

Feed and fodder for live-stock,
Aid in marketing of live-stock, or
in moving them to pasture areas
elsewhere,
Assist farmers in purchasing seed
for new crop;

(b) long-term measures -

Under Prairie Farm Rehabilitation Act, projects
undertaken to develop and conserve water
supplies; formation of community pasture
areas where lands are not suitable for
cultivation; removal of families from
unproductive areas to good lands else-
where; studies of soil and education re
treatment of soil;

(7) Housing:

Plans of Government now being put into operation,
largely based upon recommendations of
Employment Commission;

Throughout depression years, no industry suffered
more severely than building, with con-
sequent effects upon housing accommodation
and living conditions throughout Canada;
