First drive-in milk store will open in September

Mississauga's first drive-in milk store at Lorne Park Road and Albertson Crescent will open in September.

The store, a bright red and white building with what looks like a silo in front of it,

will be the fourth store in a chain being built in the province by Dairy Barn Stores.

Customers will drive in and survey a menu. An attendant will come out and take the order and return

with the purchases.

The store will carry such normal milk store lines as bread, baked goods, cigarettes and soft drinks but will not handle canned goods or hardware.

Store hours will be 7 a.m.

to 11 p.m. seven days a week.

The publicly-owned Dairy Barn group is connected to a private company of the same name in the U.S., which owns five per cent of the stocks in the Canadian firm.

The American company, based on Long Island, has 54 stores in the U.S. and does a \$20 million annual business. Company officials believe the outlet will be able to serve customers in an average time of 90 seconds once residents become familiar with store procedure.

Sheridan enrolment soaring

Student enrolment at Sheridan College is expected to exceed the predicted figure of 2550 by almost 300 students in September.

The college is gearing for 2800 students for the fall and winter semester. Last year 2200 students attended classes at the seven campuses in Peel and Halton.

Registrar John Bromley said the college has received 2,100 first year student confirmations already and 700 returning students are expected.

Porter said the growth rate was the highest to date for the college and attributed it to "the high quality of programs developed to meet students needs and to the effective relationship between college and community."

Harvey Brunskill Stewart

Harvey Brunskill Stewart, one of Cookville's oldest original residents, died at the Chelsea Park Nursing Home last Monday.

Stewart born 85 years ago in Cookville, had lived in the area all his life and operated a fruit farm in what is now Applewood Acres. It was located on the Middle Road the predecessor of the six lane Queen Elizabeth Way. He retired in 1957 and lived on Kirwin Avenue in Cookville for 13 years before moving to Brampton. A series of recurring strokes forced him to live out his remaining years at the Chelsea Park Nursing Home on Hurontario Street.

Stewart is survived by his wife of 61 years Laura, as well as five children, 14 great grandchildren and 11 great grandchildren.

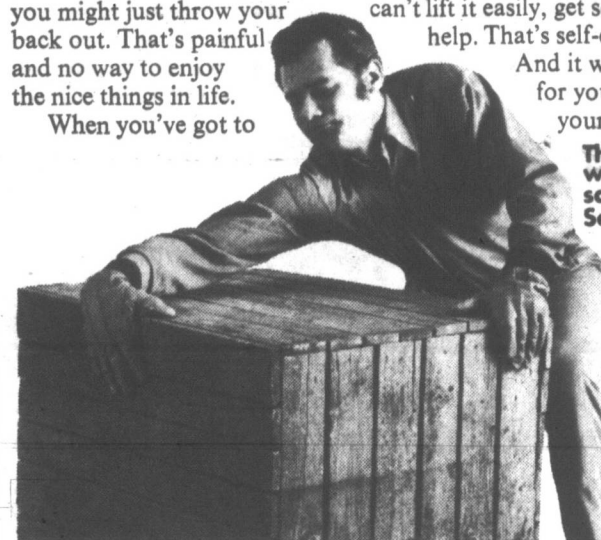

Funeral services were held Aug. 25 at the Turner and Porter Peel Chapel with interment in Park Lawn Cemetery.

Before you use your back, use your head.

Throwing your back into something means that maybe you might just throw your back out. That's painful and no way to enjoy the nice things in life.

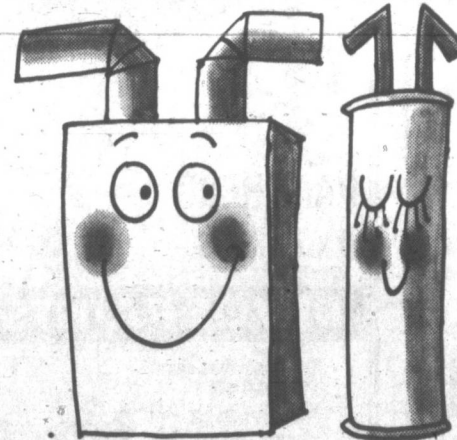

move or lift something, first test the weight. If you can't lift it easily, get some help. That's self-defence. And it works, for you and your family.

We bring oil furnaces and water heaters together.

The ideal companion for your furnace is one of our Texaco oil powered water heaters.

She heats water fast—27 imperial gallons in 20 minutes flat. This may be some kind of record for any kind of water heater. Of course, that's the edge you've got with oil. It's much faster than gas, and considerably faster than electricity. And very dependable.

How much will your Texaco oil powered water heater cost? You can rent the average installation for pennies a day, secure in the knowledge

that parts and service will be provided free for the life of the unit.

The Texaco oil powered water heater. You can't beat her. Why not call us and see? We're
