Ottawa, July 5, 1926

Dear Sir:

I am directed by the Prime Minister, who is extremely pressed with work incidental to the formation of a Government and an appeal to the people, to acknowledge your letter of the 29th June, and to say in reply that he has no knowledge of any intention on the part of the Canadian Government to appoint a Canadian Consul at Tampa. Should such an appointment be made your representations will, of course, receive every consideration.

Yours very truly,

Private Secretary.

H. J. M. McLean, Esq.,  
Tampa,  
Florida.
