles only by most druggists, dealers and hotels. The "Old Chemist" head is on the label, and over the cork is an engraved seal. Our name is also blown in the bottle like illustration. Write for medical booklet and doctor's advice, both sent free.
